Letter from the Editor...

So, how are you all??

I trust that you all had a great break, and that you all got all of your assignments done and that your rested and looking forward to the last 8 weeks of the university year.

I know that I didn't get as much work done for uni as I wanted to, although I did get to make most of my kayak, got a weeks work and went on the Advanced Hike for TAFE. (As part of the CERT IV component of my degree. see the photo of me below!)

Other than a slight flu and a sprained right ankle from finding a hole in the lawn on the city campus after October fest last Friday night - I'm doing great! (yep its been a slow news week!)

Unfortunately, I don't have that much for you this fortnight... something about people not sending in material. So in the nicest possible way I'm begging you all, **PLEASE PLEASE PLEASE** send me some **ARTICLES!!** All I ever get is stuff from the parkies!! I'm sure that they are not the **ONLY** people out there who are doing things, so why isn't the magazine inbox full of **reports, jokes, comments, stories and photo's!!**

Talking of apathy, **DID YOU KNOW** that the uni bar is going to be closed soon? (Or so I've head through the grape-vine). This is going to happen because no one is showing up on Wednesdays!!! So if you want to get in there and have a few drinks for past times sake, I know that it'll be served to you by the best staff in Albury - and the prices are great! Come on guys - its not hard to pop in and as I've said it's a great place to pop in and meet up with mates, and have a few brews before you go out. So start showing up - we're looking of ideas to attract people to the bar - maybe Beeringo (Bingo where you win beer) or a pool comp?? if you've got a good one, just let the bar staff know! And if you can find a place that is cheaper than the uni bar, and as good as the uni bar - let me know - because if it closes, I'm going to be looking for a new watering hole. (and I don't want to cause there are those really nice new tables and benches there!!!!)

On a totally different note - **is there any one who wants to help with VELOCITY next year??** It's a fun job - you know what's going on in the uni, you can work from home AND you only have to do a few hours each fortnight. I'm looking for some assistance because I'm going to Canada for the first semester next year and although I'll be able to get some work done over there - it'd be awesome to have someone who is back here to see that it all runs smoothly. If you're interested email me at CSUVelocityMagazine@gmail.com

And for everyone out there who wants to get in and have a say on any topic that takes your fancy - type it up, make it look pretty, and email it through to the magazine! (I'm always looking for new material!)

Orientation Leaders 2008

We need more leaders

Do you want to help out during Orientation Week?

Orientation Leaders assist and support the Orientation Co-ordinator to bring about a successful orientation week. You will work as part of a team and provide essential information and guidance to new students during the orientation program 2008.

If you are interested contact **Kerry Read**, Located @ The Shed on Albury Campus, email: kread@csu.edu.au, phone: (02) 60516764.

Have you got Talent?

CSU is currently looking for suitable talent to **perform the musical interlude at the 2008 Graduation ceremonies at Albury**. The Graduation ceremonies will be held on April 23 & 24, 2008.

If you have a musical talent - be it singing, playing an instrument, performing in a duo/trio or ensemble - and would like to be part of the auditions please get in contact via email: rstephens@csu.edu.au or phone: (02) 69332044 (or internal ext 32044) to obtain more details.

HOT TIP!

If you're a busy person like I am, put a nice quote at the bottom of your emails, such as this one:

*"I can't please everyone all the time,
today is not your day.*

Tomorrow isn't looking all that good either!" At least you'll get a laugh out of it!

As I make the time to cope with my correspondence, (my problem is that I cant spel) I have this one:

"This mail is a natural hand made product. The slight variations in spelling and grammar enhance its individual character and beauty and in no way are to be considered flaws or defects"

Sven.
