**TEA AND SCONES FOR THE BOYS**

If you want to see one of the top line shows of the year then go and see this very entertaining show this week.

The production is very entertaining, full of all those old time favourites which everyone knows and the cast are very enthusiastic in their presentation.

As this is the last week make a point of seeing this very well done production.

T.T.A.

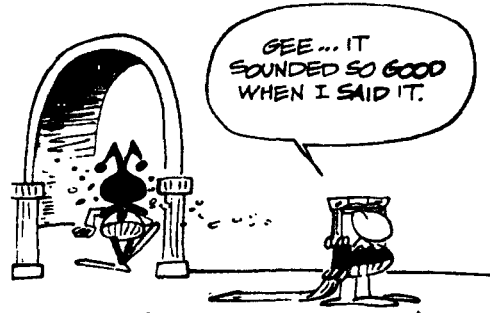

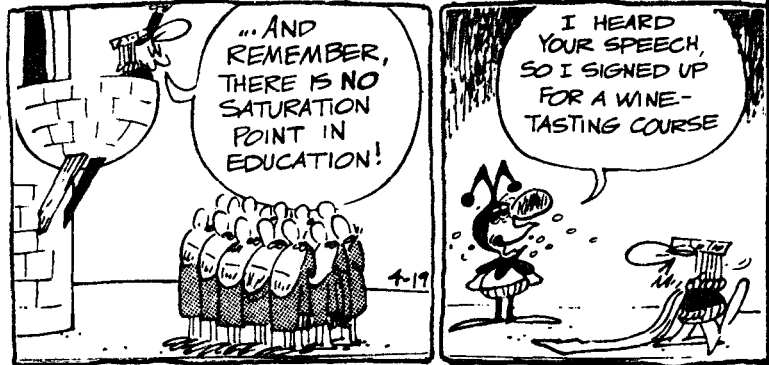

The NSW Teachers Federation Trainee Teacher Association (TTA) rep Jim Jane will be speaking in the Union this Thursday lunch hour.

If you are doing Teacher Education then it is well worth your while to hear what the Federation has to say about prospective jobs, casual teaching, discrimination etc.

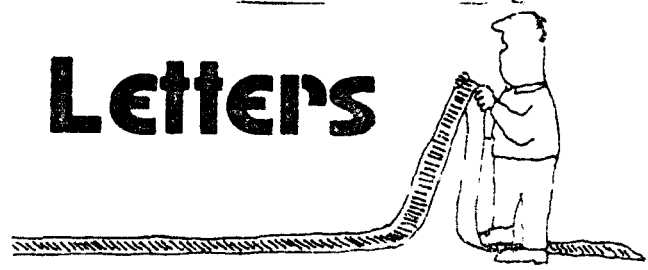

Jim starts speaking from about 12.30pm.

**CAREERS WEEK**

Jim Zeiber has organised Careers week this week to assist students in obtaining work when they finish their studies.

## PAUL KELLY AND THE DOTS

Paul Kelly and The Dots return to campus this Thursday nite for a one-nite stand.

Paul Kelly is one of Australia's foremost rock'n'roll songwriters and he has penned "Billy Baxter" and "Only the Lonely-Hearted" (for Jo Jo Zep and the Falcons)

The Dots have made a name for themselves around the inner-city pubs in Melbourne.

Their last appearance at Rivcoll was for the 1979 Inter-Col rage before a packed auditorium of 900 people.

Paul Kelly and the Dots have established a fine record for good sweaty rock'n'roll.

Admission is just \$2.00 - great value!

## "NO GREAT SHAKES"

E<sup>2</sup> have pulled another coup! They have secured the services of a rather unique support act for Paul Kelly and the Dots.

If you like rockabilly and you don't like Shakin' Stevens - then you'll like "No Great Shakes"

Mick Genner has put together a little rockabilly outfit especially for Thursday nite.

So get there early for a good time.

## ENTERTAINMENT POLICY

You may have noticed a recent change in entertainment policy.

E<sup>2</sup> have decided to subsidise the "big" nites which usually involve presentation of an interstate band by levying a token charge for local bands.

This charge seems to have been appreciated by students and so it will continue for the rest of the semester.

It must be appreciated that the costs of presenting entertainment have risen steeply in the last six months.

For example, here is a breakdown of costs and receipts for the recent Dee Minor gig on Xenogenesis Day:

Band	\$1250	Receipts \$	985
Support Band	180		
Hire of P.A.	30		
Accommodat.	130		
Door Control	120		
Miscell.	30	Deficit	755
	<u>\$1740</u>		<u>\$1740</u>

As you can see entertainment does not come cheap.

It is the policy of E<sup>2</sup> to present the best possible entertainment and to cater for as many students as possible.

So that one dollar you pay at the door next time for a local band will help to subsidise the likes of Dee Minor and The Dots.

## FILM CLUB

The Film Club's AGM went very well last Sunday nite prior to the screening of films.

It was particularly pleasing to have a number of film enthusiasts keen to take on executive positions and generally assist with the presentation of the film programme.

The new executive consists of President - Peter Doyle (Pothole) Vice Pres. - Danny Austin, Treasurer - J Alison Bond, and Publicity Officer - Nigel Phillips.

The Film Club invites suggestions on the selection of films for next year and advises helpers are always needed on a Sunday nite.

This year's film programme has been excellent and it is to be hoped that the same high standard can be maintained.

The films to be shown next Sunday nite at 7.30pm in the Swan Theatre are the blockbuster "Mad Max" and "Hooper" (starring Burt Reynolds)

## BUSHPIGS

The Bushpigs Banquet and AGM were both successful "events" last weekend.

## Activities Officer (Cont)

Congratulations and all the best to the Pigs' new executive - President - Ro Sharrock, Secretary - Alan Munro, and Treasurer - Alan Petts with Brian and Marg Bates as Vice-Presidents.

The Bushpigs are going to really need to recruit if they are to fulfil their commitment to field two teams next year.

Congrats to "The Giant" - Phil Rava on another outstanding sporting achievement - Most improved for the Bushpigs Seconds.

Actually Phil's come a long way in football since he won the Most Improved Trophy for Marion Dons Under 12's in 1967!

He has won five most improved trophies since!

## SPORTS FIELDS

A reminder to all clubs, groups and individuals that they are required to book sports fields through me. The request is then conveyed to Don Thompson of the College's Ground Staff and if approved the booking is then confirmed in the Bookings Book in the Union Office.

## SPORTS INSURANCE

While on sport, students should note that whether they are playing intra-mural or international sport that they are covered by the Rivcol Union under the A.U.S. Sports Accident Insurance Scheme.

Please see me for details and a claim form.

## INTRAMURAL TOUCH FOOTY

The Rivcoll Touch Tarts are calling for entries for the Spring Semester Touch Footy comp.

It is proposed to play the comp. on Thursdays during the common lunch-hour from 12.30pm

Teams may consist of eight players on the field at once with unlimited "inter-change" but there must be at least three females in each team.

Touch footy can be a lot of fun and intra-mural sport is designed to involve students in exercise - the emphasis being on participation not competition.

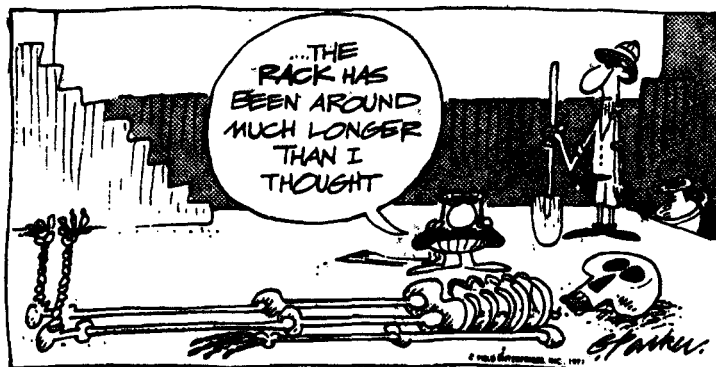

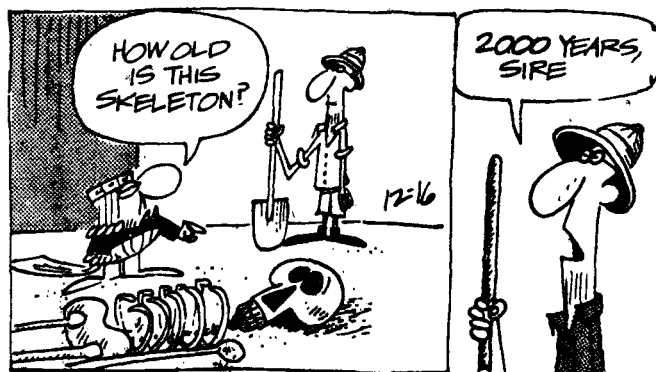

Please get your entries to me or Denise Fleming by noon on Friday as the Comp will start on Thursday week (Oct 22)

## SQUASH

There are still vacancies in the "Intro to Squash" leisure studies programme.

Sessions are held on Mondays 4-6pm at the Squash Courts and are conducted by proficient members of the Squash Club.

Please see me to enrol - it costs \$5. which includes court time, squash rules booklet and membership of the Squash Club.

## FORUM

WHERE: UNION

WHEN: Thursday October 15  
at 12.30pm

SPEAKER: Jim Jane, TTA Organiser

The Teacher's Federation is the Union of teachers. The trainee Teachers' Association protects the trainee teacher.

Jim Jane the State Co-ordinator of T.T.A. will be visiting RIVCOL this Thursday (15th October) to talk about T.T.A. and what it's doing for you. Jim has been most instrumental in the winning of appeals for justified students.

Recently, one student was granted full accreditation and able to

successfully transfer to another College rather than having to repeat a semester she had officially passed out due to attendance requirements was failed by the institution. After contacting her union, (T.T.A.) Jim was able to liaise with relevant bodies resulting in pressuring the College to granting an appeal hearing which the girl eventually won.

Jim will be in the union during the common lunch hour so all interested please come along.

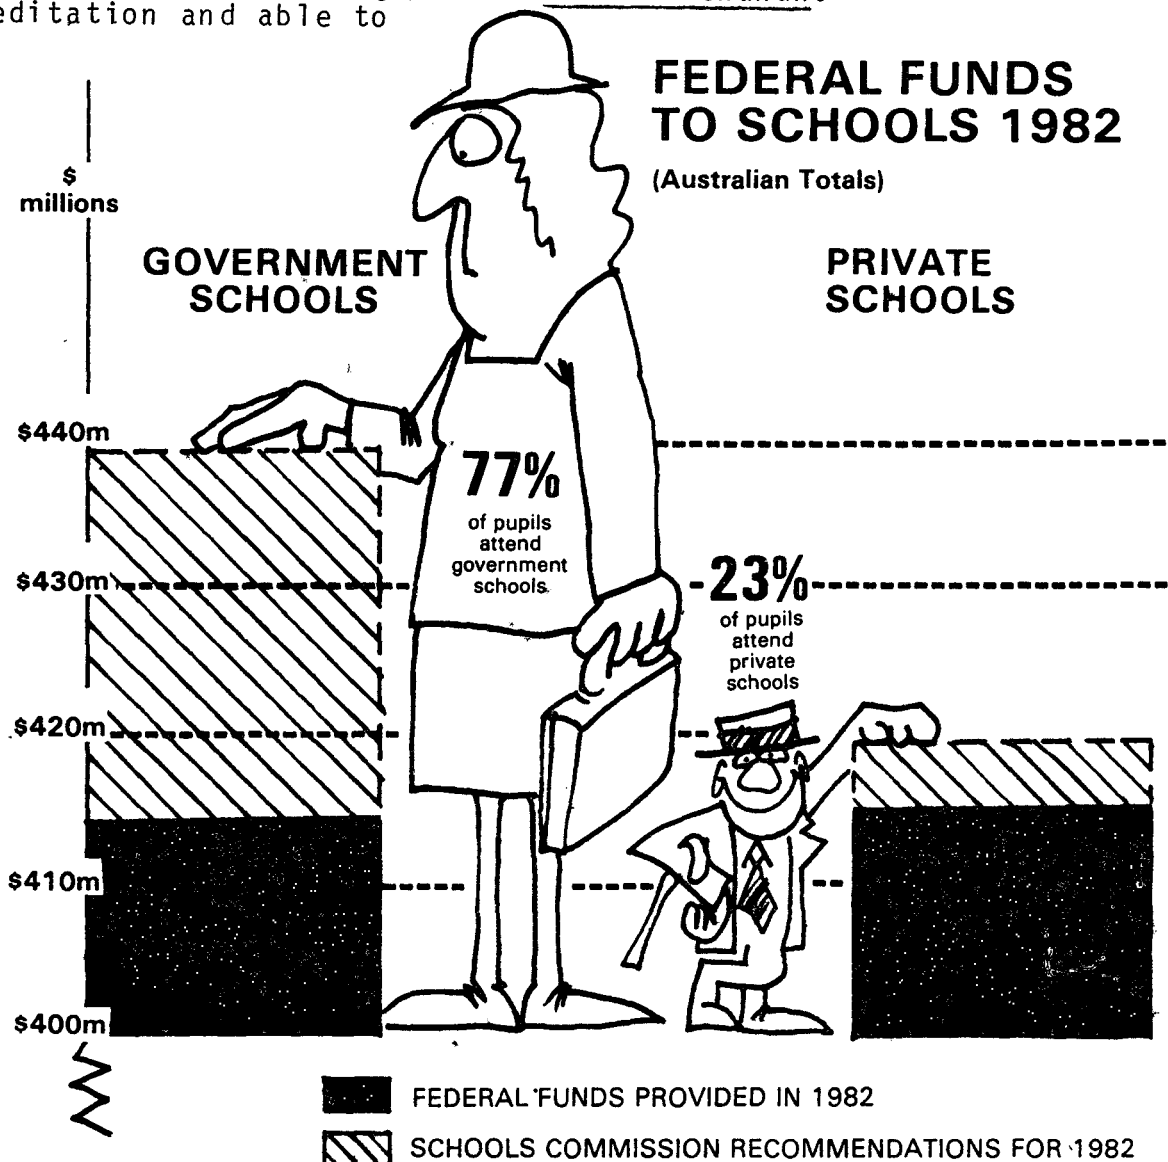

NOTE: 3rd year education students should find out union requirements with regards seeking employment in 1982. Remember Teachers Federation has compulsory membership and non-union labour is not employed by the Education Department. This includes part-time and casual teachers. so final year ed. students are strongly advised to attend.

Union is strength, find out what's happening state wide, T.T.A. is your union - get involved.

Helen Buchanan.

# EXECUTIVE OFFICERS REPORT

## Enrolment Verification Fee

The Finance and Personnel Committee of the College at its meeting on 29 September rejected my submission regarding the validity of the fee charged to re-establish a student's enrolment.

Most members of the committee are obviously not aware of the distinction between a fee and a fine.

There is a substantial difference between fees and fines as evidenced by the provisions of the College of Advanced Education Act, 1975 and the College, Bylaws.

1) A student does not have the right to appeal against a fee which has been imposed in accordance with the Act and Bylaws and there is no reason why the College would want the enrolment verification charge to be regarded as a fee.

2) A student has the right to appeal against a fine imposed by the College and there is a well defined administrative procedure which has to be followed (a paper is available on this matter for those interested)

Few would argue that fines should not be imposed, where the situation is warranted. It is my contention that students who disobey a directive of the Registrar should be fined but should have the right to appeal.

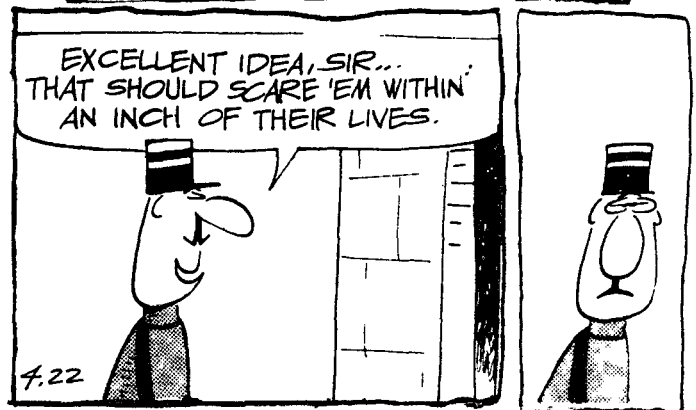

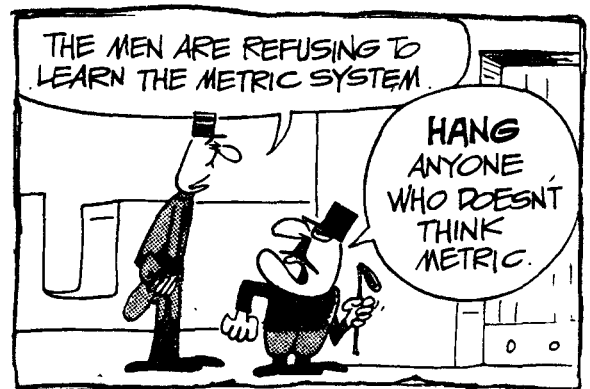

It is obvious that the imposition of the enrolment verification charge is in the nature of a fine and not a fee. This was well demonstrated by the fact that every speaker on the issue at the Finance and Personnel meeting spoke of "penalty" and "disciplinary action".

However, the committee has decided in spite of the above, that the charge shall stand as a fee. It could still be contended that the College does not have the right at law to levy such a fee and cannot give itself the right.

Those students affected will probably be advised to pay up or else in the near future. To those students my only advice is:-

1) If you want to take your case any further call in and see me and representations will be made on your behalf.

2) If you do not want to take your case any further - pay up.

## Reintroduction of Tertiary Fees

The Department of Education has recently released guidelines for the reintroduction of tertiary fees in 1982. This document confirms recent speculation that the Federal Government is backtracking from its original intentions, in that there are a host of exceptions and exemptions.

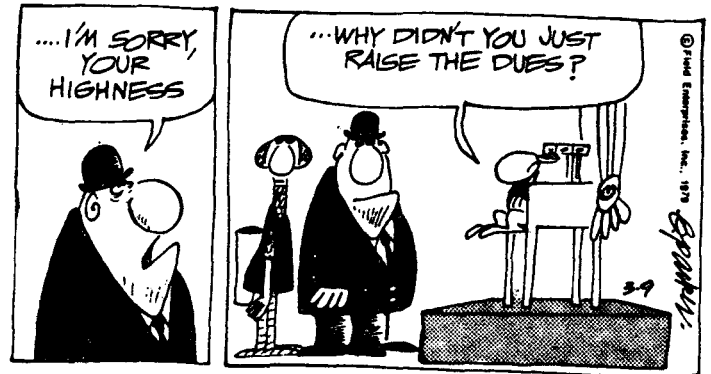

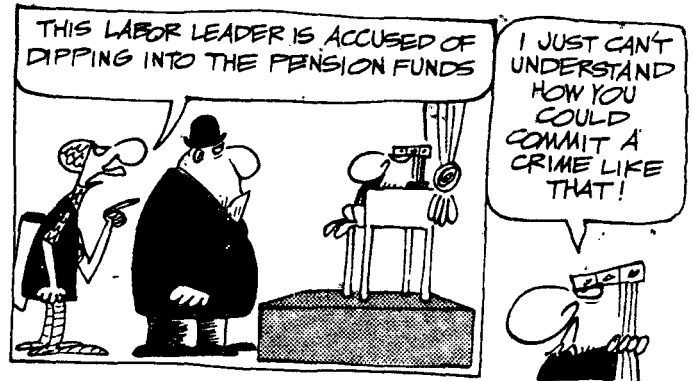

## EXECUTIVE OFFICER'S REPORT Cont.

It is almost impossible to summarise this document which means that the policy guidelines are quite complex and in many instances, very confusing. Perhaps the best way to state the government's intentions in one or two lines is:

1. If you already have a tertiary qualification at degree or diploma level and wish to study for a further degree which is not a recognised end-on qualification or an upgrading of an existing qualification then you will pay fees. eg. if you have a degree, in, say business studies and then wish to study law at a degree level, then you will pay fees.

2. It seems clear that the main thrust is to establish the mechanism for collecting fees and administering a loans scheme. Once the machinery is established, then the Government can implement its unstated intention to introduce tertiary fees for all students.

3. To set up the mechanism to collect fees and administer loans Colleges and Universities will have to deploy existing staff because they are not funded for additional staff. This will result in areas such as student services being scaled down to staff fee collection - fewer counsellors, advisors, doctors, nurses, and other student support people - the student pays more and receives less - another perversion of the Fraser style of the redistribution of income and wealth.

### Some Institutions Have Got It!

Avid readers of recent education thinking will already be aware that the Senate of the University of Sydney and the University of New South Wales have refused to collect fees for second and higher degrees. The University of New South Wales has also called on the Australian Senate to investigate a comprehensive inquiry into all forms of student assistance.

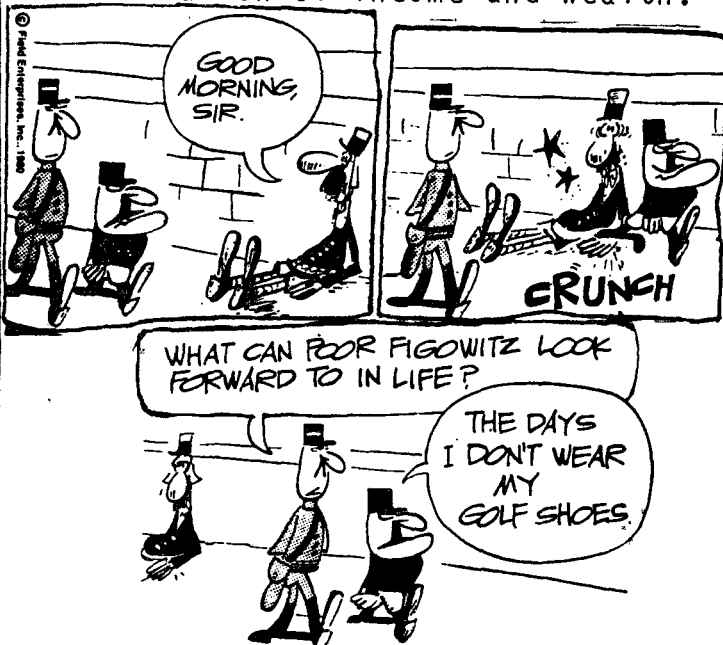

Riverina - where do you stand?

\* I am prepared to bet a week's pay packet that the College will not pass the following motion:-

"That the Council request the Principal to advise the Commonwealth that it is unwilling to implement the collection of tuition fees for second and higher

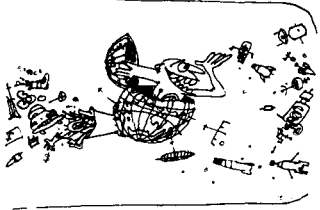

If the College does pass the above motion then the money will be paid into the Needy student loan fund of the College.

Spend your Christmas Holidays in Tropical Bali.

Not only is Bali the tropical paradise that we've all heard about - superb beaches, cheap living, great food etc. It also offers a rich and unique culture, which adds greatly to its beauty.

Of all the Islands of Indonesia, Bali alone is Hindu, which has resulted in a friendly people, with an unhurried lifestyle and amazing hospitality

Tourism is now big in Bali and has of course, had a considerable impact on the island. However, it has largely been contained to Kuta and Sanur. Thus, the visitor can enjoy all the pleasures and comforts of these places, and still see the real Bali with its temples, villages and festivals and its smiling people.

Definitely one of the most relaxing and beautiful places to take a holiday.

## INTRAMURAL TOUCH FOOTBALL

If enough interest is shown, there will be an intramural (ie fun) programme of touch footy run on Thursday lunch times for the remainder of the semester. Previous touch footy comp's have been enjoyed by all who participated, and all that exercise is a great excuse for spending the remainder of Thursday arvo's quenching your thirst!

So organise yourselves into teams, there must be 8 people on the field at any one time, of whom at least 3 must be females. There is unlimited number of subs allowed so it's a good idea to get about 12 or 15 people in your team. The onus is on you, the teams,, to put some effort in to make this work - ie sharing umpiring, getting to the oval on time, etc. The games will be of approx.30 mins duration, beginning at 12.30 on the main campus oval. Team nominations must be in by Friday noon, so get involved.!

## LAMENT

I had 12 bottles of whisky in my cellar and my wife told me to empty the contents of every bottle down the sink "or else". So I said I would and proceeded with the unpleasant task.

I withdrew the cork from the first bottle and poured the contents down the sink, with the exception of one glass which I drank. I pulled the cork from the second bottle and did likewise with the exception of one glass which I drank.

I repeated the process with the third glass except one glass which I drank. Then I pulled the cork

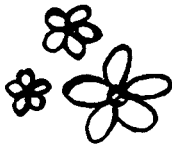

from the fourth sink and poured the bottle down the glass which I drank.

I pulled the bottle from the next sink, drank one cork, and poured the rest down the glass.

I pulled the sink from the next glass and poured the cork down the bottle. Then I corked the sink from the glass bottled the empty and drank the pour.

When I had emptied everything, I steadied the house with one hand and counted the bottles and corks and glasses with the other.. There were 29. To make sure I counted them again as they came by and I had 74. Finally I had them all counted except one house and a bottle which I drank.

# RIVERINA TRIO

# SPRING CONCERT PROGRAMME

## ESTABLISHED

The Director of the Riverina Music Centre, Mr. Roland Bannister today announced the formation of the Riverina Trio, comprising three outstanding young performers on oboe, Flute and Piano.

"This is a pilot scheme, and is a unique 'first' for Wagga Wagga and the Region", Mr. Bannister said.

Members of the Riverina Trio are Albin Berky (Oboe), Julia Fekete (Flute) and Francis Louran (Piano).

Albin and Julia are Czech-born and trained, while Francis is a recent graduate of the NSW State Conservatorium of Music.

All three musicians are in their twenties, and already are performers of outstanding attainments.

The newly-formed Trio will be based in Wagga Wagga and will provide teaching and recital services in the region through the Riverina Music Centre.

The Scheme is a pilot project initially for a three-month period and is the direct result of submissions to Federal and State funding bodies by the Riverina Music Centre.

Funding is being provided by the Premier's Department (Division of Cultural Activities), Riverina College of Advanced Education and the Management Committee of the Riverina Music Centre.

If the Trio's initial residency is successful, funding for 1982 will be sought.

"I'm especially excited by the prospect of involving schools in the Trio's work, in the form of lecture-demonstrations," Mr. Bannister said.

"The music centre also plans to tour the Trio in a concert-giving capacity."

## VOLLEYBALL - TURTLES WOMEN

Once again the turtles volleyball team chalked up another win. The girls last Thursday night showed what some experts call style and expertise. Brenda showed that she couldn't be beaten at the net and Debbie Jones soon dazzled the opposition with her digging style (there is now one large hole at Bolton park). Wendy Hay had trouble seeing over the net but the other team knew she was there somewhere. Kay found her feet off the floor more than on but managed to play a few shots over the net. Keep going girls, we are still on top at the moment. and hope to stay there. There is a bye this Thursday the 15th October.

Yours in volleyball,  
A Volleyturtle.

### MEN:

It was a surprise to see an almost full team turn up. For the players who did turn up. For the players who did turn up, had an enjoyable game. Even though we lost 15-7, 15-9, and the last game scores escapes my memory.

It was good to see Spiro and Reches play for the first time, and had a good game. Hope a few more players turn up so we can have a full team.

### REMINDER

The men's association fees have been coming in slowly, could the people who still have to pay, hurry up and pay so that the accounts can be finalised before presentation night. Fee \$10

### REMEMBER:

To Apse (A-Block - if you want to

bet on a sure winner for this year's volleyball comp, I think you best run a syndicate on the Rugbyettes. By the way they're going, they will be in the final four no worries.. The Rugbyettes reigned supreme over the K.O's by winning 3-0, scores being 16-14, 15-13, and 15-4.

Supporters wouldn't go astray to cheer the girls on, so if you're not doing anything early Thurs night go down to the Bolton Park stadium and experience the delux styles of the Rugbyettes - autographs after the game please. *kezza.*

# SPORTS COUNCIL MEETING

## SPORTS COUNCIL MEETING

There will be a meeting of the Sports Council this Thursday in the Union Office. Time 12:15

Could all clubs please send a representative. If a representative does not attend, your club forfeits voting rights at the meeting.

At the last meeting, it was discussed that if clubs did not send representatives to at least one

meeting, then serious actions may be carried out. This could concern funding. So, how about it, sports clubs, start getting your act together. Just because your season may be finished, that is no excuse to not attend any meetings. So, I will see you all there.

## bikies ...

It has been confirmed that the Riverina College Motorcycle Fun Run shall be conducted on the weekend of the 24th and 25th of this month, which is in fact October.

To this point in time we have not as yet been approached by anyone willing to drive the back-up vehicle.

It must be noted that the driver must supply the ute, and will enjoy themselves. A hat will be passed around for petrol costs of the fore mentioned four (4) wheeled vehicle.

The fun run is at present divided into two categories, Day trippers and Pisspots. Day-trippers will be returning Saturday night while the pisspots will demolish the keg, camp the night, recover Sunday morning courtesy of the Tooma pub, then attempt to return to Wagga.

The big question is however, who is going to be game enough to lend Gobbler a bike to ride?

## CRICKET

The Intramural Cricket season for 1981 will commence Sunday 25/10/81.

There have been five teams nominated including:

CAVALIERS  
AGGIES  
BUSHPIGS  
TURTLES  
BUCKLEYS CHANCE

The draw will be in next weeks BARPH and it is likely that the opening fixtures will be played at the tip oval.

## BUSHPIGS

Well it seems only yesterday that I was sitting at this same desk writing my first bushpig article. Now I am writing my last. Over the last year the pigs have sailed through many storms. If it was not for the support of many club and non-club members, the pigs could not have survived.

Rivcoll Union needs a special mention, if it was not for the help of the Union the pigs would have really been in the trough. Thanks to Noel, Maggie, Rod and Julie. Plus thanks to all the pigs and sows.

I wish Ron Sharrock and his committee all the best. Ron has proven himself a dedicated clubman. I am sure that he will be a worthy President. Alan Munro, secretary and Alan Petts, treasurer will also have their work cut out for them. All the best of luck Fellows.

That's it thanks to all those that offered their assistance during the year.
