MEMO TO: T. Prentice

15 March, 1978.

FROM: The Bursar

I understand that your pet dog often accompanies you to the campus, though I have on several occasions in the past indicated by circular memo that dogs, whether on lead or not, are not to be brought onto the campus.

The campus is a teaching area, and as such is not a place where dogs should be brought to, because in the main they only interfere with the pleasurable use of the campus by the majority of College members. It is difficult enough to stop students bringing dogs on campus, but it is made even more difficult when staff of the College or Union ignore the official requests that dogs be left at home.

I am prepared to accept that the bringing of your dog onto campus has been an oversight on your part, but officially indicate that as of this date, I expect you to leave your dog at home. I hope your full co-operation will be forthcoming in this matter.

K. J. Biddle.

ACTIVITIES OFFICER.

E² regret it if they inconvenienced anyone by forcing them to choose between the independent ball downtown ("Kindergarten₂Kool" + "Session") and the South Campus dance on Friday night. E² try to avoid such competition on economic as well as other grounds. When the promoters originally planned that ball, E² had nothing to clash with it. However, last Monday, it was decided as a matter of urgency, that last weekend was the latest possible date for the 1st South Campus Dance. Saturday night was impossible since some of the main organisers had to go away. Friday was selected - without anyone thinking of the downtown ball. The clash was only realised after Barph had come out - which was too late.

YOGA

All are welcome - but not after 1.05 p.m. ! Being late for a Yoga class seriously disrupts the class. Please don't be late. NOTE: This week Yoga is on Wednesday only.
