MURRUMBIDGEE COUNTY COUNCIL, CHAIRMAN'S PAPERS (1963-1968)

The present collection of papers was found in the desk in the Chairman's Office at the Murrumbidgee County Council's Leeton headquarters in March 1988.

They were retained by the Council's foundation Chairman, Cr O.J. Washington of Leeton. Cr Washington served successive terms from 19~~7~~<sup>6</sup>3 until he lost local government office in the 1968 elections. During this period the County Council Chairman was chief executive of the undertaking. From the beginning of 1969 the MCC adopted a corporate management structure.

Much of the interest of the collection lies in the extensive annotations Cr Washington made to his copies of the Business Papers for Council meetings: jotting down ideas, arguments, and costings. These annotations provide revealing glimpses into the thinking of an official who otherwise put very little on paper.
