My dear Walter

Thanks for your letter of the 19th Dec. & also for your present of a Pen, & for all your good wishes. ^{Just will get, I see.} How did Barbara do? We know how a wind from the South for the last four days, & consequently beautiful weather.

You say Peter's Strama sails on the 9th of Jan. then it should be the "Grama" - 2000 tons. I'm very firm has been in since that production. Some comments are being made.

We have had no thunderstorms for the last 3 weeks. How are your rabbits getting on?

We have none, but Polyona has plenty. Use plenty of carbon. I have been a trading today with milk & am tired & sleepy. I suppose should be home by this time.

I have James coming as a Governor on the 4 Dec. He used to be a Mr.

With love to you & Beth
