FILM CLUB - Dear College Students -- the Film Club will soon be minus one projectionist. If you would like this worthwhile Club to continue functioning - Give It Your Full Support -- Otherwise the Hoyts Plaza rip-off will continue - Duncan Wallace.

.....

FILM CLUB - Membership now stands at 3. Things are improving However, we still need new people to help. The next few weeks are going to be very busy, and there are lots of great movies coming including 'Stork' (this week); 'American Graffiti'. We want people to help set up and clean up - it only takes a few minutes if there are a couple of people helping out. Also movies for next year have to be selected, we need assistance here too. If you are interested and/or have any suggestions call and see the S.A.O. or see Shane Walker or myself or drop a note into the Film Clubs pigeon hole. Let's keep the film club operating, the way things are going it may fold and there would end all the good value movies you've been getting. Jenny Doolan

the Ampol Garage - North Wagga (corner of Oura Road and
Olympic Highway) would like to see you with a view to buying it.

Message from a member of the best run but worst staffed in
members (3) Club, the Riverina College UNION Film Club.
It would be greatly appreciated by the said members if some
of the people who enjoy seeing the films that are put on
on Sundays would be able to help out or even join in a
working committee. It is becoming too much for us, and
next year, if present circumstances prevail, the Club will
only have two or even one member. We need your support,
so think about it and decide if you can contribute to the
running of this Club. Thank you. S. Walker.

It takes a Thief Well, I must admit you can really
trust your fellow students at this College - they really respect
you so much that they break into your locked room over Field
Studies Week and steal trivial things such as a pillow and
cassetes. But we must not forget the sentimental things.
After all whats a thief if he/she doesn't take a person's
photo album (its a pity that the deprived person must live
or start his childhood through the memories of my childhood)
I thought that the stealing of my two sloppy joes outside my
door (when I was gone for 5 minutes) was weak enough but the
breaking into my room takes the cake. Maybe my thief is
helping to advertise the Colleges lost or stolen property
policy!!! Its a shame that this is the only way he/she knows
how - destroying sentiments. I would appreciate it if the
photo album was returned or at least the photos in the same
discreet and sneaky manner as they were taken. However, as
this person doesn't comprehend the word 'APPRECIATE' I will
repeat the last sentence to such a weak and low person, I
want my photos back. Have you no sentiments.

Denise
