THE COLLEGE STUDENT SERVICES SECTION IS BEING DISMANTLED!

Following the resignations of the Head of Student Services and Counsellor, Mr. John Roffey plus the Housing and Community Officer, Ms. Robin McLean, the College has moved to destroy the Student Services section.

Dr. Morell - ex Dean of Science - has been given a post-retirement job as "academic counsellor" and has moved into the psychological counsellor's specially equipped office, the community officer has not been replaced and the entire burden of housing problems, T.E.A.S. delays and blunders, job placement, student loans etc. has been placed onto the telephonist with some help from the Assistant Principal! The General Practitioner has gone overseas!

IF you have been kicked about by this new arrangement, or if you want to help otherwise in getting this enormously

important service back into the hands of qualified professionals - come along to the Student Offices now and talk to your S.R.C. rep.

-----  
VENDING MACHINES in Union have been fixed again. They have been smashed over and over again at great expense. These are for YOU , so you can buy food after hours. This is a service - look after it, it's yours!

(P.S. The money allocated for repairs has run out - so if they're vandalised again, they'll be taken away.)
