Dear Father

This is in haste. John Reed will be Sunday Friday 11th with to track sheep.

All well here.

Find on going through rams will require to buy 100 merinos for next season.

Am sending you a small radish in parcel which I hope you will relish. It is grown by Tom Coppin & is the smallest he has, some of his radishes are over 18 inches long.

Had a bit of bad luck yesterday broke the crankshaft of my car which will probably put it out of commission for a month or so while I get a new crank shaft. So if you don't want travel with horses here better get yours along. Fat sheep selling up to 60⁵/- in Melbourne. Your affec son
