Graduation

The graduation festivities organised by the Unions Clubs went off exceedingly well. From all reports it seems that students, Graduates and their friends and family all enjoyed the dinner and the dance on Friday night.

The Alumni dinner was held in the Commercial Club and attracted well over 300 people. The dinner gave all who attended an opportunity to relax over a tasty and varied menu.

The Black and White Ball was equally a success - an old time dance played to midnight, allowing the parents of graduates an opportunity to have a dance with their student friends. They weren't blasted out of the hall with thunderous music as was the case last year. The "Fabulaires" turned it on after midnight with some really good music. I am told that the band enjoyed it on Friday night too as they apparently got a bit tired of seeing 'browneyes' at the Thursday night Ball.

Congratulations go to the executive of the Alumni Association for the dinner and E² for the Ball especially Rosie, Annie and friends for the decorations - well done!!

Late Note The lead female singer was killed in a car crash on Saturday returning to Melbourne. She will be remembered at Rivcoll for her pleasant disposition and professionalism as a singer. R.I.P.

Razor gang's package

NATIONAL
Times
12-4-81

THE Federal Government is considering removing tenure from university and college academics as part of a package of cutbacks in tertiary education.

The package is before the Lynch "razor gang" which is charged with recommending cuts in Government spending. The proposal includes the reintroduction of fees and a loan scheme for tertiary students.

The packaged proposals are not alternatives but are complementary. For example if fees are introduced enrolments will drop (by 21 per cent according to an Education Department survey) and staff reductions could follow, generating bigger savings.

This is the first time that the reintroduction of fees has been seriously considered by the Federal Government. Previous proposals floated at Budget time have not been pursued.

The current proposal was prepared within the Department of the Prime Minister and Cabinet. During the last week in February, the department's report recommending fees was handed to the Prime Minister.

The report suggests a fee of \$1,000 per annum for most courses but states that "some courses, for example medicine" will cost more, perhaps \$2,000.

It suggests that "genuinely needy students" will receive aid in paying their fees. The new fee system will be means tested; the same test as the Tertiary Education Assistance Scheme currently uses will be adopted. However, it is unclear whether this will mean that TEAS recipients will have their fees waived or receive an increased allowance to pay their fees.

-JOHN SANDEMAN

Razor Gangs report

This report from the National Times spells out what I have said on a number of occasions about possible Tertiary fees introduction.

According to the report academics tenure is to be removed - this I'm sure will receive strong support from the College Administration as they would welcome this as a way in which to get rid of ^{those} who they perceive as being dead-wood and trouble makers (in other words all those who criticise them).

It will be interesting to see the stance taken by the administration on the introduction of Tertiary Fees. It is publicly known that certain important members of College Council and the Administration strongly support the philosophical concept of fees for students.

However against their philosophical and political beliefs is the practicality of what the future holds for their College if the majority of students can't afford to pay \$1,000 a year to attend College.

It will be interesting to see which way they will turn!!!

As for students it is now time to start thinking about where are you going to get

EDITORIAL

an extra \$1,000 a year from if this report is accepted by the Fraser Government.
See ya on the dole queue.

The Media and Censorship

Anyone heard the song 'Girls can Get it' by Doctor Hook on the radio lately? Even though riding high on the charts it receives no air play except during the Top 40.

The last time something like ^{this} happened was when they censored that 'terrible' song called 'Snoopy versus the B...y Red Baron of Germany.'

Conservative power again!

Letters

Editor,
Re: letter from P E Aiken, Serials Librarian
7.4.81

It is very pleasing to know that P.C. Aiken is concerned for the life and limbs of one of our disabled students. The tragedy is that it leaves a slightly sour taste in the mouth, especially, in this the Year of the Disabled.

The point that Dave cannot travel unaccompanied in the lift alone while basically sound, sounds very much like discrimination when stated that "users may panic should the lift fail". As Dave is doing Med Tech, I assume he can READ any signs that are placed there - surely it would not take up too much valuable time to place one there. Surely too, it would take only a few moments for one of our ever helpful librarians to show Dave the procedure to follow if the lift fails.

The concern about the staff area is laughable, if it weren't for the fact that P E Aiken appears to be serious. The way it is written one imagines Dave with a jet propelled wheelchair, charging out of the lift, racing through the staff area, scooping up all the goodies, and then disappearing into the sunset pursued by a gaggle of female librarians in twinset and with bunned hair, waving their cataloging books and throwing cups of tea at the villain (come off it!!) I'm sure that in the case of a disabled student, strict rules can be relaxed.

After all, librarians, librarys are for the people, not for your convenience. The number of grumbles about poor service and rudeness from some library assistants can only make one believe that bricks and mortar are more important than the student users. To put a set of nit-picking objections against the use of the library in the path of a disabled student forces one to conclude that if you cant get yourself around and find your own needs, then Rivcoll Library is best avoided.

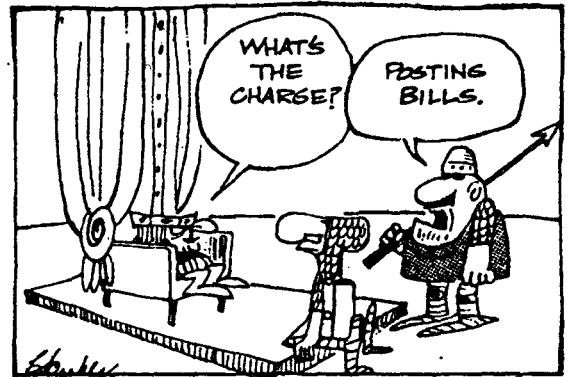

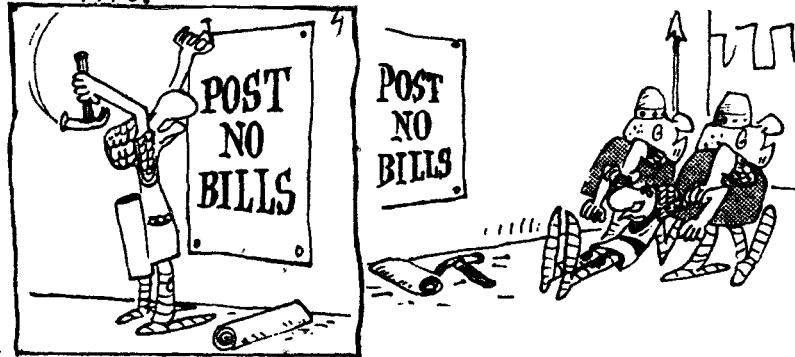

So, P E Aiken, in the International Year of the Disabled, rethink your priorities and really THINK what you are there for. Are you a slave to bricks, mortar and stock, or do you have a genuine interest in helping students of all persuasions pass.

Yours in librarianship
One Slightly annoyed Library
Science Student.

Dear Mr Cook and P Aiken (IRC)

In response to your letter, concerning the lift in the IRC.

Mr Cook, I received a letter from you addressed to my home which pointed out two "innaccuracies" in my letter in Barph (29.3.81). These were that the lift was originally designed for people and not just for books. Well if this is so Mr Cook, then can you tell me why the lift is situated out the back in a staff only area and also why is there not a sign showing everyone where the lift is. You have signs for everything else in the IRC, why not the lift.

Secondly Mr Cook, you state that the rule I referred to regarding a staff member being with any person who used the lift, never existed. You also state that your staff deny ever having implemented this rule. Well that, Mr Cook, is a lie because it happened to me when I visited the library in 1980, as I explained in my previous letter. I also refer you to a letter from your Serials Librarian, P E Aiken which appeared in last week's Barph. This person explains why that rule was necessary. The points are valid but if it is a peoples lift then it should have some form of communication in the lift and any person who has any brains at all would I think, be capable of using that communicating device. After all there are many many lifts throughout this country which are not manned.

I think maybe there is serious lack of communication within your administration of the IRC. Does this rule still exist or doesnt it? Please inform me and the other students because here we have two conflicting answers, both presumably from the same source.

Cont

letters.... Continued

Mr Cook, in your letter you ask me to reply to you personally if I thought any more discussion of this topic was necessary. Well the reason why I have not done this and instead made this letter public is because I have had a lot of 'feedback' from the other able-bodied students of this college. A lot of them didn't even know that a lift existed in the IRC. A lot of them are angry at P E Aiken's last statement - ie. the lift is working now so perhaps Dave should come straight to the library straight away and get books for his next few assignments before the lift breaks down again".

Anybody who has had anything at all to do with research for assignments will know that you have to go back and forth to the library many times to find the right book with the right information in it. Also how the hell am I supposed to know what assignments I'm doing next semester. Also if I did get all the books necessary for my next few assignments not only would my bookshelves be overcrowded but I would be denying other students the use of these books. And if the library rules are adhered to, then I can expect to pay a rather large late fine by the end of the year.

Stop trying to make excuses why the lift doesn't work. The reason why it doesn't/didn't and most probably won't work is because of bad architectural planning.

There is a solution and it happens to be a very expensive solution, that is why I addressed my previous letter to the Minister of Education Mr Wal Fife.

Yours sincerely,
David McPherson.

The Editor,

And to the sanctimonious "closer than John to Heaven" reader of last week's Barph.

Let me reiterate what I have said about your 'Youth Worker'.

This person is being paid by the Uniting Church of Australia. The College provides him with a room on campus. That's OK by me, however the College has been known to promote him as "our youth worker" (it has to be remembered that the College has a vacant position on the Staff of Student Counsellor - a position that it has been "unable" to fill for some time).

Therefore the College is 'inter alia' using the position to their political advantage when it is implied that in some way this 'Youth Worker' is taking over the role of the Counsellor.

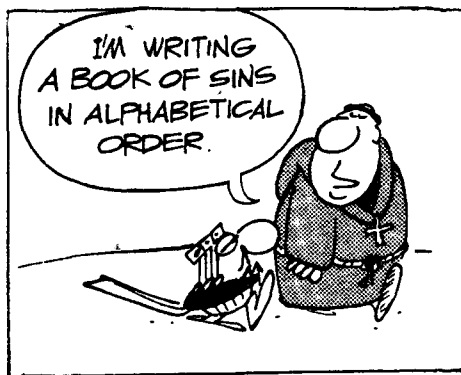

As said before the 'Youth Worker' is not a college counsellor nor a youth worker, (which implies same) but an agent of the Uniting Church who's prime reason obviously

is to peddle the Uniting Church version of the Bible to students. (He's certainly not there to offer alternatives such as drugs, sex and Zen).

Therefore he should call himself by his correct title of Uniting Church Worker. This would be an honest statement from people who claim to be honest!!

John Adams.

P.S. I seriously hope all the Bible Study Classes are booming Bruce, nothing like controversy to get people active.

Dear Comrade Editor,

I am almost ashamed to write this for fear that it will add to the 'Youth Worker' fiasco, which seems to generate more concern amongst students than the possible re-introduction of tertiary fees.

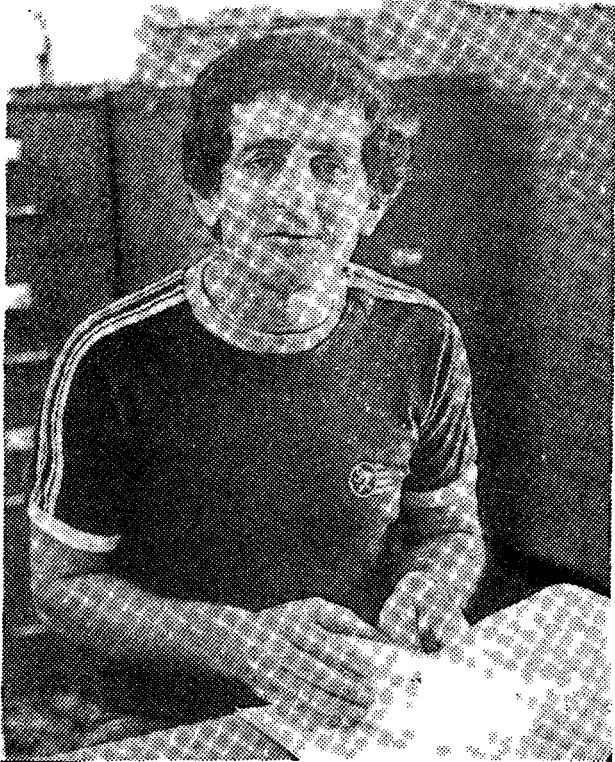

Whilst the back and forward rhetoric between the Christian Fellowship supporters and the lone crusader, Mr John Adams may be stirring people to commit pen to paper, one cannot help being a little cynical.

I can appreciate that Mr Adams is concerned that the College appears to be using the presence of Mr Schubert to cover up it's own lack of commitment to the student services section. Mr Schubert is not a College employee and therefore should not be referred to as the College's Youth Worker.

It seems to me that Mr Adams is aiding and abetting "Christians" in the achievement of their goal, in that they don't have to make martyrs of themselves because he is doing it for them.

Yours
A Philistine.

EXECUTIVE OFFICERS REPORT

Another graduation has passed by with all the usual traumas normally associated with such occasions. A special thank you to those people who helped out with gown hire and the Graduation dinner and ball.

Membership

One thing that did emerge during the hiring of Academic gowns was the impression that certain staff members believe that they are entitled to the use of Union facilities and services for nothing.

Staff are not automatically members of the Union. The Union resolved in 1980 that all members of the Unions Clubs must be members of the Union. Sporting and other clubs who have people participating in their activities who are not members run the risk of losing their Union subsidy and the Union's support services.

People other than students may join the Union by following a simple procedure. By completing an application for membership form and sending it together with the annual fee of \$32 to the Secretary of the Union.

The fee of \$32 is an associate membership fee and entitles the members to the use of all Union facilities and services on the same basis as a student. It does not, however, entitle the member to voting rights or the right to stand for election to the

Council of the Union.

Staff may obtain voting rights and the right to stand for election upon the payment of the same fee as that applicable to a full-time student. The membership year of the Union runs from the 1st March in one year until the last day of February in the following year.

Re-introduction of Tertiary Fees

Readers of the National Times would have noticed another selective leak of Fraser's Razor gang's proposals regarding tertiary fees. It appears as though Fraser's cabinet has more leaks than the Titanic. The idea of selectively leaking information is not new, it has been used many times before in an attempt to gauge public reaction to a proposal. Those amongst us who do not believe in quality of opportunity for all and who wish to see the closure of Colleges such as this one will applaud the re-introduction of tertiary fees. On the other hand, those people who subscribe to the notion that equal education opportunities should be available to all will protest loud and vigorously to their local members, to State and Federal Ministers For Education and to the Prime Minister and his cabinet.

Noel

"HEY MATE!"

Nominations for three positions on the Services Council of Rivcoll Union are hereby called for. The Services Council deals with student recommendations regarding Union Services such as the two canteens, store and bar and planning of new services.

The applicants are expected to have considerable student contact on Boorooma Campus and to be prepared to do a bit of

work behind the scenes

The Services Council meets once a fortnight at a time to be set (probably Monday 1pm in the Union Building).

Applications should be handed into the Union Office by Thursday 24th April by 5pm. Successful applicants will be informed via pigeon holes and Barph.

Steve Weakley,
Chairperson.

RIVCOLL UNION ELECTIONS

By John
Adams

Elections for the governing body of Rivcoll Union, ie. Rivcoll Council will be held this June.

The Council of Rivcoll Union is responsible for the running of all Union Activities - it oversees and funds all activities such as entertainment, sports, clubs, student newspapers, welfare, political, Child Care, Commercial Activities (such as bar, canteens and Co-op shop) printing etc.

The Council comprises ordinary students like you! All students are eligible to stand for election together with fully financial affiliate members (eg. lecturers who have paid a membership fee equivalent to the G.S.F. \$75).

There are 20 positions to be filled in the June election - at present the Union Council is made up of 6 external students, 2 part-time students and 12 full time students.

The Union has a policy of funding External students to attend our meetings, which are held approximately every 4-5 weeks on a Friday night. Obviously the new committee can set a meeting time to suit its members. At present having the meetings on a Friday night allows External and Part-time students ample opportunity to either drive or fly to Wagga for the meeting.

With External Students now outnumbering the Full-time students 3 to 1, the Union looks forward to and envisages greater participation and involvement from External and Part-time students on the Union Council.

The Directors of Rivcoll Union all provide their time and energy on a voluntary basis. Except in special circumstances, Directors cannot also

be employees of Rivcoll

Union. One such special occasion is the President's Honorarium.

Present policy states that if the President elected to take on only one subject per Semester and devoted himself full-time to the job of President then the Union would pay the President an Honorarium of up to \$3,500. As yet these conditions have not been met and the Honorarium has not been paid.

Included on this page is a nomination form for you to complete if you intend to stand for election. Complete the details as requested, have yourselves nominated by another student, include your policy statement, a photo of yourself and forward to:-

The Returning Officer
Rivcoll Union Elections '81
P O Box 825
WAGGA 2650

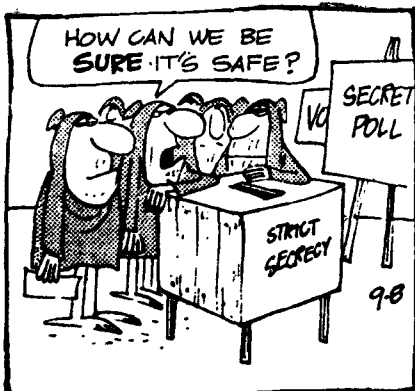

(If you are an External Student who is having difficulty in obtaining a person to nominate you due to isolation etc. then please contact the Union office and we shall assist you).

All Nomination forms must be received by the Returning Officer by 5pm on Thursday, April 30, 1981. Late nomination forms will be ruled invalid.

The May Edition of RACE will include policy statements and a profile of all candidates who are eligible to stand. This will allow all students an opportunity to peruse the candidates and vote for the people of your choice.

External and Part-time students will have a ballot paper included in your copy of RACE for you to fill out. Full-time students will be posted a Ballot Paper which, when filled out can be either posted to the Returning Officer or placed in special ballot boxes located on campus. (Details in the next edition of RACE).

If you have any queries or would like to know more about the Union, it's functions etc. or the duties and responsibilities of a Director of Rivcoll Union, then please

Union Elections.....

contact a Union Council Member myself or the Executive Officer of the Union, Mr. Noel Diffey.

Remember, a Union is only as responsible, responsive and energetic as its members are - if you feel that you have something to offer the students of Rivcoll then please nominate - but remember to have your nomination form

to the Returning Officer by 5pm on Thursday April 30, 1981
See you at the Polls.

1981 Pine Gully open Short Yarn Spinning Contest.

It's on again!

A major cultural event in the College calendar is the Pine Gully Open Short Yarn Spinning Contest.

Well-known College cultural identity, Ian Cole (Ass. Dip Art) is the promoter of this unique event.

Entry forms are expected to be available in the Union later in the week.

There were some marvellous tales told last year by personalities hitherto unsighted in student activities.

The contest will be staged in the Union during the common lunch-hour on Thursday April 23.

THE ROCKEROO BOP ADVENTURE!

STAGE ONE: THE UMPIRE STRIKES BACK!!

Dave Warner's 12" custom-made single "Half Time At The Football" is sold out. Additional copies of this once-only limited edition may be purchased at Dave's gig at College on April 29.

Produce your "Suburban Soldier" for a special discount.

Wollongong Intercol

All participants for the Wollongong Hockey/Squash Intercol must pay \$15 to Maggie in the Union Office by 4pm on Thursday April 16.

The bus will leave South Campus at 2pm on Friday April 24 and return on Sunday afternoon after the presentations.

Accommodation will be under marquees at Wollongong's "Tent City".

Participants will be required to take their own blankets, pillows, utensils etc.

The prospect of a tour of the land of the Long White Cloud should bring out the best form in the Turtles.

Squash

The Squash Club's activities are really booming under the Gary Greene regime.

The present tournament is extremely well organised and is receiving good consideration by all participants. It has resulted in some good match-play.

The Club is confident of success at the Wollongong Intercol. Our squash players have an enviable record at both national and state intercols in recent years.

As President of the Squash Club Gary Greene has the authority to enforce that only Union members may use the squash courts.

Grad.

There has been a tremendous feedback to the Union's Graduation Dinner and Ball.

The concept of a separate Dinner and Ball was very well received and both functions were extremely well patronised.

The Old Time Band and The "Fabs" proved to be very popular.

A big Thank U to all the people who assisted in the presentation of the Graduation functions particularly E² design team of Annue Turner and Rosemary Provera and their helpers.

Tragic Sequel

There was a tragic sequel to the Ball with a shocking car accident involving members of the "Fabulaires".

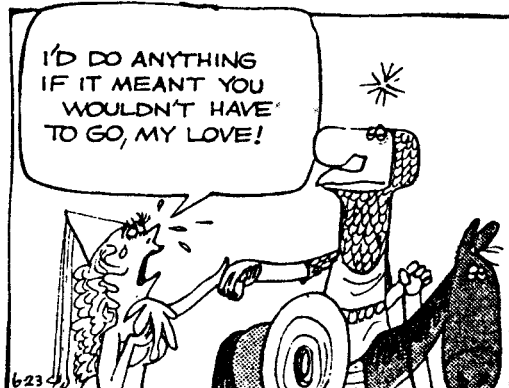

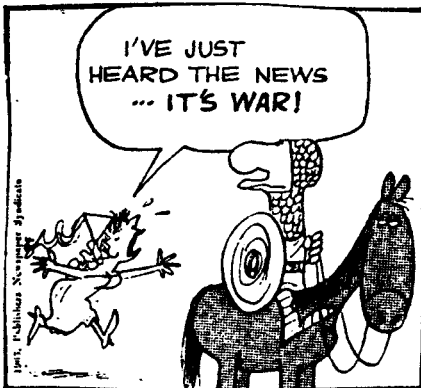

May I on behalf of students of the College extend deepest sympathy to the family and friends of Joanne.

SOCCER

Redbacks make round 2 of F.A. cup.

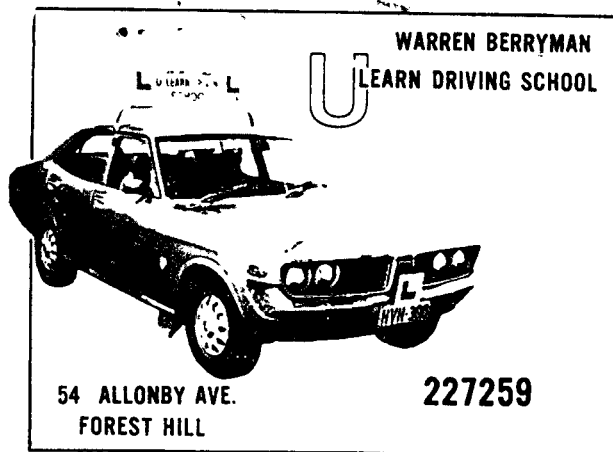

On Saturday at the luxurious? South Campus Oval the Redbacks played the first of the prestigious FA Cup. This game was played against Junee, who on the previous weekend had defeated us in a trial match at Junee. But this time the Redbacks got their act together and managed a very impressive 5-3 win. Goals were scored by Colin Moore (2), and one each to Rob McGregor, Osama Moustafa and a thundering goal to Gary Spurway, who played a good game in goals even though he has not kept for many many years. The Redbacks forward line continually outran the Junee backs, but many shots went wide of the mark. Other people worth a mention are Peter Ellicott, who called the shots from the middle; Martin Meech, who kept the backs together; and David (BUC) Oyston, who never stopped trying in the forwards all day.

Dont forget passport photos to me as soon as possible.

TURTLE NEWS

Saturday saw the beginning of the Wagga Hockey competition. Everyone must be congratulated on their uniform efforts and also on their standard of play. Well done.

Just a brief run down on the four games that were played. Firstly Womens B Grade were unlucky to end in a 1 all draw after leading for 3/4 of the game. Karen Harris quickly learned not to worry about the injured opposition. That was bad luck ladies but well done for so early in the season.

Ladies A Grade played a fast, hard game with a nil all result. Second half was a lot better than first half with more aggression and determination being shown by all Rivcoll members. Congratulations to Sue Johnson on her excellent captaincy.

Two Mens sides were fielded with a couple of ring-ins from the Grad. Mens B Grade and A Grade teams had hard games but both were pleased with the final result.

Great to see the increased club spirit back again so lets keep it up. Here's hoping that the W.W.H.A. dont put the four Rivcoll teams on at the same time again though.

A reminder to Rivcoll Ladies A Grade side. Tuesday after Easter 21st April at 6.45am on Main Campus oval there will be a training run. This will go every morning same place same time until Friday 24th April. This training is for Intercol at Wollongong on the 25th and 26th April so everyone must be there. If you dont come you're not only letting yourself down but also eleven other people so please make that extra effort because after all it is only for four days.

Training as usual on Tuesday but not Good Friday. Training starts again on Tuesday after Easter so all men try to be there for your last training run before Intercol.

Until then turtles....

Congratulations to Olive McWhinney, Lynne Seaman and sue Goře on making the Open Wagga Hockey Squad.

TURTLES VOLLEYBALL

Turtles strike again - in double strength Yes, even without the presence of Momma and Dadda Turtle (Kay & Wal) both the Mens and Womens Volleyball teams had victory.

Both Teams dazzled the opposition with true brilliance and displayed a stunning show of their competency in Volleyball skills.

the Mens team, with the return of Harry Crisp (previously out with injury), playing like a true champ, and magnificent serving of Chris Pearson, and network of Pettsy, the men won 2-1. All in all the whole team played well, and with the womens team as cheer squad, could hardly have lost.

The women, won again 3-0 (lets hope we can make it 3 weeks in a row). The whole team played really well, and played as a team, not just individuals - some good network by Brenda and fine serving by Sue B and

Brenda, led the girls in the direction of Victory. The team of course could not have put up such a show, without the re-importation of Southwell, who came out of semi-retirement for this important game.

Both teams (as usual) withdraw to the shrine on the hill in Tolland to discuss their brilliant wins, after the game.

Well done everyone.

THE PIGS

Well, the pigs played their last trial for this year on Sunday. The seconds put up a good showing against Lockhart but the cockies were too good. The first graders performed well but unfortunately they lost too.

Last Wednesday the Pigs beat a very determined Wagga High side.

Pigs, for the first time, saw the split personality of one of our players. This person is normally quiet and well-mannered. However, given an opportunity he becomes a raging, sex mad, child molester.

while I'm putting shit on people I may as well mention someone else. In the game on Sunday the club's worst kicker ran onto the field, burst through a pack and kicked a 60 yarder. One of his best kicks. Unfortunately it was the wrong way.

Well thats it.

All committee members are to meet at Bates house Tuesday night at 7.30pm.

P.S. Bushpig stickers and cards cumming soon.

VOLLEYBALL

Allsorts Womens B1

Allsorts had an exciting win of 2-0 against Devils Agnells last week. Although not an easy match the scores were quite convincing 15-12, 15-9. We had lots of help from welcome proxy Rosina and what we lacked in skill we made up for in enthusiasm. Everyone put in their best and with a bit of practice, we'll really get it together. Keep up the spirit.

TABLE TENNIS

College teams played well on Tuesday night and won 4 out of 6 matches. Results for matches played were:

A Grade: RCAE Red defeated Tarcutta 9:2.

(Pat Keogh 3 games, Stuart Helliwell

3 games and Mick English 1 game)

A Reserve: RCAE Grey defeated RCAE Orange

7:4 (Grey: Julie Whitla 2 games, Randall

Falkiner 2 games, Brian Gillis 1 game)

(Orange: Frank Farnsworth 3 games,

Huie 1 game)

B1 Grade: RCAE Pink lost 5:6 against Mustangs

C Maslin 2 games, Sandy Morton 1 game)

B2 Grade: RCAE Green won 7:4 against Police

Boys Devils (Liz Farnworth 3 games, Peter

Clark 2 games, Janelle Lewis 2 games)

C Grade: RCAE Supa Nurses won 9:2 against

Goodies (Julie Williams 3 games, Brenda

Gullifer 2 games, Denise Miller 2 games)

It was good to see that nearly all players

turned up on Tuesday night. Well done,

Rivcoll ping-pongers.

NETBALL

Just a note to remind all netball players that registration forms, reg. fees, and raffle tickets are to be handed in by Wednesday 15th at the latest.

These can be given to Sandra Smith, Sue Bianchini, Rm 10 Doman, or be placed in the netball pigeon holes located in the Union Office.

There will be a compulsory meeting on Tuesday 21st at 1pm in the Union. All players must attend, because we will be discussing the competition which is starting on the 25th April.

Teams have been put on the Sports Notice board. At the meeting we will select a representative for each team, to arrange training times and gear..

anyhow hope you all have a great Easter; and we'll see you at the meeting O.K.

Sue.

SQUASH

SQUASH REPORT

Well I am pleased to see that most players have picked up their games in the campus competition. However there are a few outstanding games from rounds 2 & 3. So if they are not completed shortly then those games will be drawn out of a hat. So for your own sake and that of your teams please expedite.

All players going to the Intercoll on the Anzac weekend (24th - 26th April) please have your \$15 in by Thursday either by giving it to me or by handing it in at the Union Office. Bus leaves 2pm Friday 24th from South Campus.
