#### BOREDOM-A POSSIBILITY FOR THE NEW STUDENT

STEP ONE You would probably have found it hard during the weeks up to Easter to get bored. After all there was the excitement(?) of exploring a new environment, finding out where lectures, tutorials, food outlets, toilets and the bar were (not necessarily in that order). Now all that has settled down, you are now at -

STEP TWO You are bored. You have all your early assignments under control or you have decided not to do them.

First you must make yourself aware of the notice boards or notice walls or notice doors which all provide anti-boredom material. If you are bored don't walk past, stop and read them. Find out about the E2 rages, the film nights, the drama productions, even the christian meetings(!). Check out Barph for whats on both in town and at the College. Get involved in a club - you will be very welcome.

Remember, the solution to the boredom problem is to keep your eyes wide open and your ear to the ground like a dead Wombat.

STEPHEN

P.S Hope the Easter Bunny brought along the goodies and the Catholics enjoyed a big piece of red meat on Friday.

### EDITORIAL

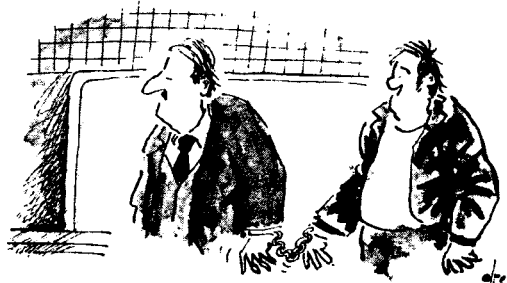

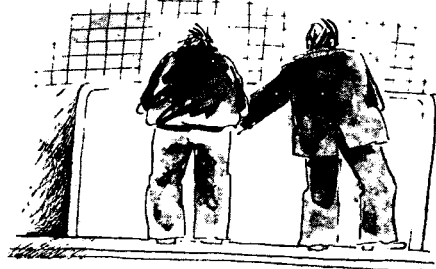

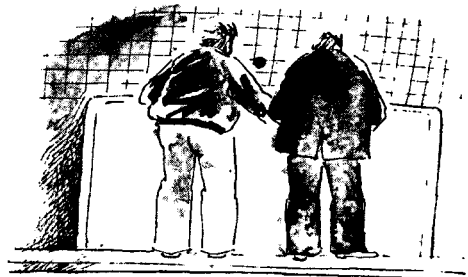

Hello hope everyone had an enjoyable Easter and received a surprise from the Easter bunny. (Always had me confused why a rabbit delivered eggs, maybe there's a religious significance).

Well now we've only got two weeks to go before the mid-semester break and things are starting to hot up in the academic areas.

On the entertainment scene E2 has planned two major nights before the break, so do yourself a favour and go along to them both to have a break from all the study.

Don't be apathetic, get involved Gun, yours in ethnic affairs.

### CAR COMPOUND

The Car Club compound key has been withdrawn from service.

Tools and other items of equipment are still missing and until they are returned the service will be closed to members.

The lack of an active club with effective management of the facility has also prompted this decision.

Until an active Car Club is reformed and an executive prepared to be responsible for the compound and it's tools and equipment, the facility will remain closed.

It should also be noted that claims can only be made on medical, hospital, dental, pharmaceutical and ambulance expenses. Unfortunately claims cannot be made on chiropractors and other sports injury specialists.

Claims must be made on Health Funds and other sources before claims can be made on this fund.

For more details and a claim form please contact Activities Officer Rod Gillett in the Union office.

## NOTICE TO STUDENTS

### Vandalism of Sports Fields

A recent case of vandalism of the South Campus sporting fields has been reported to the Sports Council.

Vandalism of sports fields will not be tolerated.

The College's Ground Staff and sports club officials put a great deal of effort into the preparation of sports fields for training and match-play. They deserve much more consideration than irresponsible driving over sports fields.

The case has been referred to the Union Executive for action.

Be warned!

## FAREWELL - JIM HILL

This week marks the retirement of one of the College's real old-stagers - James Robert HILL, better known as "Hillie" or "Jim" (at the Gym).

Recruited from Yerong Creek, Jim commenced duties at Wagga Wagga Teachers College in 1969 on the Grounds Staff and later transferred out to the RCAE into his now too-familiar position of Gym Attendant.

Jim has always exhibited keen and active interest in students and their affairs. He has been of tremendous assistance to students in his capacity at the Gym ever willing to help out with sports equipment and access to sports facilities.

In retirement we can expect Jim to continue as time-keeper for his beloved Wagga Tigers and to keep bowling down the green at the Riverina Australian Football Club.

On behalf of students can I pass on sincere appreciation to Jim and wish him good health and cheer in retirement.

Farewell and Good Luck OLD TIGER.

## NATIONAL INTERCOL

This year's ACAESA National Intercol will be hosted by Canberra CAE in the Nation's Capital from July 6-10.

Sports on offer include Australian Football, Soccer, Basketball, Hockey, Netball, Table Tennis, Squash and Volleyball.

Last week's meeting of Sports Council resolved to enter in all the sports. All clubs must indicate a firm intention to participate in the intercol by the end of the first week back after the mid-semester break (May 29).

This national intercol shapes as the biggest yet with the prospect of the NSW Colleges entering the events which are usually the preserve of the Vics, Croweaters, and Sandgropers.

The long-awaited return clash between the Bushpigs and the Wombats may yet eventuate!

## WOLLONGONG INTERCOL

The Hockey/Squash Intercol is on this weekend (April 25-26) at Wollongong.

The coach will now depart from South Campus at 4.30pm.

The Turtles are confident of success with the ladies under the astute coaching of Ian Cole tipped to go close to winning the title.

The men encouraged by good performances at the Albury Easter Carnival last weekend are also going all out to win.

Of great concern to the squash people is

the news from Wollongong that Gary "Bullbar" Belgre is the tournament organiser!

Intercols are always a good weekend - wishing all participants a successful sporting and social time.

## ODDFELLOWS

E<sup>2</sup> presents The Oddfellows in the Union on Thursday nite. This is a follow-up to the successful Easter Surf Carnival.

Bouquets to Spiros and Steve and the Surf Club team for their organisation.

But what about the prize-winners!

Best dressed male - John Dohl (& annexe)

Best dressed female - Ms Dyse (who claims to be the Malebo Surf Club mall).

The ODDFELLOWS are not a dance band nor are they a concert band - somewhere in between but very entertaining.

The band is a combination of college and local players playing a mixture of rock, blues and folk tunes.

Support local talent.

## YARN SPINNING

Due to the time-table changes this week it has been decided to postpone the 1981 Pine Gully Yarn Spinning Championships to a date to be fixed.

## BUSHPIGS

The Bushpigs footy season kicks off this Saturday against RAAF at Maher Oval, Riverina Australian Football Club.

The Pigs are the only College team that competes in a semi-professional competition.

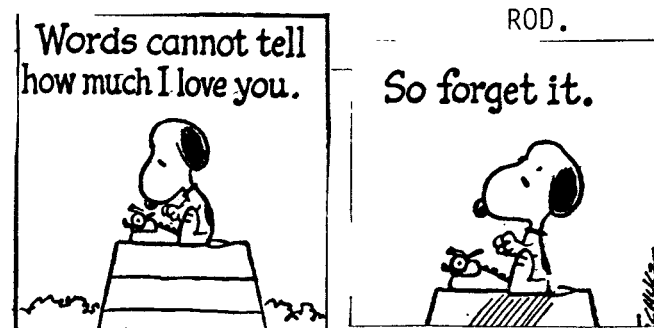

May I take this opportunity to wish the coaches - Wayne Fox (seniors), Paul Butterworth (assistant), Ross Spriggs (skills) and Max Armstrong (reserves) and the players every success this season.

C.T.F.P.

## FILM CLUB

Another great double at the flicks this Sunday nite - Superman The Movie and Golden Rendezvous (Alistair Maclean) in the Swan Theatre at 7.30pm.

'AVE A GOOD WEEK!

Dear Editor,

I am disturbed to hear that Dave Warner is soon to appear at the College Union. This, I am afraid has upset me greatly.

Firstly as a Christian I was disgusted to read in RACE that this man is up for obscenity charges in Western Australia. After a number of pleasing folk and country shows in the Union, how could E2 belittle themselves to allow this revolting Dave Warner to ever again set foot in the Union.

In 1979 I had the misfortune of seeing this man vomit over the crowd with his limited vocabulary. I soon left that show and have no intention on wasting my hard earned TEAS on him again.

Another point related to this man is all that aimless graffitti around Wagga at present advertising this creature of sin. To those cretons who vandalised the show-grounds and other areas. Don't try it again on the gates of heaven as it will be a quick slip down the shoot into the infernals of Hell.

I feel strongly enough about this man they call Dave Warner that if he is allowed to play at college, I will endeavour to provoke the religious leaders of this town to demand his cancellation.

**We interrupt  
this newspaper to  
bring you a  
announcement...**

On Thursday night in the Union we have a band called The Oddfellows (very odd if you ask me).

The Oddfellows are an acoustic band that have been playing the pubs around Wagga for several months and are now branching out to grasp a wider tribe of loyal followers and groupies.

Yes, this Thursday night see's the Rivcoll Union being the launch pad for a tour that will be more successful than Columbia 1 (the space shuttle you idiot). That's right the Oddfellows are embarking on a World tour. Their tour will see them play the glamour spots around the World including Ayers Rock, Stockingbingall, Wombat, outerZimbawbie Uranquintied, Binnaalong (wonder if thier included in the Barph tour) and many more.

Cum and hear them paly their famous songs, including such hits a Kimba the White lion, I like Chinese, Rodger Ramjet and the Baked Beans song. Their music ranges from the Beatles to Abba (you mean there's a difference?)

So if you want good music, good beer, good company (Spiro won't be there) come along to the Union Thursday night and rage on.

# BARPH To BINALONG

Yes folks it had to happen. You, the student, are being offered the trip of a life-time. No longer can you say "Boopalupajugsoblay" now it will be "Wow! What a great time I had in Binalong"

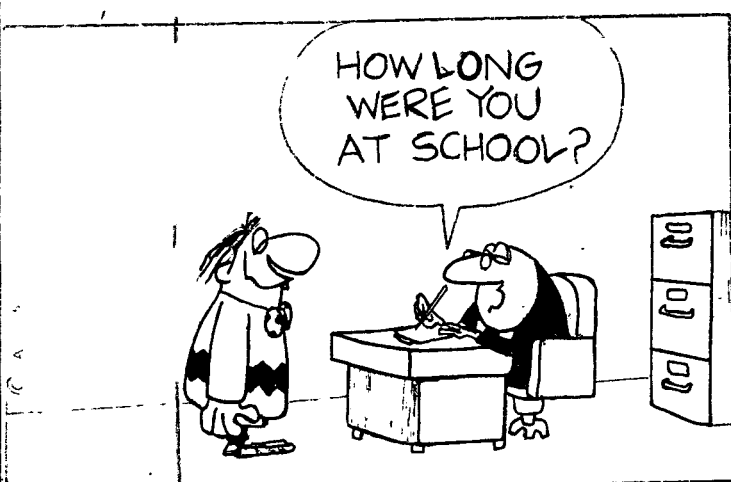

Think of it (thats enough)  
for only \$534 (\$1 cheaper than most holidays going round these days) you can:-

- \* Watch the bank close
- \* Talk to the local Doctor, J.P., and town drunk all at the same time (is he/she the same person?)
- \* Discover (a trendy touristy word for 'find') cheap clothing at Binalong in Vinnies Markets.
- \* Stumble across the ferret farm (a ferrett leggers paradise)
- \* Be amazed when you're told "we've never heard of C60 cassettes"
- \* Meet Europeans who walk the proverbial 'Al Grasby Mile' to get to Binalong.

But stop. You must be all wondering, some even panicking - 'where is Binalong?' Simple: Binalong is N.W of Bowning which is N.E of Bookham which is East of Jugiona which is N.E of Coolac which is North of Gundagai which is N.E of Tumblong which is east of Alfred Town which is East of Wagga Wagga.

So Folks show your interest rally behind the organisers-join the Binalong Bash.

Written and spoken by those students who are not going to Bali.

## EXECUTIVE OFFICER

### Amalgamander

Last Wednesday, representatives from the Union travelled to Goulburn to meet with the relevant student Representatives from Goulburn College to discuss the impending amalgamander of the two Colleges.

There is any amount of writing on the virtues of incorporating the physical facilities of the Goulburn College with another College in order that these facilities are not lost to tertiary education. There is also a lot of speculation about what form of tertiary education will remain at the Goulburn College.

The Principal of RCAE, Dr Blake was very closely guarded when it came to his proposals for the amalgamandered College and it was not until closer questioning that he revealed the following:-

1. Pre-service teacher education would be "rationalised" to Wagga Wagga.
2. The industrial arts course would cease to be offered at Goulburn.

This news came as quite a shock to the Goulburn College students who had been told earlier by Dr Blake that he was not proposing any radical changes in the operation of Goulburn College. The end result of the above two steps will be the phasing out of full-time study at the Goulburn College.

In place of full time study "exciting new developments" will take place in the areas of continuing education and in the provision of in service training courses for ambulance persons, police persons, forestry persons, and paramedical persons.

The Principal refused to be drawn on the question of staff redundancies but has made it clear during an address to Wagga Staff that some 30 Goulburn College staff would be surplus to need. The Teachers Federation do not seem to be overly concerned about this statement and are basking in the hope however misguided, that the Federation can exert enough muscle to prevent any staff redundancies.

Mr Landa has announced the establishment of a consultative committee to advise him on matters pertaining to the amalgamander and many people believe that this committee will not be unduly swayed by the opinions and wishes of the Principal designate of the amalgamandered College (Dr Blake). It is hard to believe that people can be so naive. The worst fears of many people were realised when an inner committee of the consultative committee, consisting of the chairperson (Hagen), Dr Blake, the Albury/Wodonga Community Representative, and a

HEB nominee, was announced. The establishment of such a committee will certainly increase the degree of influence that Dr Blake can exercise. The composition of the inner committee also excludes all Union representation.

People should realise that Dr Blake is in a very strong position and has a very good chance of getting his own way, especially if the current council of Riverina College continues on beyond the 31st December, 1981 (the date set down for the *dissolution* of the Goulburn College Council). In this circumstance it is almost certain that Dr Blake will get exactly what he wants and the people who have been lulled into a false sense of security in believing in the power of their relevant Union will be bitterly disappointed.

It seems illogical that the State Minister for Education, Paul Landa will listen sympathetically to purely negative arguments. Dr Blake seems to have a plan to put before the consultative committee. The Union's concerns to have any chance of success will have to put forward viable alternative plans rather than merely negative arguments.

The amalgamander is a cost-cutting exercise and because *in* excess of 80% of a College's recurrent budget is spent on salaries and wages, that is a logical place for cuts to be made. Dr Blake has demonstrated in the past no great fondness for the NSW Teachers Federation and the Goulburn exercise will present a golden opportunity to rub salt into the wounds.

The students or course, are the forgotten pawns of the game. Enrolment projections for the amalgamandered College seem to indicate that the College is expecting the retention of a large percentage of the current Goulburn Student population. Recent survey of Goulburn students indicate that less than 10% of these students would enrol at Wagga rather than at some other institution. Perhaps if more emphasis were placed on the likely wishes of the student population then the amalgamander may have featured a College closer to Sydney rather than Riverina College.

## A GREAT NEW COMPETITION!

Budding architects - your chance to make the big time!

The most exciting design competition since Walter Burley Griffin won the Design Canberra

### Background to this new and exciting offer

The College Council of RCAE is currently in the process of allotting a sum of \$25,000 for the extensions to the living room and the building of an ensuite to the home of the Principal, Dr C D Blake at Beauty Point Avenue.

This is a very important priority of the College, who have allegedly knocked back proposal of \$2,000 for upgrading Walla Walk due to lack of funds.

The \$25,000 allocation has been made necessary because the Principal, C D Blake is alleged to not like sharing the bathroom when he has guests.

### The Competition

Design an ensuite.

In your design, remember that it is to be suitable for OUR Principal, and MUST be confined to the limited budget of \$25,000.

### Eligibility

Only people with a vested interest in the Blake meglamanic empire are eligible for this prestigious contest.

### Prizes

A novel aspect of this exciting contest is the 'name your own prize' gimmick.

THATS RIGHT!! Name your own prize. If you are the lucky winner, financing will be guaranteed if we can buldoze finances through College Council. (as is the usual practice)

What would you like??

- Mercedes
- Fishing Trawler complete with Commercial fishing licence for Blakes Lakes.
- Lunch with the Principal, his autographed photo, AND a Lecture Theatre named after you.
- Whatever else you name.

Entries close when the entry of the closest vested interest is received.

## REPORT ON TRAINEE TEACHERS ASSOCIATION 10.4.81

With all the controversy in the media concerning the abolition of TEAS and the re-introduction of Tertiary fees, I was horrified to learn that the University of New England supports such a move. As a result of this the T.T.A. sent a strongly worded letter of protest condemning the move.

The Rivcoll/Goulburn amalgamation was reported on by the representative from Goulburn. All were appalled at the lack of communication between bureaucracy and general lack of consideration of the student in the issue.

Jim Jane the co-ordinator of the T.T.A. is presently gathering information state-wide on the appeal procedure, with a view to devising a universal policy to be effective in all tertiary institutions within the state.

I SENTENCE  
YOU TO 5 YEARS  
ON TERTIARY  
ALLOWANCES!

## A JOB

### VACATION EMPLOYMENT

Mount Isa Mines are accepting applications for vacation employment for the 1981/1982 December/January vacation period. Senior students in the disciplines of Geology, Mathematics, Science or Computer studies are asked to contact Jim Zeiher Careers Adviser who is situated at Student Services building (Nappy Alley).

It was interesting to learn from the NSW Inquiry report on Education, tabled in parliament in November 1980 that the pre-requisite for initial employment in the department in 1987 will be a degree with four years full-time study. What happens to 3 year training and diplomas?

A petition condemning the present staffing formula will soon be passed around all tertiary institutions in the state. In an effort to raise public consciousness to the fact that currently 10,000 teachers are unemployed and classes are overcrowded.

The T.T.A. state committee were made aware that in some cases students, when midst a practice teaching situation, are forced to teach a subject foreign to their experience, eg. a history teacher is or could be forced to take a lesson in social science. What is the TTA?

The Trainee Teacher Association is affiliated with the Teachers Federation and is in existence to assist the student teacher.

Issues are discussed state-wide and the greater aim is to achieve uniformity in opportunity in each tertiary institution regardless of geographic location. This can only be achieved through active membership.

Membership costs \$2.00 and allows access to greater representation. In union we have strength. Problems can be solved, awareness increased. There are two parts to joining TTA Personal benefit as a result of the wider benefits of unity.

For too long students, the recipients of various action (Rivcoll/Goulburn Amalgamation) have been the forgotten element in policy decisions it is time we were considered, it is time for a change. Join now in the interests of better education.

Membership forms available and further information from Helen Buchanan, B Block, Main or C/- TTA Pigeon holes in Union office.

## SOCCER

Well I hope you all had a good Easter I hope you all celebrated it in the traditional way, that is, got drunk.

Fellows dont forget training this week. Tuesday 5pm Sth Campus, Thurs 5pm Nth. These two runs are very important as this Saturday we play our first competition game against R.A.A.F.

This game will be held at Maher Oval Rules Club, which is now our home ground.

All you students that have nothing on that afternoon, come to the game, admission is free for students, and we need a bit of support.

This Thursday we will have a a guest, an Umpire from the R.U.A. He will train with us and after training he will give us a mini lecture on new rules. It is important that we have a good time this night as all players will find it beneficial.

**WANTED**  
PARTIAL ACTIVE PEOPLE TO RUN THE BOUNDARIES EACH WEEK FOR THE PIGS. THIS MAY BE A PAYING PROPOSITION. ALSO ANY PERSON (MALE OR FEMALE) TO ACT AS GOAL UMPIRE OR RUNNER.

The Pigs desperately need people to fill the above jobs. So if anyone can assist (including girls) please contact me or any of the pigs.

Friday 24th April - 4-6 at the old tennis courts - sth campus.

Thursday 30th April 12-2(comm lunch hour) at the Main Campus Oval.

The Intercol will take place on the long weekend in June, 6th 7th and 8th.

If you are interested, come along and find out more details.

See you there DONNA

### 1st Grade SOCCER

1st grade Soccer were superior in every facet of the game except goal scoring at which they were hopeless, brilliant build up and defence only served to highlight the R.B's lack of ability to put the ball in the back of the net. Final score was 2-2 our goals were scored by Oz and Wagga United Good games were had by Mark Cooper and Bruce Jackson played a non-stop game.

Could all new players please give me two passport photos in the next week.

BREEZY

### 2nd Grade SOCCER

On Monday 2nd grade again proved themselves to be invincible by thrashing the little turds from Wagga United 3-2 (even though Wagga United contained 5 Superleague players) Brilliant goals were scored by Martin Meech, Dave Oyston and Jude Antoni (Our African import). Despite one doubtful (handball) and one lucky goal by Wagga United early in the 2nd half the Redbacks showed the usual college determination, skill, flair, style, technique dexterity, proficiency, finesse, cleverness, talent, ability, ingenuity, experience, discretion, craftiness, cunning and enigration (randomly chosen word) to again put the ball in the net. A special mention must go to Tolly for his unorthodox brilliance in goals using villeyball, soccer, Aust Rules, League Union and chess techniques to stop the ball going in the net.

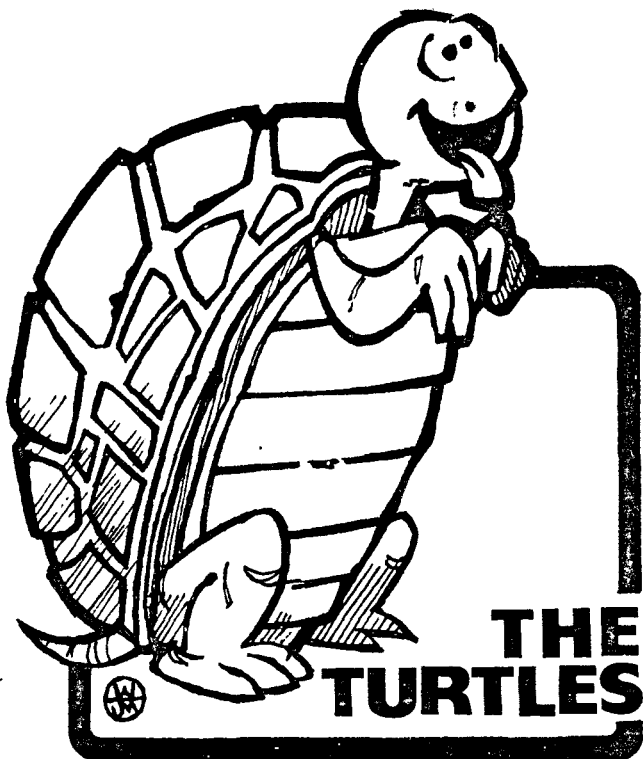

Next week is not a question of winning but by how much.

## HOCKEY: EASTER CARNIVAL Turtles On Their Way.

How can five people sleep in a two man tent?

Saturday, Sunday and Monday of the Easter weekend proved a valuable match practise time for Rivcoll Mens Hockey. Entering in B Grade, the Albury Easter Hockey Carnival was a testing ground for a group of desperate men trying to get their act organised for the forthcoming Intercol in Wollongong.

Playing five games over the three days and actually winning 3 of them surprised no-one more than ourselves. Wins against Old Wesley, RMIT, and Old Melburnians boosted our confidence greatly. A draw against Doncaster and a loss 1 nil to our old enemies, the Albury Falcons ended our chances of making the finals missing out by 1 point. The Falcons game proved to be a test of strength, Harry Crisp vs the opposition. Harry spent the whole game trying to get Falcons to hate him so much they'd forget about Hockey and they did. Jim Wallace (Barney's Brother) used his head and left the field, later being found on his back in the St John's Ambulance van with a rather large lump on the side of his head. Unlucky Jim.

Night life at the camp site (Albury Show-ground) didnt exactly live up to the usual standard of Turtles on Tour, except perhaps for Saturday night where everybody or most, were certainly on their backs by midnight. How do five people sleep in a two man tent? Kay says, "they take it in turn".

Jim Wallace (Barney's brother) also managed to win the Flickette competition by scoring 76 points out of a possible 100. The previous best being 48 scored by some superstar from Adelaide. You should look good running around in Wollongong with that new \$50 tracksuit on Jim.

Speaking of Wollongong, its on this weekend. The bus leaves Sth Campus at 4.30pm Friday 24th April. It'll be a 6-7 hour trip so organise yourselves accordingly. Both teams are looking good so lets see if we can bring back the goodies. Remember for those whd are selected in the CAE sides theres possibly a

trip to New Zealand.

So lets go Turtles, lets drive Wollongong something terrible.

## VOLLEYBALL

### VOLLEY BALL REPORT

I would like to apologise for last weeks effort, of not getting the report in, sorry.

Well, after your relaxing Easter Break, everyone should be fit and healthy to get back into volleball (thats if you didn't go to the Griffith wine festival).

General training is still on Thurs lunch time in the gym, so lets get motivated and go along.

# SQUASH

## SQUASH

At last the infamous RivColl Squahs Club T-Shirts and sloppy Joes have arrived.

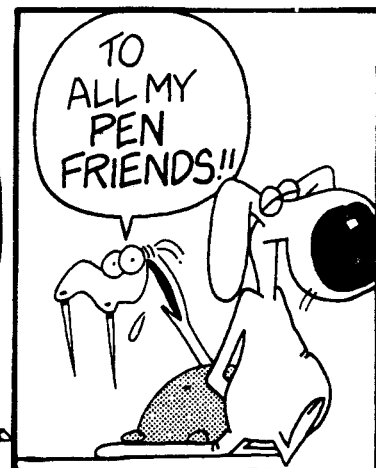

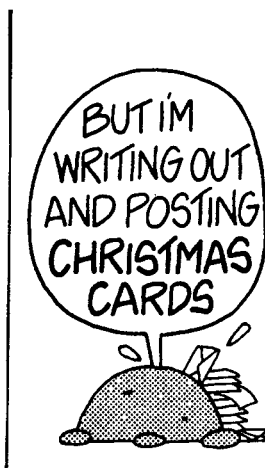

To cover costs we have had to make the following apply as T-Shirts \$6.50 (sizes 10-20) and Sloppy Joes (\$14.00 sizes 10-20)

There has been a reasonable response by way of purchase and comment of our uniquely designed logo etc, so how about all you Squash guns out there coming to the party to become an identifiable component of the new breed Squash Club.

Speical mention must go to Brian Gillis our publicity officer who designed the Squash logo and made out the Open day Squahs tournament banners, I have ample supplies of T-Shirts and Sloppy Joes in my room(C44 Main) so come along if you require any of the above, or leave your name in the Squash box (union office) or through the pigeon Holes.

The bus leaves at 4.30 pm Friday South Campus Potunda for the Wollongong Intercoll
