BRUNGLE, N.S.W.

Dear Sir,

I am pleased to advise you that our special representative, Mr. S. D. Phillips expects to call upon you in the course of the next week or two, and I know that you will be interested to hear from him the fullest particulars regarding this Graziers' movement for a much needed reform in the meat industry.

I want you to clearly understand that Mr. Phillips' duty is to see that you are thoroughly conversant with the full aims and objects of this movement and I would appreciate your endeavouring to make a firm appointment with him should he phone you. I ask this favour because it is so essential that he should interview every man in your district at the earliest possible moment.

Thanking you,

I am,

Yours faithfully,

A. G. Noble
Secretary.
