

W. M. Campbell Esq

PO Box 7. Campbell Esq. J.P.

Cooimbil

Canathool

Its strange that Jean went to Giney just now. but you can see  
that father keeps warm. Also he wear the mittens I made him. Kate thanks you

for your letter she will write later on. Mrs Blands my son has arrived in England  
the night after. He has been training in some time in Cyprus

His mother also  
Antonia St. Paul  
of his departure  
in England. These  
quills are useful  
I hope John Byrns  
little sick did not  
let any more down.  
The green grass will  
make Mona fresh.  
With much love  
I subscribe me, yours  
Ted Jack and me  
his 17. 18. 19. 20  
asked for my little  
brother  
I must get a  
Charles of Giney  
the end of the war  
but not much on it.

I enclosed a letter Charlie wrote to me in mine  
to father + asked him to let you read it.

For old Charlie he did get measles after  
all, but unfortunately he got Bronchitis  
with it, but as you will see he was well  
nursed, + most likely his throat will be changed  
after this, as they have good, clever doctors  
in a big military hospital like that. + from  
thus Kate Byrns wrote he went to Oxford as  
he passed his exam all safe. + Cog was  
there too, as Kate wrote to him to find out  
where Charlie was, as the person who  
wrote to your Aunt Susan, said please  
let Byrns know. I think it must have  
been Cog who wrote to them in a hurry to  
let them know that Charlie was ill. But Kate  
wrote + asked him where Charlie was taken  
+ we wrote back to her from Oxford + told the  
name of the hospital. I am glad that they  
will be together there + that Charlie wont be  
among strangers. I think Kate said that  
me of the other boys get in Cors if so  
there will be three of them together.

So you + father as alone together will

Garcia
