Dear Mr Walker

Mr Campbell had taken a bad turn

last Saturday night but is much better again now Miss Jean is here with him. Came down early Sunday morning from Narrandina.

Mr Campbell does not seem to be able to get rid of his cough yet it is to be hoped that the warm weather will shift it. He is not allowed to go out when it is cold the weather at present is very cold. which is also bad shearing weather.

We have made a start at the shearing with a full board of good shearers. the sheep are cutting good fleeces we are shearing the Long Plain sheep.

Your brand came along last mail. As the mail is waiting I must close with kind regards to your Mother & self both of whom I hope are well.

Yours sincerely
J. Reid
