Dear Dame Mary,

Thank you for giving me the information we require about your portrait by William Dobell. I shall write to Mr. Waterhouse the President of the Gallery and see if we can exhibit it here.

I am sorry that the pottery aboriginal head was not picked up before now, but I saw Pheobe Price in Wagga not long after you made your offer and she told me that she was going to Sydney and would bring it back to Wagga with her. Apparently her trip has been delayed. I have now arranged for Mr. Laurie Orchard, Music Lecturer here, to call and see you during 8 hour weekend. Would you kindly give it to him to bring back to Wagga with him?

Two members of my staff are working industriously on the history of Wagga Teachers' College, and everything is going according to plan. I shall write to you again as soon as the job is completed.

With kindest regards from all your friends at
Wagga Teachers' College,

Yours sincerely,

G. L. BLAKEMORE.
Principal.
