Soccer Presentation Night

From all accounts the soccer presentation night held last week was very well attended and enjoyed. Soccerites came from near and far and it was good to see such old identities as Chris Ash and Brian O'Connor in attendance, all the way from Sydney. Tea and Scones for the Boys

The Union review which was the best I have seen for many years, finished last Saturday! Most people who saw the review agreed that it was a very good show, well presented and acted.

Even though the attendances weren't the best, the casts spirits remained high throughout the performance. Special thanks to Kim, the two Peters, and Shane for making the review possible.

Well done everybody!!
 A.U.S..

This Thursday the N.S.W. Regional organiser for AUS will be talking to students on a forum basis in the Union commencing at 12.30.

If you have any questions about AUS, what its doing and where its going and particularly what they are doing for you, then please attend this forum.

The Union is currently paying approximately \$9,000 to affiliate with the Australian Union of Students (AUS) so this is your chance to

hear what the regional organiser is to say about students, the imposition of tuition fees and the results of the AUS "fightback" campaign.

Careers Week

Careers week was quite good and quite successful according to reliable sources in the administration.

However it would appear that final year students at Riverina College need more preparation for their future careers and it would appear timely if the College now appoint a full-time careers officer to assist students.

Tuition Fees

As revealed in the Executive Officers' column of last week, the University of Sydney and the University of NSW senates (which is the equivalent to our College Council) have refused to collect fees for second and higher degree courses.

Now the Griffith University Council of Queensland has also joined this small but growing band of Universities and Colleges that are refusing to collect this insidious fee on behalf of the Federal Government.

Mr Diffey layed a challenge at the feet of the College Council in calling upon them to take the same stance. As yet there has been no response to Mr Diffey's challenge and the outcome as to whether or not this college council will stand up for students will be finally determined at their next council meeting due to be held next month.

hat in the ring to contest the deputy leadership of the State Liberal party.

Out of a total of only 14 sitting members it would appear that on average, Mr Schipp has a large chance of being selected to this position; however the political pundits have been forecasting that, due to his past performances, should he be elected by the State Liberal Party, they are destined to be in Opposition for many, many, years to come.

Recession

In the Federal Government area the Fraser Government has been called upon to reverse its budget strategy before Australia slips into a deeper and longer economic recession. Malcolm Fraser has denied that Australia is heading that way and accuses the opposition of using scare tactics.

Interestingly enough the President of the U.S., R.Reagan has finally declared today that his government is now in an economic recession after months of denial.

AS Australia's economic situation is greatly influenced by the U.S. economy, it would appear that we are to be sucked into this economic morass, made worse some would argue by the present government economic policies. As any current home buyer would tell you, finance is extremely hard to find and very expensive, one spin off of the so-called mining boom.

Chill winds would appear to be blowing our way and the government is either

The film club is planning another film festival in the near future. The film club is always presented good movies during the festivals and I see no reason why the next festival should not be as good as the last.

Letters

Messrs N Diffey, R Gillett & J Adams,

Dear Sirs,

On behalf of the participants, staff and committee of the Wagga Wagga Community Youth Support Scheme, I would like to

thank you for your assistance and support in the fight to save the Community Youth Support Scheme throughout Australia.

Yours faithfully,
Sue Auld
Project Officer
Wagga CYSS.

The Editor
Dear Person,

Recently our Union passed a motion prohibiting the use and publication of Racist and Sexist comments and articles in both Barph and Race. Whilst not necessarily agreeing with this motion I along with many other dissenters have adhered to the motion.

However it seems that others have not, (a recent barph referring to John the) and now we see the latest editors of Barph, unable to make unfavourable comments on racism and sexism, venting their frustrations upon another minority group and allowing deeming cartoons to be published degrading fat people. The offensive cartoon on page 12 of the last issue of Barph is just as severe in its message as any so-called racist and sexist comments that have appeared in any union sponsored publication this year.

Therefore, we must come to a universal stand on content of union publications. Either the union prevent the use of deeming comments/articles that are racist, sexist or do can form an irreparable psychological damage to other groups on campus ie. fat people, short people, different people, disabled people etc, or we revert to the days when students could say what they

thought in these publications (and rarely really offend anyone). So come on Union board, make up your mind and get off the fence and make a firm stand either one way or the other.

Yours etc.
Spiros Stathis

P.S. I think that the last editors, Brenda Sims and Jenni Learmonth should publish an apology to all fat people over their deeming cartoon.

CARRY BARPH ON CAMPUS!

No Talent Quest

E² presents the NO TALENT QUEST on Thursday nite in the Union.

Last year's NO TALENT QUEST, which was arranged as a show by the innovative P3T theatre group proved to be immensely popular.

Unfortunately the P3T theatre group are unable to do the show as they are engaged in a major production for schools in Wagga.

As this column went to press negotiations were still proceeding with popular TV and recording star and school bus driver Ian.

"The Westerner" Cole to compare the show.

E² officials did not know whether Cole would be released from a lucrative television advertising deal.

Due to the exceptional range of "no talent" last year the annual talent quest has been cancelled.

There are some great prizes to be won including

- free cruise in a paddle boat around Lake Albert
- Free guitar lessons from Abraxas
- free enrolment in a music course at the Riverina Music Centre

This year the categories include

- No talent award
- Least Potential
- New No Talent

Please hand in entries at the Union office by 9pm on Thursday.

Intramural Touch Rugby

The semester touch rugby comp gets under way on Thursday October 22 during the common lunch with matches set down to start at 12.30

Strong interest has been expressed and eight teams will participate in the comp.

Intramural sport is designed for fun and participation NOT for zealous competition - so enjoy it.

Refer to the sports pages for the draw.

Club Budgets

A reminder to all club executives that club budgets for next year are now being finalised.

In the case of Sports club budgets these must be submitted by Wed Nov 4.

And for the Activities Club - their budgets must be handed in by Thursday October 29.

If your club has not received a budget form then please see me in the Union office

Film Festival

The Film Club presents another Film festival with a quadrilla "Exorcist I", "Exorcist II", "Carrie", "Audrey Rose" - in the Union Auditorium on Saturday nite.

Annual Blues Dinner

The Annual Blues Dinner will be held on Friday November 6 in the Union Auditorium.

The evening will begin at 7pm with a smorgasbord dinner.

The cost of the dinner will be \$5 a head and tickets are now on sale in the Union office.

Sportsfans keep this date free.

Tea and Scones for the Boys

Overall the response to the Drama Clubs annual production was very poor. It has been disappointing for the hard working cast and crew of Teach and Scones for the Boys to have such a poor response, particularly from students. Michevious and misinformed newspaper reviews certainly did not help their cause.

Congratulations and well done for an excellent show.

RTC - Moving In

The RTC's first productions under new direction Colin Schumacker opens on WED nite and runs until Nov 8.

The TRucking Company return to their own theatre on Sth Campus for this show.

Bookings at the 2WG Commerce Permanent Booking Centre

Warner in the Wild

Diehard true blue rock fans will be interested to learn that legendary rock cult figure DAVE WARNER has been the subject of a documentary film.

The film shot over three weeks followed Dave's tour of the remote Pilbarra region in north western Western Australia.

The film focussed on Dave including concert footage but it also placed emphasis on the environment, industry and the people of the isolated towns.

Dave's new single "Kookaburra Girl" is receiving good airplay on 3XY but has been largely ignored by the local radio station.

Dave's impending visit to the city has generated considerable interest but I believe he has Melbourne Cup commitments which may prohibit an appearance in Wagga.

EXECUTIVE OFFICERS REPORT

Can Education Fight Back

Many people may not be aware that last Tuesday October 13th was a day of action on many campuses throughout Australia. Students and academics are joining together to fight the proposals of the Razor gang and the Australia Government.

Many people in the department of Education have expressed dismay at the recent guidelines proposed for the recommendation of tertiary fees and believe that the scheme is unworkable and will result in massive dislocation when new students are enrolling for 1982.

Overseas Students

The Government will need to show a much greater understanding of the day to day running of Universities and College and the Department of Education if it is to avoid embarrassing and heavy handed treatment dealt out following the imposition of fees on overseas students. The fee payable by overseas students is deemed to be a visa fee payable to the department of Immigration and not an education fee. There seems to be a total lack of consultation and co-operation between the Department of Education and Immigration when it comes to dealing with the problems of overseas students. Several overseas students at this College have been on the receiving end of what can only be described as high

handed bureaucratic bungling, and if this is any indication of what is going to happen when tertiary fees are reintroduced then the proposal will prove to be both economically and administratively unsound. Cliff County.

There has been an interesting response to my scenario for the development of Cliff County and surprisingly most people seem to think that it is not so far-fetched and improbable as it first appears.

The County will be primarily funded from private sources and it is rumoured that Lang Hancock will donate the fees gained from the sterilization of half cast Aborigines in addition to the additional revenue

highly generated once Queensland and Western Australia are declared tax free.

Nominations are now being called for delegates to attend two conferences.
AUS Regional Conference: to be held on 21st November at Newcastle, N.S.W. and,
AUS Annual Council: To be held in Melbourne in January 1981.

The conference at Newcastle is on the weekend only and we are required by AUS regulations to have elected delegates to attend this meeting. The meeting has special significance in that the NSW Regional organiser for AUS will be nominated at this meeting.

The AUS Annual Council is the governing body of the Australian Union of Students (AUS) and determines policy for the forthcoming year. This conference is held in Melbourne where the AUS secretariat is elected and lasts for approximately 7-10 days. Accommodation and fares are paid for by the Union.

Nominations for these two conferences close on the 6th November at 5pm with the Returning Officer, C/- Rivcoll Union, P O Box 825, Wagga 2650.

If you require any further information about these two conferences then would you please contact Rivcoll Union.

AUSTRALASIAN UNION OF JEWISH STUDENTS

The President of the Australasian Union of Jewish Students, Mr Steven Glass, today expressed his shock and distress on hearing of the tragic death of President Anwar Sadat of Egypt. "As a man who rose from a poor peasant background to the highest position of a leader of his country, President Sadat has shown himself to be one of the greatest statesmen and visionaries of the Twentieth Century," said Mr Glass. "In spite of extreme opposition, he found the courage to end the long standing state of war between Egypt and Israel by visiting Jerusalem in 1977 and declaring his desire to find a peaceful solution to the troubles of the Middle East. This led to the historic signing of a peace treaty between Egypt and Israel in 1979 - marking the most positive and comprehensive step towards world peace this generation".

The vicious assassination of President Sadat is viewed by the Australasian Union of Jewish Students as a loss not only to the Egyptian people but to all those who seek peace in the world and Mr Glass noted with great distress the statement by the official Libyan newsagency that "we warn that any President who follows such a path will meet the same fate as his predecessor."

"We totally condemn this statement and other similar statements made by the PLO and other extremist terrorist groups", said Mr Glass. "However, we feel confident that the spirit of peace and co-operation inspired by President Sadat will continue under his successor and see the peace treaty reach a successful conclusion."

NOTICE OF MEETING

The 23rd Annual General Meeting of the Co-operative will be held in the Applied Science Theatre, Building AL 1 at the University of New South Wales, Kensington (enter via gate number 14, Barker Street) on Friday 20th November, 1981 at 5pm.

The Balance Sheet of the Co-operative, as at 31st August, 1981 together with the accounts for the twelve months then ended and the Auditors report thereon may be inspected at the Registered Office of the Co-operative Bookshop Ltd, 176-84 Bay Street, Broadway or at any of the Branches as from the 6th November, 1981.

PHILIPPINES PRACTICE TEACHING EXCURSION

The coordinator for Practice Teaching in the School of Education is organising another excursion for February 1981 - for third year early childhood and primary students, fourth year secondary students and Diploma of Education students.

This excursion has been very successful in previous years. Students have enjoyed the opportunity to experience another culture and teaching within a different system of education.

Teaching in Philippines schools provides an opportunity to teach English as a second language. Living with a host family in the Philippines is a great way to get to know the way of life.

The excursion is not all work - there are opportunities for sight-seeing, entertainment, shopping and relaxing at the beach.

The fact that the excursion is organised by an experienced leader from within the college means that you get great value for your money. A comparable commercial package would cost almost double the price.

For further information please contact Doug Hill, School of Education.

Saying of the week (contributed)

NOTICES

NOTICE TO STUDENTS

Due to the actions of a few selfish people who persist in stealing goods from the Union whilst the building is unattended, the Union Council is considering closing and locking the building at all times when a staff member is not in attendance.

On Tuesday night, October 14 a quantity of chocolates that the Union was selling on behalf of the PARAVICS were stolen. The PARAVICS, as the name suggests, is an organisation established to assist people with physical handicaps.

Please enjoy your ill gotten gains whilst you can, if you are caught, you will be referred immediately to the police, and I will personally press charges against you for stealing, which is a criminal offence.

Uranium Mining in S.A.

Dear Friends,

We are writing to inform you that the Campaign Against Nuclear Energy in Adelaide are organizing a boycott of British Petroleum from October 4th.

B.P. are currently spending \$50 million on exploration of South Australia's Roxby Downs gold-copper-uranium site, in which they own a 49% interest. Being a petrol retailer relying on good public relations, we can have an impact on them if enough people throughout Australia support us. It is important that the boycott becomes National.

Your help is vital if we are to have any chance of stopping what will otherwise become one of Australia's largest uranium mines.

Yours for a Nuclear Free Australia,

Not only is Bali the tropical paradise that we've all heard about - superb beaches, cheap living, great food, etc. It also offers a rich and unique culture, which adds greatly to its beauty.

Of all the Islands of Indonesia, Bali alone is Hindu, which has resulted in a friendly people, with an unhurried lifestyle and amazing hospitality.

Tourism is now big in Bali and has, of course, had a considerable impact on the island. However, it has largely been contained to Kuta and Sanur. Thus, the visitor can enjoy all the pleasures and comforts of these places, and still see the real Bali, with its temples, villages and festivals and its smiling people.

Definitely one of the most relaxing and beautiful places to take a holiday.

Spend your Christmas Holidays in Tropical Bali.

PORT MORESBY - Australian Aboriginals had probably been given too much money by the Australian Government, according to Papua New Guinea Prime Minister, Sir Julius Chan.

Sir Julius made the comment to reporters just 30 minutes after arriving home from the CHOGM conference in Melbourne.

He had returned via Queensland spending three days in Brisbane at the invitation of the Premier, Mr Bjelke-Petersen.

Asked why he had not pursued grievances raised by aboriginal groups before CHOGM, Sir Julius said: "Well this is Australian business and if Australia wants to give them more money it should.

But I think that more is not necessarily better - and this is probably the case with the Aboriginals.

They have been getting a lot from the Australian Government which has probably depreciated their values and they are not prepared to work anymore.

I sometimes put my head into some of the (Australian) pubs and you see a lot of them there".

Sir Julius said he did not want to comment in depth on the Australian Aboriginal situation and how they are treated by the Australian Government.

"But on paper it seems they have been pretty well treated," he said.

"In the northern part of Australia roughly 3 per cent of the population occupy 27 per cent of the land.

The Aboriginals have rights to their land - which the ordinary Australian doesn't - and because they own the minerals below their land they get royalties out of mineral extraction from that land".

Sir Julius said Aboriginals also appeared to receive "substantial" social security benefits and had their own Aboriginal Affairs Department.

He said he had not taken up the Aboriginal issue at CHOGM because he was not given enough facts by Aboriginal groups.

What's left?

PCBs (polychlorinated biphenyls) have been found in every sample of breast milk from 2,000 nursing mothers in Michigan USA. Concentrations varied from a trace to five parts per million. The average was 1.5 ppm. PCBs are known to be extremely carcinogenic but the effects on infants is not known. In the US, cows' milk containing 1.5 ppm of PCBs cannot be sold.

Energy outlook

The US Department of Energy reports that oil is expected to cost up to \$49 a

barrel by 1990. The report sees the US demand for oil dropping by 5 percent to 30 percent of the world's total.

Coal use is expected to quadruple while natural gas production will fall rapidly for the rest of the century. Nuclear power will double, the report claims, to around 9.2 percent of the US energy output.

Westinghouse on the boil

Westinghouse Corporation has just contracted to supply reactors for South Korea's seventh and eighth nuclear power stations. Both are scheduled for commercial operation by March 1986, and will cost \$1,590 million. South Korea plans to have 12 nuclear plants operating by 1991.

At the same time, Westinghouse has agreed to transfer technology and expertise to the French

nuclear plant manufacturer, Framatome, until 1991. The deal covers Westinghouse techniques of pressurised water reactor technology. The deal has gone ahead despite the fact that Framatome is actively involved in fast

breeder and weapons projects and that France is not a party to the Non-Proliferation Treaty. Safeguards? Ho hum.

Contained in this issue of Barph is the survey being conducted by Wagga Wagga City Council to assist in their future developments of pushbike facilities. The students and staff of Riverina College represent a significant proportion of the population of Wagga and I think it is important that the Council be made aware of the College needs. I believe, after numerous scrapes with death on a pushbike, that there is a need for a bike track out to College - certainly over the bridge (and

Gobba Bridge if and when that happens). I understand that many people (wisely) dont ride to college because of the potential risk of life and limb as evidenced by the death of a 17 year old pushbike rider on Friday night. I hope people will recognise the importance of this issue and get off their bums and respond to the survey.

Please leave completed forms in the Union office. There will be extra forms available in the Union office to distribute around the community if you want to do that.

This survey questionnaire has been prepared by the Town Planning Department of the Wagga Wagga City Council. The information supplied by you will form an important part of the City of Wagga Wagga Bicycle Route Transportation Study 1981. The results of this survey together with the results obtained from a survey of Primary and High School Students will be assessed by the Town Planning Department and the Bicycle Route Study and its recommendations will then be presented to Council and placed on public exhibition.

Please complete the questionnaire by Monday ~~12th~~ October, 1981 and return to the Town Planning Department, Council Chambers, Corner Baylis and Morrow Street, or post to Wagga Wagga City Council, P.O. Box 20, Wagga Wagga, 2650.

The Town Planning Department would like to thank you for your participation in the survey.

SQUASH

The annual club championships are on again. As well as signs being posted around for all and sundry to peruse the Squash Club Championship entry forms have been circulated via the pigeon holes to some forty odd players. So please ensure that you check for these. Remember forms must be in by Wednesday 21.10.81, so as the draw can be formulated and posted around the College.

So far there have not been enough entries in so come on all you aspiring Geoff Hunts, how about giving this tournament a real shake. Remember BBQ and drinking facilities will be provided. If enough interest is shown a keg (hic) will be provided on the second friday in addition to the other facilities (ie. 30.10.81).

Grades are A B C Men and Women plus consolation matches. Each winner of every grade not only wins a medallion, but gets to keep a perpetual trophy with their name engraved for one year.

Last week the squash club conducted a coaching clinic and a sum total of two people turned up. For anyone still interested the times for the clinic are Mondays 4-6. Im sure that the two players who turned up learnt quite a lot so any others interested the club would be more than interested and pleased if you were to turn up. Lessons will be conducted for another 4 or 5 weeks

and include use of the lights, racquets, balls and an instruction booklet. But first you must see Rod Gillett at the Union office for registration.

With regards to next Friday (Club Championships) I would appreciate if all members of the Committee (ah you are still at college some of you I hope) could meet in the Union Thursday common lunch hour to discuss the running of the following friday and friday week. Oh just in case some have forgotten their on the committee here it is.

Geoff Stannard, Cathy Cusack, Peter and Wendy Reynolds, Many Winterbottom, Vicki Treseder and last but not least Alan. "Clapper" Centofanti. Also any comp. players, lecturers etc are welcome to give a hand.

In the town comp the college A Side is continuing to dominate and with a little luck could win their second consecutive Wagga A Grade title. In A Reserve, Psychology Lecturer Paul Case has been in devastating form at No1 and looks certain to continue on his merry way. Last Monday week the team had a soul inspiring win over local town team "Goddies". Although they went down the games won by Ag lecturer Jim Pratley and Maths Lecturer John (outward bound) Louis were instrumental in the teams victory.

Good squashing one and all C.J.F.S.P. (Carn the Feroçious Squash Pigs).

SOFTBALL

The Wagga Softball Association began its Spring competition on the 11th October. The Rivcoll thirds suffered a minor defeat while the firsts drew 3 all against Turvey Park. Both teams played very well, especially the new players who fitted in like true Rivcoll softballers. The seconds had the bye.

The three games on Sunday 18th proved to be a mixture of success and disappointments. The thirds were defeated by Turvey Park 33-7, but this score was not a true indication of the game, as our girls made some good plays, improving greatly. In the game there was some spectacular "juggling" catches by Jo Walker (left field) and Elaine Lewis (1st base). The girls managed to remain equal till about half way through the game but then Turvey Park pulled away through some good batting. A good game was put in by Laurie Robertson who showed a lot of courage by playing catcher for the first time in her life; Eloise who did some good stops at 3rd base - glad to see the "come back" after last weeks hit on the head (well done). Helen Hurley and Jody Daunt batted really well and Vicki Kempton pitched with a "deadly eye" - ? Also well done to coaches Vicki Jenny, Jayne and Sally - good to see the enthusiasm.

The seconds played South Wagga and it was a very close and thrilling game with the eventual score being 8 all. Everyone played well with Vicki pitching again with the "deadly eye". Marg Griffin and Sherry did some good work at 3rd base and shortstop as did the C Block girls Sandra Slater and Wendy Hay.

The firsts had a miserable loss against the Ashmont who proved to be the stronger side on the day. The final score was 16-5; which was disappointing after last weeks good effort. There were a lot of long outfield hits by Ashmont which scored them many runs. We used a variety of pitchers, Sally Lawson, Kay Batt., and Jayne Hardy who all did a consistent job, but Ashmont seemed to hit everything. Anyway less said about the game the better!!

Dont forget softball training on Thursday lunch times at Main campus 12-2 and Friday afternoons 4-6 (Sth Campus). A raffle is coming up so tickets will be given out at training; proceedings will go to end of year trophies and "piss up". The Blues Dinner is on the November 6th and if you want to go let me know please.

Be there or be square.

Donna.

RUGBYETTES

Once again the Rugbyettes powered to win 2-1 against the Egg Nogs.

The scores were 15-10, 15-12, 13-15

Most improved player for the team was Leanne well done and keep up those great serves.

We only had 6 players so there were no subs but the girls battled the 3 games out and still had stamina to play another.

Michelle and I have completed 2/3 of the ref exam but have an A grade game to ref next week which will be a bit nerve racking.

Next weeks game will be played at 7.30pm and dont forget those training sessions.

BUSHPIGS

Firstly I must take this opportunity to congratulate Nick and his committee. They did a great job by pulling the club out of the red and weathering a few unexpected storms during the season.

On Friday 9th October the pigs held their presentation night which went off with a bang. Time and space prevent me from naming all prize winners but I think everyone present enjoyed themselves. Still on the presentation evening I have a casserole dish and a few kitchen utensils left over. To claim them please see me or leave a note in my pigeon hole.

Although the football season might be finished, the club still has to wind down.

Coming events include:

- * Committee meeting 7pm Friday 23rd October at C Block Sth Campus.
- * Party at Max's farm Sunday 25th October. See me for details
- * Raffle in Union lunch hour Thursday 19th November.

Finally any outstanding raffle money, sticker money etc., must be given to me or Allan Petts, the treasurer, as soon as possible, because we have to make a few big payments soon.

TABLE TENNIS

A grade red's narrow victory against 'Riverina Leader' 6 games to 5 was a feature of last Tuesday's round. In this game Doug, Alan and Frank all played very consistent Table Tennis.

Another impressive win was seen in A Reserve grade when grey defeated police girls cornflakes 11 games to nil. Good work Julie, Brian and Mark.

Special mention must also go to Jenny Evans as she had her first win (2 actually). Her performance helped B1 Grade brown in their 7 to 4 victory. Jenny was well supported by Liz (3 wins) and Randal (1 game)

B2 grade blue lost their match 8 games to 3. In this game Don played well to "take out" two of his three games.

WINNING IS A SIMPLE MATHEMATICAL FORMULA.

OFFENSE 'A' MEETS DEFENSE 'X'; OFFENSE 'X' MEETS DEFENSE 'A'; THEREFORE

TURTLES

Turtling Volleyballers:

Men: A real surprise to see a full team turn up. Our new members Shane Bourke was asked to play with 'Cyclops' and John (Porky) Pocious had a very good game. Ken Dyce and Porky did a turtle (lying on your back) during the game. This made the umpire and referee laugh till their sides ached. Although we lost the match 3-0. If there was a fourth game we would have won. As usual we started slowly, but once we got the serves over the net we put points on the board. There also was an incident where Ken and Porky started head butting the ball only to loose the point, because of a miscalculation. I cant see why we cannot win with a bit of practice.

Reminder

all men who have not paid their association fees of \$10 please do so immediately. Remember: Presentation Night on November 7, 1981 at the Union at 7pm. Cost is \$12 Tickets will be on sale this week so get your ticket to reserve your seat. No tickets will be sold at the door. To collect your tickets see anyone in the committee who will gladly sell you one. Till then, on your backs.
