

BARPH

VOL 4 N° 17. 19/6/78

AN SRC PUBLICATION

(4th BIG YEAR!)

GUITAR LESSONS (Beginners) start this Wednesday afternoon, 21/6/78 - Teacher Mick King - Cost \$1.00 per lesson. (The rest of the cost is subsidised by the Union.) There will be either 4 or 5 in each class. All those who applied have been notified as to the time of their lesson, via the pigeon holes. Lessons will take place in the Union Study Room - corner room in Union. Anyone else who wants to be in the classes - come and see me, to enrol, in the Student Amenities Offices.

Toby Prentice,
STUDENT ACTIVITIES OFFICER.

HARMONICA LESSONS

In the past months, a few people have broached the subject of being taught harmonica. Therefore, I will be giving harmonica lessons starting next week - probably on Tuesdays in the day time, but at other times if required. Individual lessons - cost \$4.00 per lesson (cheap!). Contact me on 25-1400 leave message if necessary.

NEXT SUNDAY NIGHT, 7.30 p.m. - SOUTH CAMPUS
AUDITORIUM

THE FILM CLUB PRESENTS:- "THE REIVERS"starring Steve McQueen
Sharon Farrel

The Reivers relates the adventures and hilarious journey of Mitch Vogel who emerges into Manhood as he embarks on a spirited jaunt from Mississippi to Memphis with McQueen in a Vintage 1905 Winton Flyer.

Set in Old Mississippi, this is a Story full of zest and fun.

ON THE SAME PROGRAMME *****

THE LAST PICTURE SHOW - Starring Timothy Bottoms

A fantastic, not to be missed, incredibly good movie. Set in a small Texas town of the late Forties, it tells a story of the youth of this crazy era, their life, their loves, their sexual escapades and attitudes.

DON'T MISS THESE TWO GREAT MOVIES

P.S. Non-regulars might like to know that tea and coffee + other refreshments are available.

ENTERTAINMENT from E²

Thursday 22nd June - Riverina Jazz Band, playing in the Union 8 - 12 p.m. BE THERE!

Just a word about Thursday nights. We'd like to thank people for moving out promptly last week. Those people who pick up glasses on Union Nights are not paid to do so. It would be helpful if people took their own used glasses back to the Bar when buying drinks, as this makes it an easier night for E² and Union members, and may cause less breakages.

E² still needs members, applications close Friday 5.00 p. m., June 23rd.

Unfortunately, fines are being given to people who are breaking Union equipment, e.g. glasses. If you bring non-College people to the Union, (which is your Club), you must be prepared to take responsibility for their behaviour.

Rivcol Drama presents: LUNCH TIME THEATRE (and early evening burp!)

"SUDDENLY LAST SUMMER" &

"CONVERSATIONS WITH A GOLLIWOG"

Mon. 26th, Tues. 27th, Wed. 28th, Thurs. 29th June - at Woolshed.

A WARNING TO TENANTS: Everyone knows that if anything is wrong with the place, they'll take it out of your Bond. BUT did you know that if you think you can fix the damage yourself, cheaper than they quote, they'll charge for a second inspection, which doesn't really make it worthwhile. The cost is surprising.

Believe it! I was one stunned person walking out of Fitzpatrick's Real Estate on Thursday.

WHAT COMMUNITY RADIO NEEDS TO BE

& NEEDS TO HAVE:

- A community owned and controlled resource —
- people with an ideological commitment to the concept of a community resource being owned and operated by a co-operative of interested people (shareholders);
 - the development of this conviction to the point of applying for and being granted a 'C' class Community license.

- People -- community radios greatest resource —
- volunteers with enthusiasm and commitment;
 - willing workers in technical, financial, administrative, programme and publicity matters.

- Technology in the form of FM Stereo broadcast equipment —
- equipment that can stand the rigours of long running hours and in some cases harsh treatment;
 - equipment that will deliver high quality sound reproduction and require a minimum of maintenance.

- Finance to meet establishment and recurrent costs —
- money from grants and donations for capital works in the establishment period, from a wide range of sources including individuals;
 - income from shareholders, sponsors and organised station activities, to meet day to day operating costs.

CAN YOU HELP?

Good News about

FM RADIO

The SRC wishes to broaden the scope and membership of its FM Sub-Committee.

If you would like to become part of a group working towards the establishment of a community owned and operated Public Broadcasting station, then you are invited to become involved.

Working papers are being prepared and when completed and distributed, the feelings of interested students will be sought before further commitments are made.

The meeting, detailed below, will explain the concept of FM Radio and try to clarify any queries that students may present. It will be the first of a series, if that is seen to be necessary.

The attached sheet sets out the position of the SRC to date and briefly backgrounds what Public Broadcasting is on about.

MEETING TIME 12.10 pm sharp
finish by 12.40 pm

**UNION MEETING ROOM
THURSDAY
JUNE 29**

Organised by the FM Sub-Committee ... for and on behalf of the SRC.

getting into community radio is getting out of the doldrums

COMMUNITY RADIO IS FOR EVERYBODY.....

Students of Rivcoll - indeed students everywhere - should not be denied the right to participate in a community resource, as essential and powerful, as the broadcast media (epitomised in this case by Community Radio).

Tertiary students are students for a mere 4 - 5 years. They are one of the most valuable sectors of society. They must be permitted the privileges and rights allowed to all society members. There is no justification for them being deprived of participating in the decision-making processes of Community Radio.

It is the considered belief of the Rivcoll S.R.C. FM Radio Sub-Committee, that the Wagga and district community can be best served by the establishment of a Public Broadcasting Station operating a Class 'C' Community Radio Licence. In addition, it is maintained that the greatest benefit can be derived from this Community Radio Station, if it is owned and controlled by the citizens of the community that use it and listen to it.

This involvement in community radio should not be withdrawn when students are no longer actively involved with the College.

So it is, that the new Community Radio Station, must be community based. Our understanding of this, does not exclude one section or another. It embraces people of all classes and backgrounds. Professionals, academics, students, administrators, the skilled and unskilled, special interest groups, educational organisations, welfare bodies, and so onare all part of the mass audience at sometime and all part of minority audiences at other times. The Minister for Posts and Telecommunications, Tony Staley, has stated that Community Radio is called to include all these.

LADIES

The motorcycle club is for you too. We're just students interested in keeping our Bikes on the road, and using them as a social instrument as well.

Come along to our Social Night on Friday 23rd June.. It's on the corner of Pine Gully Rd. and Kunama Way. See the lighter side of your transport.

MR. REX GAFFY, PANEL BEATER, of Crampton Street, Wagga, would be interested in providing a service to students re Panel Repair Work, at a discount price.

If interested, he may be contacted by phoning WAGGA 25-3706 - Will also arrange towing etc.

F.A.S.T. '78

A BASKETBALL LETTER (The Association Hassles)

The Basketball Association is questioning whether or not we should be allowed to have 14 teams because of the way we did not fulfil our commitments and forfeited so many times last semester. They don't like College teams at the best of times, but you can see why when we let so many people down because of some of our teams' slackness. It will not happen this semester otherwise that team of ours will be pulled out of the Competition by the Association. It only has to happen once, and we are withdrawn.

The aim of this Club is to provide the chance for exercise and enjoyment with basketball - DON'T LET THE CLUB DOWN AND SPOIL IT FOR OTHERS.

MENS' HOCKEY

R.C.A.E. (B Grade) lost to Nangus 5-0.

College played a poor game. College continually cramped their own team members and would not play their own positions. Attack within the oppositions "D" was disastrous, with up to 7 players all trying to score themselves. College missed a chance to score from a penalty flick by Malcom Scott (Capt.) unlucky! Shane Hall missed many attempts at scoring, usually hampered by his own players. Stuart Bryne showed an improved game on the wing. Goalie John Giacco could not stop the unbelievable shots which came from Nangus' centre forward. The only glimpses of hope were the short corners. College showed improvement in their handling of short corners with close misses by Mark and Peter Holme, Geoff McWhirter and Shane Hall.

College needs to devise and practice some planned attacks instead of fumbling their way toward the goal.

Points awarded by the Ref. went to Eric Leape 3. Malcom Scott 2. Dave Cornelius 1.

TABLE TENNIS RESULTS

A Grade - RCAE Tops won 7/4 (Alan Lam 3 wins, Eugene Ong and Mick O'Dea 1 win).

B Grade - RCAE Green won 8/3 (Mike Lynch 3 wins, David Cornelius 2 wins, Jenny Pollard 1 win).

RCAE Red lost 4/7 (Martin Westcott-Lewis and David Jones 2 wins).

B Reserve Grade - RCAE Orange lost 3/8 (Alan Wheeler, Randall Falkiner and Mick Trethewey 1 win).

RCAE Purple lost on forfeit.

C Grade - RCAE White won 10/1 (Alison Richardson and Paula Thiele 3 wins, Wendy White 2 wins).

RCAE Black lost 3/8 (Janice Knuckey 2 wins).

RCAE Gold lost on forfeit.

TABLE TENNIS RESULTS

A Grade - RCAE Tops lost 2/9 (Alan Lam and Eugene Ong 1 win).

B Grade - RCAE Green won 9/2 (Mike Lynch 3 wins, Brod Crichton and Jenny Pollard 2 wins).

RCAE Red won 6/5 (David Jones 2 wins, Martin Westcott-Lewis and Norm Philp 1 win).

B Reserve Grade - RCAE Orange won 6/5 (Randall Falkiner 3 wins, Mick Trethewey and Alan Wheeler 1 win).

RCAE Purple seem to have quit.

C Grade - RCAE White lost 3/8 (Alison Richardson 2 wins, Paula Thiele 1 win).

RCAE Black - haven't heard from them.

RCAE Gold lost 2/9 (Sigrid Lezius 2 wins).

Coach's comments - A grade team had a good sequence of three wins in a row until they met Spinners. Mike Lynch's team in B grade looks like a premiership winner if they can keep themselves together for the finals during the inter-semester break in July. All players are advised that the beery smell has almost left the practice room, but you still have to watch out for pieces of broken glass on the floor. No bare-foot playing.

WOMENS' HOCKEY

The last general meeting of the Wagga Womens' Hockey Assoc. was held last Tuesday night, and was attended by Kerry Taylor, Kim Darcy and Kay Wallace. A quick summary of the two and a half hour meeting.....Jubilee Park should be ready for use at the end of July, College teams present a real burden to the Assoc.

Last Saturday's Games: R.C.A.E. (1) -v- Junee

The fields were not quite like the olympic standard we're used to.....but with Kerry Taylor, the mud lover, on our team, who could lose? The team walked, well crawled, (our fitness hasn't matured yet) in to a 3-0 victory. The goal scorers were Trish Ryan (1) and Kim Darcy (2), must have been the P.K. chewing gum. Linda Bradly, team captain, always deserves a mention for her outstanding performances. The girls in the team have worked together to develop the teamwork which is now visible. Although the guys still think we're a bunch of 'hackers(. This win has now put the team no. one on the ladder in the 'A Reserve' grade. We'll have to keep training over the July break to win the Grand Finals.

R.C.A.E. (2) -v- Comets (2)

This team had the advantage of sharing the experience of 'sloppy' fields. Two players from this team deserve an honorable mention, Karen Smith and Denise Plemming. The girls worked well together and have some really strong hitters. Their corners are put to their best use and are always goals or close goals, more close goals than goals though. This team has not suffered many defeats and could also be final material. The score was 2-1 keep it coming team.

Sunday: R.C.A.E. (2) -v- Tech. College

To catch up on the matches missed during the break, College (2) had to rise early and go play yet another game. Of course the rain was back and when the rain-drops cleared from the eyes, the ball was always near. Vicki Burley did a good job in her position as back, lovely strong hits. The game would have been ours except for a penalty flick awarded to the other side.....good try Debbie, we'll get Charlie next week. Anyway, the end result was a 2 all draw.

SNOOKER NEWS FOR THIS WEEK

This week it was a challenge with the big Club "Commercial". As I said last week, against the R.A.A.F., we were going to win all games but I don't know what is going to happen tonight.

1st Away - Graham Bruce -v- Frank Skidmore

In the first stages of this game Frank started well with a few good balls, but Graham came back firing to bring the scores to 8; after about 10 mins. Graham decided to let go and jumped to the lead 27-15. Frank then decided it was time to come back to bring the score 24-27 - a few minutes later Frank went further to 49 to 29, than Graham came back to 49-49 with a Black to win Graham made it 50 to 49. Bloody good show Graham.

2nd Away

Mick Healy, new player for RCAE, -v- Keith Hunt. Mick darted to the lead with a brilliant 8 brake in the first 5 minutes and played with a fair bit of precaution. The game got better as Keith shot to the lead with 34-15. Unfortunately Mick went down 61-37. Good work Mick, welcome to the Club.

3rd Away Ken Pringle -v- Percy Witt.

Very slow start to this game with only a few points to start, then Percy got off with 12-5 but Ken came back to level 13-13 and then Ken got really good and had a 17 brake, "good going Ken". This gave Ken a lead of 44-36. Ken again kept going and won 57 - 47. Best wishes Ken.

4th Away - Col First -v- Paddy Webber

Col in the first stages of the game shot to a lead of 16. Col then decided to go further and shot to the lead 28 - 11. During this game Col made his opponent lose many good points on fowl shots, gaining good points. Good work. Col won 68-27.

5th Away - Peter Ponting -v- Ray Richards

This I must say was an interesting game. Peter and his opponent were well matched; with the first 10 minutes both players scoring 10 each then things get out of hand and Ray shot away 33-17, but Peter came back 26-33, then back again 41-46, but in the finish Ray was much the superior to win 91-47.

6th Away - Daryl Lawson -v- Mark Child

Daryl started a little slow and Mark got away with a few points to start 13 - 10. This also got interesting. Daryl kept Mark at his own pace for some time and then Mark got a few more points that put him further in the lead 17 - 10. Mark proved a little bit too good for Daryl to win 58-27.

We ended up winning 3 games to 3. See you next week.

ADIEU

After 3 years and 3 months in the job of Student Activities Officer for the Union and S.R.C., I will be finishing up on Friday. This newsletter was started by me for the S.R.C. over 3 years ago and it has maintained a strong and increasing readership. Thank you all the people who assisted me over those years, both with "Barph" and in all the other areas of student activities where my involvement was required.

It has been largely an enjoyable and fulfilling time. When I commenced here, the Union and S.R.C. were in infancy and there was an enormous amount to do. There is still a lot to do now, although the Union and S.R.C. have come a long way, and the issues are now vastly different. Good Luck.

TOBY PRENTICE
