Volume 7 Number 4

Editor: John C N Adams.

Assistants: Chris J Young  
Jim Rathmell B.E. Hons

Typist: Julie Smith (BSC)

Printer: John Dohl

Printed on the Rivcoll Union's Student Welfare Printing Press.

#### BARPH DEADLINE

Copy for all articles for Barph is Friday 4pm. Sporting articles only, will be accepted on Monday up to 10am.

NO ARTICLES WILL BE ACCEPTED AFTER THIS TIME.

Barph is printed on Monday night and is distributed on Tuesday to the following places:-

BOOROOMA CAMPUS - Library, Boorooma Canteen

AG CAMPUS - Union, Co Op Store, Uni Co-op bookshop, Bar

All copy is to be legibly written and signed.

## EDITORIAL

### Amalgamation

Attention focuses this week on the RCAE College Council Meeting this Friday over the RCAE and Goulburn CAE amalgamation.

This is a growing feeling from within and without the College that this amalgamation is not in the best interests of RCAE.

Intense lobbying is going on behind the scenes both for and against this amalgamation. The latest group to publically state their opposition to the proposal has been the RCAE College Academic Staff Association who are meeting with the NSW Minister of Education this Tuesday.

It will be interesting to see if the College Council recognises the amount of opposition to the amalgamation and takes this into consideration or blindly follows a path laid out for it by others.

### Bali

Due to the tremendously successful Bali tour in February, Barph has now organised another tour in the July Semester Break.

This will give students and others a chance to get a lovely golden tan in Bali on the white sands of Kuta Beach while everyone else is freezing to death in down town Wagga.

Cost is very similar to February's cheap price - its cheaper to go to Bali than the Barrier Reef!

Full details of this fabulous two week July tour in next weeks Barph.

The Media

The Alternative Handbook that was issued during Orientation Week gave its opinion of the Wagga Media under the heading of "The Free Press"?

Amongst these hallowed institutions there has been a bit of a ripple as to the Handbooks' criticisms - as you will be aware it is very difficult for anyone to publicly criticise the "free press".

Just a further run down on the 'free' and independant press - the same person who owns the "Daily Advertiser" is also a Director of John Fairfax and son (eg. the Herald etc.). He also just owns the majority shareholding in RVN 2 - a nicely tied up empire which some could well argue doesn't promote the alternative and independant point of view and in fact presents a distinctively biased point of view.

The local radio station 2WG is I believe tied in with all this in some way or other.

The morning talk-back show is unfortunately becoming even more moronic and an insult to ones intelligence - if you agree with the announcer then you are given open slather, if however, you disagree then its short-change on air for you baby! If the moralising self righteous high priest of local radio and his band of CWA members dont turn you on, then turn off the radio and put on a tape. The only program that really saves 2WG is the 'Album Show' - how about a few more hours on a Monday night?

On the local scene it is pleasing to see an article in last weeks 'Pictorial' stating that the publications of BARPH and RACE "are the best example of a free press in Australia".

Like Avis, "we try harder".

John

# Letters

Dear Editor,

It's obvious that T.J. missed the point of my last letter so I'll put it another way. In his original column T.J. spoke up for christianity - he has every right to say what he believes in. He also attacked atheists with his condescending one-liner about god creating atheists - he has no right to attack other people. He's a christian and I'm an atheist. I'm not interested in attacking him and I wish he'd leave us alone.

T.J.'s knee-jerk reply to my letter is irrelevant so I won't bother with it.

Bob Degabriele  
Applied Science

Dear Editor

Over the last 12 months so there has been an increasing number of letters in Barph concerning religion, religious meetings and the truly wonderful Jesus Christ in general. Unfortunately, I must say, this year has started off badly for people such as myself, who would rather read about chalkie - aggie - artie interaction and such.

It is my proposal that an agnostics club be formed within the college and hopefully

in the future it may extend into town, then across the country!

Meetings shall not be compulsory, in fact meetings shall be none existent. Individual meetings or group discussions can be arranged by yourself or through the club and can be carried out at the closest bar, hotel or club and even in the privacy of ones own home or room, as long as the above mentioned institutions are closed.

Membership fees shall vary between institution, but generally can be purchased in instalments of about 55¢ per instalment.

Discussions shall concern such wide and diverse subjects as women (men) football, drinking, dope smoking, the general state of the economy. The 'bible' so to speak is available in monthly parts from most newsagents (just ask the girl at the counter if they are not on the stand - you may have to be 18).

The aim of the club is to remain insignificant without imposing our club business on anyone, and to remove the religion from our hallowed barph and bring back the bullshit and I dont mean more bullshit from John Adams

Concerned Student

P.S. The Club Needs a name that members can identify with - if you have a suggestion I may be contacted via the pigeon holes - only genuine correspondence will be looked into. Full discretion assured.

C Maudling

Dear Editor,

I am a 3rd year G.P. student at R.C.A.E. I feel I am slightly introverted, I think, as it has taken two years to write this letter. It is inspired by the letter in last weeks barph from concerned student in reply to "sphincters" letter of the previous letter. Who does sphincter think he is - an egyptian monumental god? Sorry that's Sphinx, isn't it. I almost wrote a letter two years ago in favour of a certain Miss Abdul ben ackers (or something) complained of the unsocialable (and naked) behaviour of the aggie section of the college. Few people would remember that day, but I'm sure my fellow chalkies, who were put in straight jackets after that horrible experience. It was quite a surprise when we found not one person suicided on that disgusting day. It was locally that people who saw that were emotionally stable enough to avoid self inflicted death (my fingers almost work perfectly now and the scar on my wrists doesn't show much when you wear gloves).

I think seriously that the Aggie section of the college make up for a vital part of education at college today. Without them the college would be indeed a quiet and

# Letters....

boring place. Those in mental institutions should apply in writing for compensation from the Ag Club, care of Wagga Ag College.

More Concerned Stud.

Dear Concerned Student,

I am writing regarding your letter in last week's Barph. It is obvious by the whole trend of your letter that you have a one-eyed view of Aggies and what they stand for.

Considering you haven't even the "guts" to sign your name, yet you find the audacity to knock Sphincter for stating his views. In my mind it says very little for you to start with.

Let me ask a few questions:

Do you know any Aggies? Have they ever done anything bad to you personally?

You have taken the view of most of your chalkie piers that is:

- You are jealous of our mateship
- You comment without even knowing us
- You condemn us with ridiculous assumptions

If motting is such a cruel form of initiation then why do we create the desired effect of mateship by it. The "long lonely walks" you speak of are in groups of ten to twenty motts (not so lonely are they), this allows the motts to get to know each other better in the first week. Like any tertiary education system the friends you make here are those who will stay with you for a long time.

Regarding your supposed facts about our direct or indirect effect on these particular students you mentioned. Have you any evidence at all to support these sweeping statements and accusations? It just goes to show you've put both your feet in your mouth without any concrete proof whatsoever.

One of the suicides was not caused by Aggies as this person lived with an Aggie and had close personal ties with all the Aggies. Secondly I happen to know of the three other people you speak about. Anyone on main campus 1980 knows two of these persons. The first had a religious hangup, this person was never ribbed by the Aggies but instead by his own kind. The second was a very unstable person who also had no contact with Aggies, I know this as I lived very close to this person. Another person you spoke of was also on main campus 1979. This person also was very unstable.

I feel that knowing the facts I do puts your direct/indirect theory right out the window and shows just how far you would try to go to condemn us. Then you wonder why we show animosity toward you.

Overall I feel your letter is a load of trash. There is no document that says you should agree with what we do, actually it is none of your business.

The Ag Club is separate from you and will always be with chalkies like you to chose from. There are so many chalkies I know (who happen to be good friends) who have said they didn't like Aggies until they got to know us. Perhaps some of your narrow-minded types should get to know us, you may all get a pleasant surprise.

Debby Engelbert  
3rd year Grott

Dear Sir,

I am concerned that recent letters in Barph from Mr Jones and Mr Adams, together with comments included in the Executive Officer's report (15th March) may have inadvertently confused your readers in respect of courses available for prospective teachers and the degree of choice available within this institution.

Within New South Wales it is certainly true that students who wish to become teachers can qualify by taking a degree followed by a Diploma in Teaching. However this statement needs to be read in the

# LETTERS.....

light of the following:

1. This College does not offer a primary or early childhood Diploma in Education. Therefore, the proposed course of action is not an option for students seeking a programme of teacher education at the early childhood or primary levels at Riverina College.
2. This College offers a secondary Diploma in Education, but only in the areas of Art, Agriculture and Science.
3. Prospective secondary teachers seeking employment with the N.S.W. Department of Education need to ensure that the structure

of their degree meets the requirements for promotion. Unfortunately, there is no guarantee that the BA (Liberal Studies) degree would necessarily meet a range of established criteria for promotion within subject departments. On the other hand, of course, if a student is not seeking promotion within the N.S.W. Department of Education this need not be an important issue.

4. For several years now the N.S.W. Dept. of Education has indicated a preference for pre-service primary teacher education that incorporates professional studies concurrently with general studies, ie. along the lines adopted by this College within its Bachelor of Education programme.

5. The report of the inquiry into the nature of teacher education in New South Wales (The Correy Report) recently tabled in State Parliament includes the following recommendations -

Recommendation 1 - that the basic qualification for initial appointment as a teacher at all levels in NSW schools after 1987 should be a Bachelor of Education degree..  
 Recommendation 3 - that the Diploma in Education whenever obtained should cease to be an acceptable qualification for initial appointment as a teacher in NSW schools from 1987.

In the face of such recommendations, one is forced to consider the wisdom of advising students who have an option to follow end-on programmes of teacher education, ie. degree plus Diploma in Education.

6. For a person with a Diploma in Teaching qualification, the BA (Liberal Studies) certainly offers an opportunity for completing a degree and thus gaining four-year status with the Dept. of Education because such a person has a teaching qualification (Dip Teach) prior to entry into the degree course. However in the long term, one must express some reservation about this course of action because Recommendation 4 of the Correy Report states -  
 "That the Diploma of Teaching should cease to be an acceptable qualification for initial appointment as a teacher in N.S.W. schools from 1988."

I trust that these facts help to clarify the confusion that may have arisen. In any case, I invite any students who have been, or remain confused to discuss the matter with any of my colleagues in the School as you may be assured that we continue to have the best interests of the students uppermost in our minds.

A copy of this letter is being circulated in its entirety to all first year teacher education students.

A J D Blake  
 Dean

## ANSTEE says

Anstee Says: Racial prejudice is a pigment of the imagination.

## CARINYA CARAVAN PARK

ACCOMMODATION: Carinya Caravan Park has caravan sites and modern On Site Vans available for college students, excellent facilities with air-conditioned lounge, close to main campus. Special rates for students, so call in and inspect our facilities in Pine Gully Road or Phone 213467

# rod's rave

## Intra mural Sport

Efforts are underway to organise an intra-mural sport competition for the semester.

Intra-mural is sport played between teams from within the College. Teams are formed from schools (eg. Life Management) or from residences (eg W Block) or from staff (eg. East Block Country Club).

Competition is organised during the common lunch hour (12-2) on Thursdays.

Last semester the Touch Tarts conducted a Touch Rugby comp.

The proposal for this semester is a mixed competition involving a host of various sports - basketball, softball, volleyball, touch footy, etc.

Intramural Sport is designed for fun to cater for those who are not so competitively oriented.

So get a team organised - a mixed team of 12-15 would be suitable.

A decision on Intramural Sport is expected to be made at the Sports Council meeting on Thursday.

## Tennis Club Revival

It is heartening to see that a concerted move is being made to revive the ailing Tennis Club.

Enthusiasts have been sighted practising regularly on the South Campus courts.

The idea of a social mixed doubles comp. on Sundays has tremendous appeal.

A meeting to get the Tennis Club going again will be held at 1pm on Wednesday in the Union meeting room.

If you cant make it along see me or El Deuce Wally Murray.

## Commerce Club

Just as exciting as the revival of the Tennis Club is the announcement of the formation of a Commerce Club.

The convenor is Paul Dempsey (Dip App Sci - Ag (pending) now a part-time B Bus student, full-time College administrator, part-time rock promoter, and sometime stock market dealer and poor-time race punter.

Demps is now offering his accumulative knowledge and carefully nurtured expertise to business students.

I believe arrangements are underway for an April Fool's Day Dinner at the Commercial Club. A panel of guest speakers headed by Paul Roberts is being assembled.

A legal adviser to the Club has already been appointed.

## RTC - "WEST"

The Riverina Trucking Company's season premiers on Friday 20th March with the presentation of "WEST" in the South Campus Auditorium.

The Trucko's shows are always good value - so if you're interested in theatre or seeking alternative entertainment to rock or the pub - then consider live theatre. Bookings at Abraxas.

## The Umpire Strikes back!

Dave Warner called in on the weekend en route from Perth to Sydney, which will become his new base.

Warner was busted at a recent concert in Perth for obscene language during his recital of "Half Time At The Football".

He has been remanded to appear in Perth Court on July 27. Dave has plans for a gig at Fremantle Jail. A case of "Standing on The Outside Looking In"? or "Four Walls"?

This is something of a test case for artistic freedom for rock artists in Australia. Support is being sought for a "WARNER IS FUCKING INNOCENT" campaign.

"Half Time At the Football" has finally been released on Warner's own custom made label as a 12" single.

Copies are expected to be available soon from Rocker Records Pty Ltd.

## Congrats

Good on Emmanuel Psaltis, Robert Snook, Glen Whittaker and Janelle Lewis on their selections in respective State CAE teams on the weekend at the Bathurst Intercol. From all reports a weekend of good sport and social activity.

WARNER IS INNOCENT - I SWEAR!

Rod.

## NOTICES

STAFF AND STUDENTS

FROM the bursar

The College has installed bell-type alarm systems on Boorooma Campus, and a siren type alarm on Agriculture Campus. I am aware that there have been several occasions on which the fire alarm systems have malfunctioned and caused a false alarm which in the majority of cases has been ignored by the occupants of the buildings concerned.

While everything has been done to limit the frequency of malfunction in the alarm systems, it is impossible to completely eradicate false alarms due to the sensitive nature of some of the equipment involved.

Members should not assume that any alarm is false, and on the sounding of a fire siren or bell, the building in question must be evacuated immediately. Re-occupation of the building should not be carried out without the formal advice of the Fire Officer, a member of the Fire and Safety Committee, or other person with acknowledged authority. I am concerned that if members continue to treat false alarm soundings with disdain, a serious situation could arise in the event of a genuine emergency.

The co-operation of all would be appreciated.

# TRAVEL FILMS

**THE UNION THIS THURSDAY AT NOON**

Genevieve, from Student Travel Australia Sydney, will be showing three Travel Films of Malaysia in the Union.

Malaysia is an interesting Country, with four different races living together and providing much colour to the land.

The films are:

1. M.A.S. River Safari (in Malaysia)
2. Invitation to Malaysia
3. Great Kites (Kelantan)

So while you are eating your lunch or having a drink in the Union you can also see these films. Be there or be square!

Genevieve will be available to see students etc. who are interested in travelling overseas.

If you have any questions or queries about travel then please see Genevieve in the Union office on Wednesday afternoon or in the Union on Thursday morning and early afternoon.

## Bible Study

Try this quick quiz.....

"Who Baptised Jesus.....?"

- (a) John the Baptist
- (b) John the Catholic
- (c) Little John. ✓

"After his Baptism Jesus...."

- (a) ...drowned
- (b) ...caught a cold
- (c) ...went for a walk in the desert.

For the answer to these and a host of other questions come to the Bible Study in Student Services meeting room off nappy alley next THURSDAY 12:30 - 1:30 pm

ALL WELCOME.

## RIVCOLL UNION - A GUIDE FOR CLUB OFFICERS

### CLUB ADMINISTRATION

#### A. Buying

All purchases of goods and services must be made by using the Rivcoll Union official purchase order.

a. Call in and see Margaret Officer at the Union Office.

b. Do your homework - ensure that you know what you want and where you can get it and the price.

c. You will be issued with the top (white) copy of the Purchase Order. Exchange this for the goods or services that you want.

d. If you have to make purchases without an order in emergencies please come to the office as soon as possible after the event and fill out a confirmation purchase order - mark it "confirmation only - goods received".

e. If you have to purchase goods for cash ensure that you retain receipts etc. You cannot be re-imbursed without some evidence of your purchase. A petty cash advance will be granted in special cases and receipts and/or balance of the advance must be returned to the Union Office within 24 hours.

f. Sign for goods or services that you receive on the suppliers invoice or delivery docket so that the invoice can be easily traced.

#### B. Depositing Money

All money received by the club must be deposited with the Union Cashier as soon as possible after it is received. Any club operating a bank account independent from the Union will lose all Union subsidies.

a. Money should be counted and recorded on a slip of paper. Sufficient detail should be included with the money to enable the cashier to identify it. ie. Club, function, whether B.B.Q., Keg, door, sale of shirts etc. etc. Money and slip should be placed in a proper money bag and secured with an elastic band (available from the Union Office).

b. Notes should be separated into denominations. Each note should be opened out and placed serial number uppermost and readable (ie. the note is not to be upside down).

c. Notes should be counted into bundles of ten folded in half so that the serial number is facing out and value number is in the top corner. An elastic band is then placed over the bundles of ten to secure them.

d. If there are insufficient notes to make a bundle of ten the notes should be sorted as above and then stacked with the larger value notes on the bottom of the pack and the total stack folded so that the serial numbers are to the inside.

e. Coins should be bought to the Union cashier, sorted and wrapped in bundles of:

20¢	-	\$4.00
10¢	-	\$4.00
5¢	-	\$2.00
2¢	-	\$1.00
1¢	-	.50¢

This must be done by the Club and not by the Union Cashier.

f. Clubs should retain the receipt for money deposited so that they can reconcile to the Union's records and to keep an up to date balance of club funds.

g. Clubs requiring floats for major functions should give the cashier 24 hours notice and make the necessary arrangements to pick up the float. Floats must be returned on the day following the function otherwise a fine will be imposed.

#### Club Books

Club Treasurers should be encouraged to keep a simple book to record receipts and payments. Receipts can be recorded from the receipt issued by the Union cashier. Payments can be recorded from the purchase order when goods are picked up.

May I take this opportunity to wish all Clubs the very best in 1981.

"Why, Tim - you really are tiny!"

The Executive Officer and the Activities Officer will be available for appointment between 2pm and 4pm on week days. Please do not expect these people to be available at any hour of the day or night at 10 seconds notice.

## Togetherhness

"PREPARE": For couples intending to marry or couples in a steady relationship, this is an instrument designed to help you learn more about yourself, your partner and your relationship. It enables you to identify the STRENGTHS of your relationships and also any areas of tension which you may need to work through with your partner. It has no specific religious orientation, and all consultations are confidential. I am trained and authorised to administer PREPARE which requires an initial session, followed up by a feedback session. See me for further enquiries. MARRIAGE AND FAMILY DISCUSSIONS are being held in Wagga in the coming weeks. This programme consists of 5 home discussions focusing especially on MARRIAGE. If you would like to join a group or form a College group, you can make arrangements through me. Kits are available for the course.

MASS is celebrated EVERY SUNDAY at 7PM on MAIN CAMPUS, in the white student and Community Affairs Building in 'Nappy Alley' beginning on SUNDAY 1ST MARCH.

WEEKEND RETREAT is held each Semester. It's usually a quiet informal reflective weekend with plenty of fun and sharing in peaceful surroundings. The venue is BLOWERING FOREST CAMP, near Batlow and our camp this semester is on Weekend 20th-22nd March, Friday evening till Sunday afternoon. Cost just \$12. Seek me out for further information. Keep the weekend free!

# NARCO ENTERPRISES

ATTENTION CAR OWNERS!

At NARCO we have the most up to date car tuning equipment in Wagga and the Riverina.

THE VANE 952 ROLLING ROAD

If you can afford to use more petrol than is necessary in your car - and if you can afford to run your engine at less than it's maximum efficiency, adding to your already high running costs, then you may not be interested in this article.

However, if you would like maximum fuel economy and an engine tuned for maximum efficiency, at actual road conditions of speed and load, rather than tuning done at curb idle unloaded - YOU will be interested in dyno tuning.

DYNO tuning is a highly advanced method developed for the tuning of todays highly sophisticated and technologically advanced high speed car engines.

DYNO tuning has been considered the ultimate system in the United States for a great number of years, and is now considered by the qualified service people in Australia to be the most economic method to achieve correct diagnosis of faults and problem areas quickly and efficiently.

Don't delay - phone now - 214324 NARCO Enterprises - the complete tuning DYNO shop.

# CLUBS

## OUTDOORS CLUB

Anyone interested in going on a bush-walking weekend either march 28/29th or April 11th/12th at the Snowy Mountains must attend a meeting on Thursday at 12.30 in the meeting room

See ya there

## LIFE MANAGEMENT CLUB

Cathy Stanley

Well, we've had our first meeting which went O.K. considering the number of people who turned up. Nominations are called for the positions of President, Vice President, Secretary and two representatives from each year. Elections will be held next week, Thursday at 1pm and nominations can be placed in the Mail Room in my name.

We are sending reps from the club to Sydney on 28th March for a meeting of S.W.E.L.S.A. which is Welfare Students Organisation. We should gain some useful information for all Life Management students.

We are planning a wine trip for 11th April and more information will be available shortly. Sloppy joes and T Shirts should be available for ordering next week. On Open Day we are having two stands at Boorooma Campus and need some people to sell the goodies, so keep the 4th April in mind. Thats it for now.

Marg Boyle

## WANTED

WANTED.

A good home for two lovely little 'foxy' type terrier pups. These brown and white pups were found dumped in the river - a good home is needed for them either individually or together.

Please contact Chris Young, C/- Union Office.

WANTED - a good big bore bike. Registered and in good nick. See Gary, 22 Beckwith Street, Wagga

# WHAT'S HAPPENING TO THE LAND?

With the latest budget in Britain the unemployed is expected to rise to 4 million. Yet in the agricultural sector a general cry is heard; labour is unpocurable; but this of course is not the truth. Farm work by labour has been replaced by machinery and chemicals, inputs provided by corporations. Around the world corps. have moved in on agriculture and the move is on in Australia now. Why ask any agricultural student where they will work when college study is over

Faced with unending threats to their industry, the nation's sheepmen have secretly been seeking alternative production to counter animal libbers, big business and trade unionists.

According to a document doing the rounds of the sheepmeats Council, cat ranching will be the livestock industry of the future.

On the proposed pilot ranch there will be an initial population of 1m cats, each producing 12 kittens a year. Assuming an

for a firm or company will be the majority of answers.

The family farm is on its way out (according to many opinions) and along with it many of the basic ideologies which go hand in hand with a beautiful natural way of life. Can we prevent it? So much pressure is on. Within this college now the whole system is being driven and many agricultural policies formed and framed by the thoughts of big business. When shown a very interesting and exciting film of organic and chemical farming in which organic farming was shown to be working very successfully the lecturer's comments at the end were and I quote, "This doesn't mean you must follow organic farming at all".

The way agriculture is heading people are being driven to live away their lives in cities expending their useful energy in useless jobs a tangle of nerves and expending further energy in jogging the block and consuming processed high cost low value food. The present symbol of social progress is separation of people from their land and food resources. I feel that farming is moving rapidly in the wrong direction.

PAUL MACKAY

"Land is the generation point of existence.. it is a living place made up of sky clouds rivers, trees, the wind, the sand and the spirit there - my own country. It is something; and yet it is not a thing. It is a living entity, it belongs to me. I belong to the land. I rest in it, I come from there"

Fr Pat Dodson

average price of 30¢ per hide, the sale of 12m hides after one year will return \$10,500 a day.

However if a man can skin 500 cats a day at a wage of \$40 a day the 100 man labour force will reduce the net profit to only \$6,000 a day.

For cat food a rat ranch is proposed in which rats multiply four times faster than cats, so there are four rats per cat per day. The rats in turn will survive on the carcasses at the rate of one quarter of a cat per rat per day. In this self-supporting enterprise the cats will eat the rats, the rats will eat the cats and the skins will be sold as profit.

Extra income is also expected from a government grant of 4¢ per rat tail, not to mention the by product of gut for tennis racquets and whiskers for wirelesses.

And the document concludes an exciting new prospect is the crossing of cats with snakes so they can skin themselves twice a year, saving labour costs and doubling the output.

SPORTS COUNCIL MEETING THIS THURSDAY AT  
12 NOON IN THE MEETING ROOM IN THE UNION.

# SOCCER

Last Wednesday night the soccer club held its first meeting for this year. It was extremely pleasing to see the many new faces - predominantly freshmen - in attendance, as well as the familiar old redbacks of last year, especially the LM's.

At the meeting several important positions were filled.

MENS COACH: Graham Bellany  
ASSISTANT COACH: Keith Officer  
WOMENS COACH: Billy Lyon  
VICE PRESIDENT: Peter Baker  
PUBLICITY OFFICERS: Debbie Pennels  
Trevor Nelson

Training on Friday afternoon saw the emergence of several gun players likely to put extreme pressure on some of the regular first graders of last year.

Training this week will be on Wednesday night 7.30pm and Friday afternoon 5.00pm at South Campus. With a few trial games coming up soon, some sort of fitness is necessary, so lets get fit together. See ya at training.

Yours in soccer  
Chuck

# TURTLE NEWS

The first thing on the agenda this week is the meeting of the committee on Tuesday night at 6.30pm at the Tolland Hotel. It is essential that all committee members attend this meeting because many important issues will be discussed dealing directly with the direction of the club.

Its a shame to see the gradual decrease of many new players - particularly those in first year. If you really want to play the sport of hockey and are encountering difficulties in transport etc. turn up to a practice session or at least show some form of interest because as a club pulling together we will soon resolve these difficulties but the intial step must come from you. The boot is on your foot so step in the right direction.

A keg was held at south campus gym on March 6th. This was held with the sole purpose to welcome new players but none turned up and only a few of the regulars. Come on Turtles and prespective Terropins lets not let apathy ruin our club. Attend functions and make an effort and you are assured of a good evening out.

Now all the gripes are out the way at the beginning - no red news except training will be Tuesday and Friday 4.30 at South Campus. Make the training most convenient until next.

On your backs Turtles!

# REMEMBER

There will be a committee meeting on Tuesday 17th March at the Tolland, commencing at 6.30pm. Its important that all committee members attend.

# SPORTS

## SPORTS ADMINISTRATION SEMINAR

Where: Library, Wagga Leagues Club Gurwood Street.

When: 10am - 5pm Saturday 28th March

Why: To encourage efficient management and promotion of all sporting bodies from local to state level

Who: Conducted by the N.S.W. Basketball Association and represented by prominent local and Sydney identities. Open to any interested persons.

How Much: \$12 per person (includes morning and afternoon tea.)

What to Do: Send name and nominations fee to:

Sports Administration Seminar  
P O Box 334  
WAGGA WAGGA NSW 2650

by Monday 16th March, 1981  
or phone (069) 212394 during office hours.

## BASKETBALL

Sorry about last weeks balls up but it was a bad week.

However, grading day will be held Thursday 19th March at Bolton Park between 12 noon and 2pm. It is compulsory so please everyone make an all out attempt to attend. Details of the coming competition will also be revealed as well fees, coaches etc. See you there.

## TRACK MEET

### ATTENTION RIVERINA COLLEGE SPORTS PEOPLE

Track meet to benefit Greg Herd, 12-3 Thursday March 26th.

Riverina College track club in association with Red Rugby, plan a relay track meeting to be held on March 26th during the common lunch hour. The meet has a 3 fold purpose: - pre-season fitness training for all college sport teams

- a track club activity
- and most importantly to

provide an opportunity for Riverina College Sports people to actively and financially demonstrate support for one of our own.

Greg Herd, Red Rugby stalwart and man about college was seriously injured in a surfing accident this summer vacation and current indications are that his long term prognosis is one of severe disability, with confinement to a wheelchair as his best prospect.

Let us the sportsmen and women of Riverina College make Greg our special project for the Year of the Disabled. Anyone by a twist of fate could find themselves in the same situation, and anyone so fated

needs \$'s and lots of them!! So lets get busy and raise some, organise teams, eg. Red Backs, Bushpigs, Turtles, Aggies, etc. and there are probably others that don't spring to mind at the moment, should be able to enter 2,3, or 4 teams in every event. Dont worry about how you will perform, treat the events as training, as fun and as an opportunity to do something for one of your mates.

The following events are programmed at 50¢ per individual competing, ie. \$2.00 per relay team

- Events: 4 x 100 men and women shuttle relay  
4 x 200 men and women circular  
Sprint medly (200 + 200 + 400 + 800)  
Distance medly (400, 800, 1200, 1600)

Staff are welcome in fact we have staff events as follows - 4 x 100 inter school relay  
- 100m 30-39 years  
- 100m 40-49 years  
- 75m 50 - 100 years

Further information contact David Chisolm, Karen Sheils or Emanuel Psaltis and look out for advertising posters and in Barph.

## RUGBY AND TOUCH INTERCOLL

Well, Rivcoll did it again, a great time was had by all, if not on the sporting field, then definitely off it on the social side of things. Those who hadn't been warming up their elbows before hand, soon caught up with the rest and large amounts of various fluids and other strange smelling stuff was consumed before our first pit-stop at Young for refuelling (where Parry got hit real bad by a local in the pub). After several amusing incidents it was back on the bus, more fluids, etc.

Arrived at M.C.A.E. Student Union made our presence felt. Then we returned to our caravans for a quiet (??) night's rest. Saturday morning saw several blurry eyed students (male and Female) crawl on to the bus and be taken off to the slaughter. Considering the circumstances both of the teams performed with merit. The first game was played against Hawkesbury (who were leaving in a very sober fashion when we arrived the night before). We managed to keep them to a 4-3 score (their way) at half time. In the second half the alcohol set in and Hawkesbury (eventual winners) went stupid and decided to score tries. Our second game was our only win: Sydney Teachers 4-0. By our last game our injury toll was phenomenal. Out of 23 players only 14 ran on. We lost to Mackie 3-0. The highlight of this game was the incredible "poofers cant tap dance" at the beginning of the game.

## PING PONG

"Modest Mick" English wins the table tennis club's player of the Week award for his outstanding performance in winning two matches in A Grade last week.

Mick's steady play assisted the RCAE Red side to remain unbeaten and they look favourites for the title.

RCAE Grey in A reserve received an early set back by losing their first two games last week but stormed back to win finally 7-4.

RCAE Orange weren't so fortunate and were on the receiving end of a 10-1 thrashing with only Paul Nee saving the whitewash. In B1 Silver were in a shambles with players not turning up and were completely destroyed.

B2 Green and Pink were also both on the losing end, but Pink went down in only the last match 6-5 when Peter Clark lost 22-20 in the third game - how close can you get?

# RUGBY

The girls were a little more successful than the boys (probably had something to do with the socialising the night before). The Touch Tarts managed one victory and two draws (one of the draws was against the eventual winners of the competition, Alexander Mackie). Good effort girls.

Congratulations to the following people who have been picked in the combined side. Ianelle (?) from the Touch Tarts and from Red Rugby, Robert Snook, Emanuel Psaltis and from Green Rugby, Groin (the wizzy juice wizard).

Social highlights:-

1. Groin and bistros whizzy juice episode
2. The food fight against Hawkesbury
3. Brian Layberts Whizzy juice straight from the tap.
4. Destroying Sydney Teachers College accommodation which led to Watto being harrassed by the Mad Axe Man.
5. Dennis Mullins scoring more times off the field than we scored on the field.
6. Gobbler running off with a lolly stand
7. Cornell and Pigot attempting to sneak an 8' pub sign on the bus.

Yours in Rugby and Touching Tarts  
Marc Cornell and Emanuel Psaltis

P.S. Thanks to all the Aggies that came along. Good to see you had the initiative to come.

Carol Maslin and Sue Chamberlain (Green) and Sandy Morton (Pink) each won two of their three matches on the night.

New team RCAE Gold in C grade trailed 4-5 with two to play but came home in a canter for a 6-5 victory with Julie Williams and Denise Miller each winning two.

All members are reminded that the Annual Meeting of the Table Tennis Club will be held next Monday 23rd March in the small room in the Union (near bar) at 1pm. We want to see a full attendance as there is a lot of important business to be discussed - such as how to retain our Australian Collegiate titles and that sort of stuff.

BE THERE!!!

COACH

# Squash

Well the squash club is really starting to gain momentum what with competition matches already under way, a successfully conducted inaugural meeting on Monday 9.3.81 and a good continuing roll up to the Squash club practice sessions (ie. Sunday 2...5 and Monday 7...11).

Details of the election of office bearers to the club will be published in Barph when the appointed secretary has completed the report of that meeting. The procedure for notification of results has changed since the last edition of Barph. Players completing competition matches are requested to post their results on the upstairs notice board which contains the result sheet.

Remember prompt and effective organisation of games is imperative.

Players are asked to pay their \$1 membership fee as soon as possible. This can be facilitated by giving such to me at one of the Squash practice sessions, contacting me at room C44 Main or referring to our treasurer Geoff Stannard at C41 Main. The Club is in the process of having a Logo made. It is proposed to have a Riv Coll Squash Club insignia on the back of a current College T-Shirt or Sloppy Joe. People interested in purchasing such are asked to leave their name and size in the squash box (Union office) or by contacting me personally through the pigeon holes.

Remember Squash players have that Touch of Class.

Gary Green

# volleyball

The volleyball draw for Thursday 19th is:

TEAM	PLAY	REFEREE
Cyclops	7.45.	-
Turtles (men)	10.00	-
Mixed	6.30	-
Waminda	10.00	9.15
All Sorts	10.00	-
Wilbur	8.30	7.45
Turtles (ladies)	9.15	8.30
Rubyettes	6.30	-

## Notices to teams

There will be a referees clinic conducted on 19.3.81 and each team must supply two people to attend the clinic (7.15 - 7.45). If you do not supply the people a penalty will be imposed upon the team. Exams (theory) will be held on the 2nd April - rule books are available at Bolton Park Stadium for \$2.

There are two vacancies for males in the mixed Volleyball team so if you want to play, come along to training on Thursday 12-2 in the Gym.

Dont forget your T-Shirt money - \$5 to Meg McGrath (through her pigeon hole or to Meg personally).

There are a few places vacant in B1 women be at the gym 12-2.

General training for all teams is in the Thursday common lunch hour 12-2

Members of the Mens 1 (Cyclops) will be training Wednesday mornings 7-9 in the gym.

Get involved and come along Thursday, see your there.

Donna.

# TENNIS

It is the intention of a social group of known desperates to put Tennis back on the map at Rivcoll.

The idea is to run a social mixed doubles competition on Sundays starting at roughly 10.00am. The venue, College Avenue Centre Court, set in the rustic surroundings of our very own South campus. All you need is a partner and a racquet. So get yourself organised and find a spunk for a partner, hopefully one that can play tennis. Don't be discouraged if you're not up to Bionic Borg's standard, there's probably a few like yourself.

All entries are called now. Leave your names on a piece of paper in the Tennis Club's pigeon hole in the Union office. If you have a group (eg. Aggies) who wish

to enter a team of four, that's okay. More the merrier.

On Wednesday 18th at 1pm in the Union there will be a meeting of those who want to get involved in the organisation and the re-orection of the Tennis Club. If any others are interested you are welcome as well.

God knows why tennis has disappeared from Rivcoll. I believe back in 1973 we won the Intercol and nothing since. Lets see what we can do.

Have a go. All welcome at College Avenue Centre Court.

DEUCE!!

Wal Murray  
Convenor
