My dear Walter

31<sup>st</sup> Aug. 26

Thanks for your letter of last week by which I note you are getting good grass & plenty of rain. I returned here last night & now feel better after 3 weeks at the private Hospital at Grand Barradero, tho' not yet quite recovered. We never can tell how long we have to live, & therefore as I might feel ought to resign my billet as Manager here, I would like to feel you would take my <sup>place</sup> with Sobu Reid beneath you. I think you are quite able to do my banking work, if you have some confidential man you can lean at Bungle, like Inat French to look after it, in your short absences.

Should you want an unmarried man I would bring back Reid before your notice, tho' probably you have a good man in your mind's eye.

Circuit has a machine called "Langel" which does deadly work & is made in Melbourne & costs about £120 at about 9. barrow. We shall finish drawing about once more on the 31<sup>st</sup> of Sept with

about 1050 sales of Wool. Don't return the

Notes later With love from your aff

Father - F. Campbell
