COUNSELLING SKILLS WORKSHOP Mon. 15th May - Sat., 20th May.

Many individuals now working in the helping professions find that
 they do not have appropriate skills from their early training to
 meet the needs of the people who come to them for help. As the
 role of people such as mental health nurses, community nurses,
 drug addiction counsellors, parole and probation officers and
 welfare and personnel officers expands and changes, increasing skill
 is required in clarifying the basis of counselling skills.

(MORE INFO, & ENQUIRIES, AMENITIES OFFICE)

⑤

In the last five years a number of programmes have been built by people such as Carkhuff and Kagan, who have treated the elements of human communication such as empathy, genuineness, confrontation, as skills which can be trained in the same fashion as other aspects of personality which are more normally thought of as skills. In order to do this a series of training sessions are required to teach the very fine discriminations which differentiate between the effective and ineffective counsellor. As part of this process participants will be shown films and video segments which provide the basis for making these perceptual differentiations and will be invited to participate in discussions and counselling in which they and others evaluate their own responses. Because communication is a complex set of skills we will work up from elements such as those mentioned above to some of the more complicated interactions which go on in normal counselling.

This Workshop is not the same as a personal growth group. We expect and have found from past experience that participants, in learning these skills with each other, become used to working on their own personal growth and increasing their own awareness of themselves in relation to others, though the emphasis is on attaining a set of skills. Self revelation and emotional involvement, although they occur from time to time, are not expected to be either as intensive or as great as they would be in an encounter group. Experience of this type of learning has shown that human communication skills training may well be used by people as a preliminary to human relations group training.

MOTORCYCLE CLUB

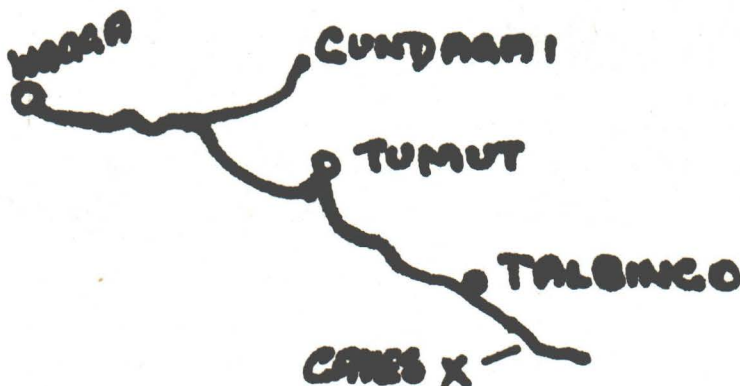

The Motorcycle Club will be having a one day run. All interested Students are welcome to come.

WOMENS' HOCKEY RESULTS FROM SATURDAY

R.C.A.E. (1) drew with Comets (1) - 1 all.

This team should develop into a good combination as the season continues if they continue the good hockey they've played in the last two weeks.

R.C.A.E. (2) defeated Junee (4) 4 - 0.

A good win with the team again developing into a good combination.

Could all girls please tell Robin Webb-wagg your umpiring qualifications this week, even if you are not willing to umpire. They are needed for our entry forms.

R.C.A.E. SOCCER

Sunday 23/4/78 - A great day for the reddies. From four games of soccer we had 3 wins and a draw. The results were:-

Men - First Grade - R.C.A.E. 3 bt. Burns Park Rangers 0.

2nd Grade 5 bt. Junee 0.

Women - Red - R.C.A.E Red 4 bt. Junee 0.

White - R.C.A.E. White 1 drew with Ashmont 1.

This consolidates the first team's position as competition leader and also overall the club championship.

This Tuesday, 25/4/78, the Club is having a Car Rally to celebrate Anzac Day. Starts from Sth. Campus Gym promptly at 10.15 a.m., so bring your meat for the B.B.Q. afterwards and your dollar entry fee (goes towards prizes). Booze will be for sale at lunch.

RULIES NEWS

Well Sat. saw the first crack the first of many wins for the season, and the seconds put up a great fight against the top side to narrowly go down, and the boys looked set coming into the last quarter with a quick goal to them, only 3 points down but I think the ball took it's toll as we faded towards the end of the quarter to go down 6.7.95 to 7.13.55. The Pewter was won by Steven Knox (Colin Anderson - I suggest you see Steve as I think he has great potential as an actor).

Well the firsts brought off a big win to the great pleasure of all the Graduates. The win was made to look easy in the last quarter as our fitness and handball took us to a great win 14.16.100 to 9.10.64 - let us keep it up boys as I think now both sides are beginning to click with good team play by both sides.

The Pewter winner for the firsts was Neale Bruce (Brucy next week let somebody else win it please !).

This week - Tuesday (Anzac Day) - 2 up and keg - 2 p.m. at Sth. Campus Gym. Wednesday Meeting 8 p.m. Tolland Meeting Room. Saturday - Hopefully a double win at Junee.

On Saturday night the 400 club was drawn with the winners being:-

| | | |
|-----|----------------|-------|
| 1st | Mrs. Vogan | \$100 |
| 2nd | Heather Bishop | \$50 |
| 3rd | Mrs. Bishop | \$20 |

TENNIS MEETING - Thursday, 27th April - ALL WELCOME

THE U.B.M. IS VERY DISTRESSED about the rapidly rising level of damage being done to the Union and it's furniture, and the untidy way the Union is being left by students.

FINES WILL BE IMPOSED on anyone found damaging or removing Union property, and the fines will be fairly large, as a deterrent to this type of behaviour. So please look after your Union.

Peter O'Connor, Pres.

Environment

Where are our priorities?

In 1970 the United Nations General Assembly recommended that the goal of each developed country should be to contribute a minimum net amount of 0.7% of its GNP for international aid. Australian ranks 4th highest in the world with its contribution of 0.66%. However, last year we spent more on pet food than overseas aid.

Energy

The rate of consumption of energy is currently doubling every 11 years. Yet there is not the energy available (even using all the nuclear power plants that are planned to be built.) The Bass Strait locks like running out of oil sooner than the geologists thought. Already the rate of oil extraction from the deposits has stopped increasing. This was not expected to happen until 1982. Push bikes are better than buses. Buses are better than cars - small cars are better than big cars

D.D.T.

The eggshells of native Australian birds in Western N.S.W. and Mt. Lofty in Sth. Australia were observed to be very thin and broke easily. The cause was found to be the concentration of D.D.T. in the eggs.

After whole populations of peregrine falcons became extinct in regions of the United States, D.D.T. sprays on crops were made illegal. In Australia D.D.T. can still be legally used.

Are we going the wrong way?

"If we are to continue to inhabit the Earth there will have to be a revolution in the relationship of man to the earth and man to man. A society committed to growth for growth's sake and production for production's sake not only pits man against the natural world but also man against man because of the inherently competitive nature of the enterprise".

Prof. Charles Birch.

THE ENVIRONMENT CLUB will be meeting on Thursday 27th at 12.00 in the Information Exchange in the Union. A video about population, Ecology and Resources (starring Paul Ehrlich) will be screened/ Everyone is welcome.

ATHLETICS CLUB - There will again be a social jog around the cross country course on Thurs. 27th of April, starting at 12.00 noon - from the Gym. Just emphasising this is a social run, not a competitive run - so now some spirit and have a go.

COLLEGE BUS SERVICE

The S.R.C. is looking into the possibility of having bus services provided for lectures beginning 8.00 a.m. Mon. - Frid. and lectures ending 9.00 or 9.30 p.m. Mon. - Thurs., as no bus services at present are operating for these times.

We need to know how many people would use these services as the Administration will not put them on if we cannot give them reason to believe that it will be warranted.

As students, many people do not have their own transport and so must rely on the College bus service. The S.R.C. has received complaints of the services being inadequate, so to improve these for the students we need your help.

Any people who would use the buses for the above mentioned times, could you fill out the form below and leave at the Student Amenities Office. Any suggestions would be welcome, and I am prepared to discuss these.

Gary Tilley, S.R.C. VICE-PRES.

I am interested in using the bus service at the following times:-

| | | | | |
|--------|-----------|-----------|-----------|-----------|
| Mon. | 7.30 a.m. | 7.00 p.m. | 9.00 p.m. | 9.30 p.m. |

| Wed. | 7.30 | " | " | " |
| Thurs. | 7.30 | " | " | " |
| Fri. | 7.30 | " | " | " |

Please tick the appropriate time and leave at the S.A.O./Information Exchange in the Union.

ALL LIBRARY SCIENCE STUDENTS - There will be a SLAG meeting this Thursday, 12 noon, in the Library Hut.

Refreshments will be available.

P. Dominick,
for SLAG FACULTY CLUB.

THE UNION HAS PURCHASED A NEW LAWN MOWER WHICH IS AVAILABLE FOR STUDENT USE. AT THE TIME OF PICK UP THERE WILL BE A \$5.00 CHARGE AND A \$4.00 REFUND IF THE MOWER IS RETURNED IN GOOD CONDITION. THIS MEANS THE USE OF THE MOWER IS ONLY \$1.00.

PETER O'CONNOR, Pres. U.B.M.

Thursday night this week there will be short periods throughout the night of 1/2 price grog. This is to give the students some visible return for their funds, so could as many as possible be present.

P . O'CONNOR, Pres.

PLEASE NOTE BELOW - Sunday is available - make use of it. Following complaints, received by the S.R.C., we have negotiated with Administration to increase the C.R.CF. hours. The C.R.C. is now open at the following times:

| | | | | |
|---------------|-----------|---|-----------|------------------------------|
| Mon. - Thurs. | 9.30 a.m. | - | 8.00 p.m. | <u>Sun.</u> 2.00 - 5.00 p.m. |
