EDITORIAL

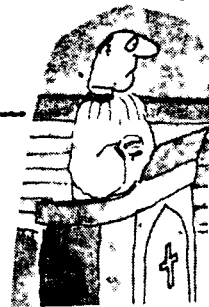

Welcome back to all Graduating Students we hope you have a rage while back at Rivcoll and wish you best of luck for the future.

From all reports it appears Open Day was a success despite a few people's efforts to upset some of the activities. ie, the Film Festival (however not all the blame lies on the aggies from what I've heard!). As you can see from the letters we recieved very few of your 'actions' were appreciated.

This week get along to the Grad Ball and make it a memorial occasion for all those returning ex-students; see Bacchoi if you haven't had a chance yet and support the Film Club by 'watching' the films.

Yours in Green

Belinda

Letters

To the Editor,

Just a comment on the Film Festival held last Saturday night. The films were great and certainly filled in the evening come morning.

However there were a few draw-backs. One was the noise level being in the background. Noise created by a rather large number of so-called human beings, than ran riot near the bar. I wouldn't like to say who or what they belonged to but certainly a great majority of them were Aggies. Did all these people pay to get in, or do they have a special pass that allows them entry through the passage between the bar and carpark? I haven't seen a sign saying "AGGIES HAVE RIGHT OF WAY".

To me the Film Club is an organisation trying to build up a large clientele thus enabling the hire of bigger and better movies. This requires the support of not only students, but staff and townies as well. I'd bet that it would be a long time before a certain staff member and his family return to a Film night at the Union, after witnessing three idiots display their not so impressive hairy rings directly after the second movie. What has happened the the policy of behaviour in the Union?

Possible answer, - "if your not interested in a clubs activity in the Union, why not just fuck off". Beer can be found elsewhere in town without having to annoy the rest of the population of students.

Well done to the film Club, considering the obstacles encountered. Looking forward to the next festival.

Wal Murray

"ARSEHOLES OF THE WEEK"

The title of "Arseholes of the week" must go to the "aggies" (sic) who made such dick-heads of themselves at the Film Festival in the Union on Saturday night.

Not only did they exhibit such utter contempt for their fellow aggies organising the films, but also a disdainful attitude to all others present including a number of family groups who actually paid to see the films.

Your incessant talking and laughter, and attempts to focus attention upon yourselves is a reflection of your immaturity and inability to cope with student life in a tertiary education institution.

It makes a farce of "Open Day". Brown eyes are now really quite a boring act and rather a pathetic attempt at barbarianism.

All you did was show what arseholes you really are!

Phil Stein

Dear Editor,

As can be seen by the criticisms levelled at men by womens libbers and the criticisms levelled at women by mens libbers, people need to be liberated.

I, as well as many others at College, have been liberated. Guilt ties us up, so does criticising others, and being envious, and many other things.

We've all done wrong so we must be punished. But God had a different plan. He sent His Son to die on the cross, to be punished on our behalf. When we realize this and we thank God committing our lives to Him, we become new liberated people. God, having forgiven us, makes us free to forgive others, doing away with guilt and hate. His love makes us free to love others, even if they dont love us back. His acceptance makes us free to accept others. We can be free of worries, financial and otherwise, because He who gave His own son, how will he not give us all things? We also dont need to worry about death, because it is God who sent His Son to die for us, and nothing will separate us from His love.

Everyone should be liberated - the Liberator is coming again.

To the Editor,

I write to you and the fellow readers of BARCH for the first time. Your magazine is one, certainly one of the best, free publications around. Most articles are free of political biase and generally are well written. NOW, when is Mr John Charles Napier ADAMS going to stop his simplistic vendetta against the College Youth Worker.

If Mr Adams would get his head out of his arse and look at the good work this Uniting Church Youth Worker is doing he would realise as most of us realise that his views are not worth a pinch of shit.

Come on John I would have given you slightly more brains than you have shown us in the last two editions of BARCH. It is quite common knowledge and always has been that the new Youth Worker was a member of the Uniting Church, (just look at the symbol above his name sometime). Oh, I am sorry John, I forgot that you can't read.

You really are a detriment to your profession John, although I find it difficult to attach you to some profession (maybe you could join a Union as a muck raker, you are certainly showing that you have a low enough aptitude for the job).

Yours, closer than John to heaven,
Part-time student from the Wagga environs

LETTERS

CONT.

Dear Editor,

Reference: Letter to Barph week ending 29 March, 1981 signed Dave McPherson.

Some statements and observations of Dave's letter need to be explained and refuted.

1. At no time were students hired "cheap" or otherwise to carry books upstairs - long suffering library staff did all the carrying for the past FOUR months.
2. We do not consider that Dave is incapable of pressing a button. The reasons that no-one can travel unaccompanied in the life are:

a. the lift, since the building was opened, has given nothing but trouble. Staff members have been trapped therein on several occasions, we are protecting life users who may panic should the lift fail - Library Staff know the procedure to follow, casual users do not.

b. the lift opens onto "staff only" areas. I am afraid we cannot allow non-library staff to wander through these unescorted.

c. as to Dave having to wait for an escort, there should be no delay between the hours of 9-5, but at other times when the loans desk is manned by only one person, someone will have to be summoned.

At the time of writing, the lift is in operation again but for how long we do not know, so perhaps Dave should come to the Library straight away and get books for his next few assignments. Pretend it is like the parting of the Red Sea and be quick.

Serials Librarian, IRC.

Dear Editor,

As a former correspondence student and now a mature-age full-time student I would like to compliment the organisers of the Larrikans concert.

My wife and I thoroughly enjoyed the concert and wish our pleasure to be noted.

Unfortunately there is not many folk concerts presented for students.

"The Larrikans" performance may herald a few more!

Yours etc Don Gallagher

EXECUTIVE OFFICERS REPORT

Open Day Unfortunately for the Union the weather was once again not conducive to encouraging the numbers of people expected on Saturday. One cannot help but smile at the glowing reports published in the local media which indicated that in excess of 5,000 people took advantage of the Open College. From the Union's point of view, the day was an unmitigated financial disaster due to many problems apart from the weather. The main problem of course is the split campus and the logistic problems such development creates. Hopefully next years open day will see a much closer liaison with T.J. and the Christian Fellowship so that the weather can be looked after, and even perhaps a change of venue to Goulburn (or perhaps Mitchell).
Walla Walk

Whilst speaking about split campus development it is worthwhile remembering that this campus is supposed to be essentially for pedestrians. Surely the upgrading of the walkway between two campuses should be given a high priority. A sealed surface and lighting, with a couple of shelters along the way certainly seem to be needed.

A Boorooma Union

The Union is currently conducting enquiries in the hope of establishing a student facility on Boorooma Campus. This facility will hopefully include the operations of the canteen currently located in the Swan Theatre Foyer, some of the operations of the Union Store, change facilities and public toilets for the Boorooma Oval(s) and a small liquor bar. Readers comments and suggestions would be appreciated.
Graduation 1981.

A special welcome to all 1981 graduates who are returning to the College this week. The Union has arranged the Graduation Dinner and Ball in such a way that Graduates have a maximum amount of flexibility to attend the dinner only, the ball only or both the dinner and the ball. There will be an old-time orchestra engaged until around midnight for all you fans of the progressive barn-dance, fox trot and quick step. From midnight on - those graduates who wish to stay on can rage to a Carlton Rock Band.

Gown hire will be in the Office of the Union and we ask graduates to bear with us during this ordeal.

Graduation Ball

Rivcoll Union extends an invitation to all graduates and their friends and all students to attend the Annual Graduation Ball on Friday April 10, 1981. 9pm - 3am.

The 1981 Graduation ball will be a formal Black and White Ball (ie. for gents a suit and a tie is a must). Persons not suitably attired will not be admitted.

An old-time music band, the JUNEE BLUE RHYTHM ACES will play until midnight when top Melbourne rock band THE FABULAIRES will take the stage.

The venue for the Ball will be the Union Auditorium. Bar service will be available. Please note that licensing laws prohibit the bringing of alcohol onto the premises.

THE FABULAIRES are described as a sixties rock band with the raw edge of early Jo Jo Zep and The Falcons.

Their repertoire include classic sixties covers, 40's swing music, rhythm and blues, soul and choreographed dance steps.

The Fabs line-up includes two lovely lady singers on vocal/harmonies, guitarist/vocals Wayne Burt (ex-Falcons) and the rhythm section from STARS.

The JUNEE BLUE RHYTHM ACES need no introduction to old-time dancers in the Riverina.

The band has been together for more than forty years and has played more gigs than Cold Chisel.

Every effort is being made to create a Ball-room atmosphere with decorations, layout and formal dress.

It promises to be a gala occasion.

All graduates have been circularised and given first offer on tickets. Remaining tickets are now on sale in the Union Office.

PUBLIC LECTURE

The College have arranged a Public Lecture Forum with Mr Justice Kirby, the Chairman of the Law Reform Commission on Friday April 10 at 11am in the Swan Theatre.

All this and world War II

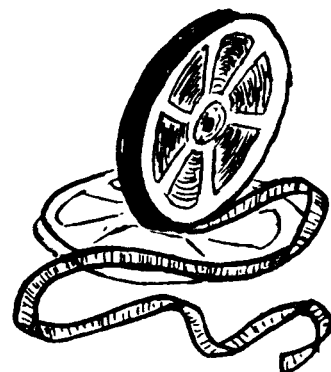

A motion picture to be seen, to be heard but above all to be experienced, ALL THIS AND WORLD WAR II is unique in concept and execution.

There has never been a motion picture like it. There can never again be one like it.

You can't put it in a category such as "chase suspense" or comedy mystery" because it defies comparison. You can describe it, but it is almost impossible through words alone to convey its excitement and individuality.

To begin with take the widening fascination with the central event. There is today, among young and old alike, continually expanding interest in what was hopefully the last of the great world conflagrations.

Last Waltz

At its core, ALL THIS AND WWII is a fascinating selection of filmed reportage of that entire turbulent era. But the film is much more than simply documentary coverage of those cataclysmic years. ALL THIS AND WWII vaults to a new level of inspired entertainment brilliantly setting this overview of a world at war to the counterpoint of more than twenty songs composed by John Lennon and Paul McCartney of the Beatles and sensationally performed by some of the greatest rock artists in contemporary music. The result is astonishing....moving....spectacular.

Russ Regan, President of 20th Century Records, is executive producer of the film which was directed by an exciting young talent, 24 year old Susan Winslow. Sandy Lieberman, who produced "That Will be The Day", "Stardust" and "Brother Can You Spare A Dime" and Martin J Machat were the film's co-producers.

With consummate musicianship, Lou Reizner worked round the clock to transform dream into reality, brilliantly wedding the following large roster of talents to the unified concept of the film:

AMBROSIA, THE BEE GEES, THE BROTHERS JOHNSON, RICHARD COCCIANTE, LYNSEY DE PAUL, DAVID ESSEX, BRYAN FERRY, THE FOUR SEASONS, PETER GABRIEL, HENRY GROSS, ELTON JOHN, HELEN REDDY, LEO SAYER, STATUS QUO, ROD STEWART, TINA TURNER, FRANKIE LAINE, KEITH MOON, FRANKIE VALLI, THE LONDON SYMPHONY ORCHESTRA, THE ROYAL PHILHARMONIC ORCHESTRA

Smiling Men With Bad Reputations

Freddie thought he was cured thanks to the wonderful skill of the surgeons. Little did he know that the FEAR was like syphilis and he was about to move into the secondary stage.....

Everything was going well and Freddie thanked Malcolm Fraser daily for letting him attend such a wonderful place as Riverina College. After all, not everybody could be so lucky and in the race of life, Freddie knew he had a head start. However the dreaded FEAR hit him again like a Red Rugby forward charge. Terrible thoughts crowded his mind.

This is what he thought:

Why does the Labor Party exist? He could find no reason why it should be. All Labor does is borrow money overseas, put the boot into friendly capitalists and stir up union trouble, or at least that's what Freddie thought. How could such ratbags justify their existence?

All these questions confused poor Freddie. And as you and I know, readers, they have no answers. The Labor Party, of course, is full of trivial wankers who can't even defend themselves against a cretin like John Kerr. What sort of a political party is it that can be beaten by an alcoholic old git who falls over drunk at public occasions?

The secondary stage of the FEAR really had Freddie in its clutches now. He tried to dispel these scornful thoughts by going to the Union Bar to see if there was anyone there who knew anything about the Labor party. He hoped to find out why people voted for them.

Ten middies later, he didn't care too much anyway. Somebody said, "Hey Man, come outside I've got some unreal ganja - just scored it from a Vietnamese refugee in Wollongong".

Freddie didn't know what this was all about but he went outside and was soon inhaling a smouldering hot one. It made his head spin and he thought that everybody looked very far away. He mumbled something to them and then wandered off into the night.

Those disturbing questions still plagued him, so he sat down under a tree and tried to think. Little did he know it, but the FEAR had progressed through the secondary stage and into the third and final stage. His mind was playing strange tricks when suddenly Bob Hawke appeared before him.

"How ya goin' sport", said Bob. "Jeez, ya look a bit crook in the guts", he continued as he examined Freddie more closely. "Don't worry, I'll sit here and talk to ya, cheer ya up, like."

Cont. 'Freddie

Gets the Fear'.....

Seeing Bob was such a freindly fellow, Freddie blurted out all his troubles. He asked Bob how God could possibly have made the Labor Party.

"Well", replied Bob, "Maybe you should ask all the people who vote for them. They got more votes in the last election than any other party, you know, but they didn't get to govern.."

Freddie couldn't tell if this was really happening or not but he listened as Bob talked on.

"....and unemployment has worsened under this present Liberal government. There are more people out of work now than ever since World War II and it's still increasing..."

Freddie was amazed at these things he was hearing. He had heard them before, but had paid no attention. Now they were vital.

"....and ten percent of Australians own ninety two percent of the wealth of this country and they avoid paying tax on it too because of all the loopholes that the Government provides them, which doesn't really fit in with Treasurer Howard's statements about sharing the tax burden fully throughout the community....."

Freddie, stunned, felt on the verge of an enormous crisis. The FEAR virus that the Mystery Man had shot into him from the library roof told him to ignore this commie fool, but he seemed to be making awful sense.

"....and now the Amercians are going to fly their nuclear bombs over here without telling us....."

What was heppening to Freddie? His pulse was quickening, his eyes were bloodshot and he was struggling to stand up.

"....and Fraser is talking of re-introducing tertiary fees, as if he hadn't buggedged up our education system enough as it is..."

At this stage, Freddie could take no more. This new and startling information was creating enormous conflict in his overworked brain. He got to his feet and ran off into the night screaming obscenities as the FEAR finished him off.

He was never seen again.

Amnesty International

Amnesty International has received reports that on January 9, 1981 between 2 and 5 in the afternoon, army soldiers from the Brigado de Cuartel San Carlos raided the Publications Department of the Ministry of Education, in the City of Mejicanos in the Department of San Salvador. The Director of Publications and General Manager of the Publications Department of the Ministry of Education, Jesus Romero Galdamez, was arrested together with seven other members of the staff.

There is serious concern for the safety of all eight people.

During 1980 some 8,000 Salvadorians are estimated to have died by violence, many of them summarily executed by the security services. People have been killed because of their association or alleged association with peasant, labor or religious organisations, or with political parties or other organisations which do not actively support the present government. Although human rights abuses have taken place against a background of open conflict between government forces and several violent guerilla organizations, victims of torture and death at the hands of the security services have not generally been shown to have had any direct involvement in armed guerilla activities. Most of the deaths have occurred after defenseless people have been seized from their homes or places of work.

The government of El Salvador has claimed that "independent," "anti-communist" assassination squads beyond government control are responsible for these abductions and killings. However, evidence collated by AI from hundreds of individual cases proves the responsibility of the regular security services for serious violations of human rights. By continually attributing detentions, torture and killings to groups beyond government control, the government seems to be seeking a means of evading accountability for the actions of its security services.

On December 3, 1980 AI sent a message to the General Assembly of the United Nations, pointing to the overwhelming evidence that Salvadorian troops were responsible for the detention and murder of six opposition leaders, members of a coalition of opposition parties, the Frente Democratico Revolucionario (FDR), and urging member states to condemn the killings as actions which "defied and outraged" the minimum standards of government conduct. The message also stated that government forces had been implicated in the murders of thousands of people during 1980.

RECOMMENDED ACTION: Telegrams/airmail letters expressing concern at reports that these eight people have been abducted by the army, requesting the government to take immediate action to guarantee their physical safety, and urging their immediate release unless charged and brought before a court of law.

Please send appeals to the El Salvador Embassy, 2308 California Avenue, N.W., Washington DC 20008.

SPORT VOLLEYBALL

Results of last weeks games are:

The Mens 1 team Cyclops, had a loss 1:2. They played an excellent 1st set with everyone playing well but a lack of concentration in the 2nd and 3rd sets saw their play deteriorate. Alex played a good setters game, while Stuarts digging skills have improved greatly.

The Womens 1 team Waminda also had a loss, 2-0 against the Koorungal girls side. We played in patches, one moment good and the next, bad, so we will have to get together at training and work it out, especially in the area of simple basic skills which everyone needs to improve. Features of the game was the improvement of our blocking skills and the specky coverage up the court by Sandra.

Quote from Kerrie - "you played with finesse" (!?)

The womens B2 team Rugbyettes had a loss 2-1 despite the fine coaching of Brian (who may have to read the rule book). This team has heaps of enthusiasm and spirit so just "trying and training" and you will give a "gutsy effort" (quote from the coach).

The Womens B2 team Wilbur had a forfeit as the other team, due to unforeseen circumstances were unable to play. The Mixed Team had a loss.

The Turtles womens team eventually got their win 3-0. They really impressed everyone at Bolton Park with their impersonations of a turtle - "on your back or on your way".

The Turtles mens team was unlucky to lose, 15-7, 15-13, 8-5. Greg tells me there was a drastic improvement in everyone's play but could be better if everyone attended training.

The Women B team All Sorts had a loss. This team has improved greatly through training and this was apparent in their game on Thursday night, even though they lost. They have heaps of spirit, with a mixture of players, come on Debbie touch the net.

GENERAL NOTICES

T Shirts will be printed by this Thursday, so the onus is on you to come and collect them from the Union (general meeting) in the common lunch (12-2). Send one team member along to collect the T Shirts. If you dont collect them in the lunch hour then you have to call around to 32 Travers St and get them. If you or your team dont have the correct uniform on Thursday night then you pay the penalty (loss of points) so please collect your T Shirts.

Each team member has to pay \$3 for registration fees by this Thursday. This situation has occurred because the Union is only going to pay 60% of registration fees, so we have to make up the 40%.

Would you please give your \$3 or whole team money to John White (can be found in the Union usually) or bring along on Thurs. night please.

The volleyball club is going to hold its own Referees Clinic on Monday 13th April in the common lunch 1-2 in the gym. Each team should send along as many members as possible.

The referees exams were postponed last week because the Rule Books did not arrive a new date will be set for this exam.

For your own benefit, each team should purchase a rule book.

The date (suggested) for the volleyball intercol is the 23rd and 24th May at NSWIT (Sydney) so start thinking about if you can and would like to go.

On the 23rd April - 3rd year General Primary students are going to a camp so would you please notify us this Thurs if this is going to affect your team numbers (you have to give notification of forfeits).

On Wednesday 15th April the Volleyball Club is going to supply HOT DOGS for a dance at the Union. A roster system will be drawn up for each team, so notify us on Thursday when you can do a duty. Lets get involved in these fund raising activities, as they will enable us to buy balls which we only have two of.

There is going to be a general Volleyball meeting this Thursday in the Union. The onus is on each team to turn up and find out what is going on.

There will be no training in the common lunch hour because of the graduation ceremonies being held in the gym.

Dont forget to write a team report about your game on Thursday nights to put in Barph.

Dont forget to pick your T Shirts up.

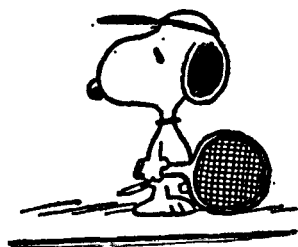

The Draw for Thursday 9th April is:-
Waminda - 8-10 Court Duty.

TENNIS

TENNIS (for anybody)

Again washed out to a certain extent. A few keen players did take to the court. However, balls did become a little slower due to dampness and play was abandoned for the day.

Lets hope next weekend will prove to be more advantageous to the finer game of tennis. Play again starts at 1pm, Sunday, at South Campus. Lets see you serve.

JUICE.

Last Friday was Terry Fullers birthday. To mark this festive occasion the Pigs had a keg. Thanks goes out to Terry who brought an '18 while the club purchased a '9.

Unfortunately there was a poor turn out to the keg. However, the blokes that did show up put in a gun effort to polish off the '18. While Terry and a few other fronted up on Sunday morning to finish the '9.

Now back to football. This Sunday the Pigs play Lockhart at Lockhart. The Pigs will leave Sth Campus (old Rotunda) at 10.00am. Anyone needing a lift turn up ON TIME.

This Wednesday we play Wagga High at Maher Oval (Rules Club) at 4.00pm.

Training on Tuesday will be held at South Campus. Thats all, see you all at training.

The Magnificent Multi-culturist.

P.S. Thursday training still at Nth Campus.

NETBALL

The response to the netball club has been good this year. On Sunday we had four teams turn up to grading day at Bolton Park. The official teams will be displayed on the Sports Notice Board this week.

It is now up to each team to decide who their captain will be in order to have pinnies, oranges, first aid, training, transport to the park and other domestic matters organized. Each team will be responsible for seeing that the correct amount of players turn up each week in the proper uniforms. The club cannot be expected to pay forfeit fines for incorrect uniforms or teams not turning up. Therefore it is essential that proper organization and preparation be done prior to the commencement of the season.

Thankyou to all those players who have sold raffle tickets. It is good to see the enthusiasm. If more books are needed please see Sandra Smith our brilliant treasurer! Please also could you hand all the Wagga Netball Association Registration forms for 1981, that were handed out on Sunday, to Lyn Doyle our busy little secretary.

Watch notices for meetings. They are usually located in Swan Theatre canteen, next to the telephones outside main campus canteen, and or course where all good sports notices should be. On the sports notice board outside of the Union bar.

Any other questions, problems, enquiries etc. see our resident president, Sue Bianchini Room 10 Doman Block OK? OK! See you all at the next meeting, Thursday 9th 12.30 in the Union.

Marie Louise

P.S. Registration fees due by Thursday at the latest - see Sandra Smith or Sue B in Rm 10 Doman Block.

TURTLE NEWS

TURTLE NEWS

Saturday saw the ladies participate in the pre-season grading day. Ladies A Grade won 2 of their three games 1-0 and drew the third nil all.

B grade ladies playing with only nine players showed their form and drew two games and lost one. Their opposition had eleven players so well done.

This weekend sees the commencement of the competition for men and ladies. So if possible please have uniforms or as close to the uniform as possible.

Training tiems will be the same - Tuesdays and Fridays so please be there promptly so that training can begin with everyone together.

Until next time turtles.

G B Turtle

Turtles One - Hares 0

Third time lucky. The ladies team finally came out of their shells and conquered the opposition. In true turtle style, after a slow start, with some fine serving by Debbie Jones and some stunning floor work (where every good little turtle should be) by Olive McWhinney, we won by a miraculous margin of 3-0 sets, the big times at last.

The girls at the end showed the style and form that earned them their names and demonstrated their skill in turtling, ie. on your backs.

A sadder story for the boys however and a reversal of scores, 3-0 against. The boys finished on their backs and the girls on top. This is when the evening came to a climax.

Touche Turtle

P.S. Was the Port the real killer Debbie or was it the Scotch.

P.S.S. Is the rumour true that number "four" is starting the flagoon wall again.

Squash Report

Well at long last the inaugural Staff V. Students squash tournament reached fruition under the guise of an Open day encounter.

A somewhat depleted Staff team put up a credible performance in going down 2-3 against a full strength Rivcoll Student team. The casualties for the students being a somewhat River-keg hungover Alan "Clapper" Centofanti against David (Desperate Jones and Alan Norris to Doug Stewart. Peter Reynolds had a marathon battle against Michael Redden in a thrilling contest that went to five sets and lasted nearly an hour.

Special thanks must go to Michael Hough and John Louis who filled in at the last moment for Tony Hepworth and Stuart Helliwell, who had other open day commitments. It is hoped that in the not too distant future a commitment free full strength staff side will challenge the students to another match with the prize for victory being in the form of annual perpetual staff V Students trophy sponsorship or funds willing.

The student side that played on Saturday comprising of Peter Reynolds, 1, Alan Norris 2, Justin Byrnes 3 or 4, Gary Green 3 or 4, Alan Centofanti 3,4 or 5, is the at the moment the probably State Intercol side to go to Wollongong. However if anyone feels that they are capable of handling any of the above then they have only to turn up to practice on Sunday the 12th from 2-5 to stake their claim.

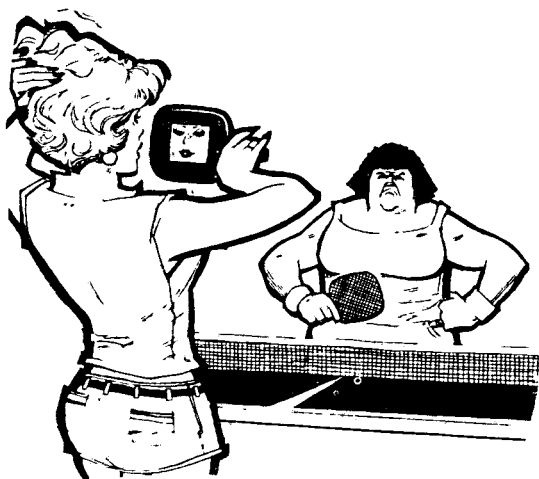

The same applies to any females who are similarly intent on challenging. At this stage the probable womens team would be Wendy Reynolds, Debbie Mason, Linda Worling, Deidrie McDonald, Vicki Treseder. Last year Rivcoll squash teams performed brilliantly at the State Intercol to win both Mens and Womens titles so lets hope that record can be kept in tact.

It would seem that some students are not too desirous of having the squash properly organised. There was an instance where a student lost the court because he went outside for a couple of minutes to obtain a ball from his car after the original ball was busted. This is just not on, if he booked (and he did) then has priority and no-one should be entitled to gate-crash on to the court.

Remember it takes precious little effort to write ones name in the squash book provided at the courts (weekends and evenings) or to go directly to the Union where a bookings book is provided for day use. A proposed coaching day is to be conducted shortly, so any interested people intent on improving the court skills please contact me via the normal channels or through any of the squash committee.

A general squash meeting will be held this Tuesday 7th April in the common lunch hour (12-1) in the Union meeting room. So all you comp squash players and others feel free to come in. Those players mentioned as being part of the intercol team to Wollongong must turn up this Sunday for compulsory practice.

PING PONG

Colleges disastrous performance in last weeks round of the table tennis competition left much to be desired. Our College teams recorded 6 losses and only one win. Doug (coach) was shocked and claims that this was our worst result in four years.

What happened last Tuesday night?.... Well....8 players didn't turn up. Eight players out of twenty one players. Over 1/3 of our players didn't turn up. If for any reason a player cant turn up on a Tuesday night they could at least get in contact with Doug Stewart or else arrange for someone to take their place.

Anyway, although many of our players didnt turn up, of those that did, most played very good games.

Olive McWhinney was one of these. She was the only member of her team to turn up, and she played brilliantly for RCAE blue, she won all three of her games. Olive then played three games in the next grade (B2) for RCAE green.

She won two of her games and helped green slaughter their opponents, 9-2. Janelle Lewis and Peter Clark also played well in this grade, winning 3 and 2 games respectfully.

RCAE Silvers Michael Menz also fired to win all three of his games in the B1 grade. However this was not enough to guarantee victory and Silver lost the match narrowly 5-6. Randal Griffiths won two of these games.

All members of the College A Grade side (Red) turned up on Tuesday, however they recorded their first loss 7-4. All players played well with Stuart Helliwell winning two games and Pat Keogh and Mick English winning one each.

RCAE Orange lost 1-6 in the A Reserve grade with Hiew saving the team from being white-washed.

Colleges other A Reserve team (Grey) lost 3-8 with Brian Gillis winning 2 games and Julie Whitla winning one.

RCAE Pink also lost 4-7. Sandy Morton was the only regular team member to turn up and she won two games out of the three that she played.

I hope to see all our players turn up for next weeks matches and I am sure that our results will be much better.

Carol.

RUGBY

RED RUGBY REPORT

RCAE Vs GRIFFITH

The Riverina Rugby comp. kicked off last Saturday, with a replay of last years Grand Final. The Rivcoll Red Devils lining up against last years Premier Griffith without the help of our beloved Mr Sir Spinks, Griffith made little impression and were lucky to come out ten points ahead at the final whistle. The game was quite tight. The teams were very evenly matched both having lost the bulk of their teams that met on that dredded afternoon last year. It was guts, with a ton of talent that kept the boys going last week. Best for The Devils were Cragi Turner (always on the bottom of everything), Peter Heart (The biggest 11 stone prop in Riverina Rugby) and the Pewter Winner, Harry Pavolodos.

The second Grade had more heart than anything else and were very unlucky to be beaten 10-13. Best for the Seconds were Andrew Durnow, Gerard O'Connor, Anthony Bush, and the Pewter Winner Alan Samuels.

R.C.A.E. Vs R.A.A.F.

Under the threat of Napalm Agent Orange and other things unprintable, the Devils pulled off a double header at forest hill on Sunday.

Firstly the second, who proved once again that guts and enthusiasm can conquer all. For the first time since I dont know when we had players to spare, thanks to all that turned up. The second ran out winner 10-3, with tries being score by Gerard O'Connor after toeing ahead twice and beating the winger and full back to the ball, our second try was score by Simon Fletcher. After some nice leed up work from the inside backs. Best for the seconds were Peter Carwell, Macila, Andrew Mead, Simon Fletcher and the Pewter Winner with 5 points to Gerard O'Connor who didnt stop all day (how far from losing your balls was it again gerard).

The first grade put on a great display of Rucking and running Rugby piling on 41 points to none. With tries being score by Dennis Brown, Dennis Mullins, Mick English, Tony Beard A field goal to Rick Ella Wilson, and goals kick by Brain Changa Laybutt and Dennis Brown. Everyone on the field played their hearts out and it was a very difficult task to dish out the points for the day and this is how they came our. Tony Beard 1, Allan Samuels 2, Dennis Brown 3, Emmanuel Psaltis 4, and the Pewter Winner with Five points Craig Turner.

Quotes of the Day

"You might be protecting the country but we're the ones who are going to run it.

We're going to have our way with your kids.
- Our Ag Club supporter taking on the RAAF hooker. "Piss off mate you're a bloody jerk, I didnt come here to fight".

Once again thanks to all players who turned up. And a special thanks to all the supporters. Supporter of the day went to Rhonda Teackle who out-sculled both the first and second grade pewter winners shame on you boys. A reminder that training is on Tuesday at 8pm and the teams will be picked then if you cant turn up see Les or Tim. Training this Friday will be at South Campus.

The game this weekend is against city and will probably be played at the Cricket Ground although it is our home game. So for a great Saturday afternoon of thrilling exciting, wonderful, orgasmic, beautifully superb, teribly terrific, ruckin rugby and an even better time after the game, come along and join in the fun.

And dont forget Fugby is a Rucking good game.

MENS SOCCER

The Rivcoll Soccer Club travelled to Junee on Sunday for a trial match against Junee Soccer Club. Only one mens game was played with College going down 3-2. Our goals were scored by Gordon Weir and Colin Moore. College played reasonably well and the loss was not through lack of trying (10 shots went wide of the mark in the 2nd half). Good games were had by Peter Ellicott, Keith Officer and Tony Watts (even though playing in unfamiliar position in the first half). Overall the team played well and as soon as teams and positions are decided upon, and our shooting improves, Rivcoll soccer could be in for a good season.

The competition proper starts on May 16 (midway between college holidays) Could all new players please get 2 passport size photos (for registration) and give them to me as soon as possible.

Training: Wed 7.30, Fri 4.45 - see notices for venues.

Breezy.

WOMENS SOCCER

Ladies managed a draw on Sunday against last years premiers Junee at Junee oval. The score was 1-1. College chalked up their first goal when a Junee player from the centre line hit the ball back to the goalie. Well the goalie Robyn happened to open her legs and the ball trickled through (the first goal College has scored for about 8 months). We were all too stuffed to chase the ball.

Well then we reversed rolls and the ball flew off Pams leg and went in their goal.

Once again Lya stopped many an attempt and Ros never gave in playing a top match.

From the grape vine our pre-season comp. starts next week and also the girls will most probably be playing the same day as the guys. (about time they took notice of us). Thanks everyone who came to support and thanks to Keith our fill-in coach.

Training times for women are Tuesday Sht Campus 6.30 - 7.30 pm and Friday 6.30-7.30. Be there.
