Dear Mr. Campbell!

What am I to say  
to you for your generosity to  
me? You are too kind, when the  
touch is so simple, & you are  
so being receptive - Thank you  
tho' for the thought it expresses.  
Also I appreciate fully you  
writing to me personally. I  
don't know any man, who  
likes letter writing -

You will find in your  
daily experience, in connection  
with your business, that as

thought is united to God, and  
you declare, and realize your  
own individual at-onement  
with the One ever-present, ever-  
operative Mind, that the feeling  
of responsibility, will drop  
away, & you will recognize  
Love's Law manifesting itself  
in perfect harmony - This is the  
Father's business, in which you  
are always at work, and into  
this true busi-ness of thought  
no claim of error can find  
lodgment, either as a discordant  
person, or thing - "Error excludes  
itself from harmony" & "Truth is  
the gateway to harmony" (S.T.H.)  
All is well - and so are you!!  
Kindest thought: D. Mildred Thompson
